This insurance has been designed to provide financial help for a Member when a covered loss occurs. This plan has chosen benefits provided by a Group Policy issued by Nippon Life Insurance Company of America. To the extent that benefits are provided by that Group Policy, the administration and payment of claims will be done by the Company, as an insurer.

Member rights and benefits are determined by the provisions of the Group Policy. This booklet-certificate briefly describes those rights and benefits. It outlines what the Member must do to be insured. It explains how to file claims. It is the Member's booklet-certificate while they are insured.

THIS BOOKLET-CERTIFICATE REPLACES ANY PRIOR BOOKLET-CERTIFICATE THE MEMBER MAY HAVE RECEIVED. If the Member has any questions about this new booklet-certificate, please contact the Policyholder. In the event of future changes to the Member's coverage, he or she will be provided with a new booklet-certificate or a booklet-certificate rider.

If the Member has an electronic booklet-certificate, paper copies of this booklet-certificate are also available. Please contact the Policyholder to request a paper copy.

PLEASE READ THIS BOOKLET-CERTIFICATE CAREFULLY. The Company suggests starting with a review of the terms listed in the DEFINITIONS section. The meanings of these terms will help the Member understand the insurance.

The group insurance policy and the Member's coverage under the Group Policy may be discontinued or altered by the Policyholder or the Company at any time without the Member's consent.

MEDICAL BENEFITS MAY BE REDUCED IF THE UTILIZATION MANAGEMENT REQUIREMENTS DESCRIBED IN THIS BOOKLET-CERTIFICATE ARE NOT FOLLOWED. PLEASE CALL THE TOLL-FREE NUMBER SHOWN ON THE ID CARD ON ANY BUSINESS DAY OR SEE THE POLICYHOLDER FOR THE TOLL-FREE NUMBER WITH ANY QUESTIONS.

The insurance provided in this booklet-certificate is subject to the laws of the state of Tennessee.

CONTROLLING HEALTH CARE COSTS

Making choices about health care can sometimes be difficult. When seeking health care, take the same approach as for buying anything else. Ask questions. Make sure and get the most appropriate care for the condition. Use the following guidelines to be a wise health care consumer:

Practice Good Health Habits. Staying healthy is the best way to control medical costs. Eat a balanced diet, exercise regularly, and get enough sleep. Learn how to handle stress. Stop smoking and avoid excessive use of alcohol.

See a Doctor Early. Don't let a minor problem become a major one. This makes treatment more difficult and expensive.

Make Sure Surgery is Needed. If a second opinion program is included, get one if unsure about the surgery. If surgery is needed, ask about same day surgery. Many procedures can be performed safely without a Hospital stay. Have these surgeries as an outpatient or at a place other than a Hospital and go home the same day.

Use Outpatient Services for X-ray or Laboratory Tests. Outpatient preadmission and diagnostic tests can save costly room and board charges.

Compare Prescription Drug Prices. Discuss the use of generic drugs with the doctor or pharmacist. Generic drugs are often cheaper than brand name drugs for the same quality.

Consider Hospital Stay Alternatives. Home Health Care, Skilled Nursing Facilities, and Hospice Care services offer quality care in comfortable surroundings for less cost than staying in the Hospital.

Review Medical Bills Carefully. Make sure all charges are understood and bills received are only for services received. Keep medical records up-to-date.

Talk to the Doctor. Discuss the need for treatment with the doctor. To make wise health care decisions, understand the treatment and any risks or complications involved. Ask about treatment costs too. With today's health care costs, the doctor will understand concerns about medical expenses.

Be a wise health care consumer. Review benefits carefully so informed health care decisions can be made. Help control health care costs while getting the most this health care coverage has to offer.

SUMMARY OF BENEFITS **(Effective January 1, 2023)**

COMPREHENSIVE MEDICAL EXPENSE INSURANCE

This section highlights the benefits provided under this insurance. The purpose is to give the Insured Person quick access to the information he or she will most often want to review. **Please read the other sections of this booklet-certificate for a more detailed explanation of benefits and any limitations or restrictions that might apply.**

If an Insured Person is sick or injured, Scheduled Benefits then in force will be payable for Covered Charges. Scheduled Benefits are based on the Member's class:

Class	Scheduled Benefit
All Members and their Dependents	Comprehensive Medical, Prescription Drugs and Mail Service Prescription Drugs

PREFERRED PROVIDER ORGANIZATION (PPO)

The Policyholder participates in a Preferred Provider Organization (PPO) network established and administered by the PPO shown on the Insured Person's identification card.

Preferred Provider Organization networks are arrangements whereby Hospitals, Physicians, and other providers are contracted to furnish, at negotiated costs, medical care for Members of participating Policyholders.

It is expected that the Policyholder's participation in the PPO will result in significant savings of funds needed to maintain the Member's coverage. These savings are to be passed on to the Member in the form of higher benefits payable for covered services received by Insured Persons from Preferred Providers.

Please note that the Policyholder's participation in the PPO network does not mean that the Insured Person's choice of provider will be restricted. The Insured Person may still seek needed medical care from any Hospital, Physician, or other provider. However, in order to avoid higher charges and reduced benefit payments, the Insured Person is urged to obtain such care from Preferred Providers whenever possible.

The Company has the right to terminate the PPO portion of this coverage if the Company or the PPO terminates the arrangement.

The Company also has the right to identify different Preferred Provider Organizations from time to time, and to terminate the designation of any Preferred Provider at any time.

A current listing of the participating Hospitals, Physicians, and other providers is available through an on-line Preferred Provider directory. By accessing the Nippon Life Insurance Company of America website at www.nipponlifebenefits.com, the Insured Person can review Preferred Provider directories for the PPO Network. If the Insured Person does not have internet access, the Insured Person can call the number on the Insured Person's ID card. The Company recommends that the Insured Person (1) verify his or her provider's participation in the network before seeking treatment; and (2) confirm the provider's PPO participation when making an appointment.

MEDICAL CARE COVERED CHARGES

Benefits payable will be based on four Categories of medical care services as described below. See page NBM 5402 A PPO for a full description of Covered Charges.

COPAY AMOUNTS

Copays cannot be used to satisfy the individual or family Calendar Year Deductible maximums and will continue to apply after the Calendar Year Deductible has been satisfied.

In addition, the Copay provision does not apply to charges incurred for MRIs, CATs, SPECTs, PETs and other similar imaging tests. These charges are subject to the Calendar Year Deductible.

DEDUCTIBLE AMOUNTS

- * The Insured Person pays a single \$1,000 per individual Deductible each Calendar Year (or \$2,000 per family, but not counting more than \$1,000 for any one Insured Person). After the Deductible is satisfied, the Company will pay Covered Charges at the rate of payment shown above.

Covered Charges used to satisfy the individual and family maximum Calendar Year Deductibles that apply when care is received from PPO Providers will be used to satisfy the individual and family maximums that apply when care is received from Non-PPO Providers and vice versa.

OUT-OF-POCKET EXPENSE LIMITS (for each Calendar Year):

	<u>PPO Providers</u>	<u>Non-PPO Providers</u>
Per Person.....	\$2,000	\$4,000
Per Family.....	\$4,000	\$8,000

- Covered Charges used to satisfy the Out-of-Pocket Expense Limits that apply when care is received from a PPO Provider or Member Pharmacy will not be used to satisfy the Out-of-Pocket Expense Limits that apply when care is received from a Non-PPO Provider and vice versa.
- If the amount the Insured Person pays for Covered Charges in any one Calendar Year reaches the Out-of-Pocket Expense Limit shown above, the Company will pay 100% of additional Covered Charges.
- The Out-of-Pocket Expense Limit for PPO Providers applied to any individual Insured Person under family coverage will exceed \$9,100.

The following charges will not count toward satisfaction of the Comprehensive Medical Out-of-Pocket Expense Limits:

- Treatment or Service for which no benefits are payable because a medical necessity review determines the Treatment or Service in whole or in part is not a Covered Charge;
- If a generic equivalent is available and the Insured Person chooses a Preferred or non-Preferred Brand Name Drug, the difference between the Generic Drug price and the Preferred or non-Preferred Brand Name Drug price.

The following exceptions apply to the Benefits Payable provisions described above:

- For medical care received from PPO Providers and Non-PPO Providers: Hospital Inpatient Confinement Charges and charges for services provided in an inpatient confinement facility or selected outpatient procedures, are subject to Utilization Management Requirements. **See page NBM 5407 CC for a complete description of the Utilization Management Program.**
- For Mental Health, Behavioral, Alcohol or Drug Abuse Treatment Services, **see page NBM 5402 B for a complete description of the benefits payable for these services.**
- For payment conditions applicable to Transplant Services, see page NBM 5402 C PPO.
- For payment conditions applicable to Emergency Services, see page NBM 5402 D.
- For payment conditions applicable to Gene-Based, Cellular And Other Innovative Therapies (GCIT), see page NBM 5402 F.
- For payment conditions applicable to Outpatient X-Ray and Outpatient Laboratory Services, see page NBM 5402 G PPO.
- For payment conditions applicable to Emergency Room Services, see page NBM 5402 H PPO.

If the Insured Person is referred to another provider, the Insured Person should verify with the Physician that the referral is for a PPO Provider. If that provider is not a PPO Provider, the level of benefits for Non-PPO Providers will apply.

BENEFIT MAXIMUMS

As described below, there are other Maximum Payment Limits applicable to certain medical Treatments and Services, including, but not limited to the Treatments and Services listed below.

Home Health Care.....	100 visits per Insured Person/per Calendar Year
Skilled Nursing Facility Care.....	120 days for all confinements resulting from the same sickness or injury.

The Insured Person's Responsibilities

The Insured Person's medical ID card includes a toll-free telephone number to call for Precertification. Follow all of the requirements described on page NBM 5407 CC -- Utilization Management Program or the Insured Person's benefits will be reduced.

See page NBM 5146 for important claim procedures information on filing medical claims.

Prior approval is also required for certain other services, including, but not limited to Skilled Nursing Facility Care.

Refer to the Description of Benefits section for specific details on the preapproval requirements for these services.

PRESCRIPTION DRUGS

Benefits Payable

For each prescription and each refill:

- For generic and single source contraceptives for women 100% of Covered Charges.
- For all others 100% of Covered Charges in excess of the Copay amount.

If the Insured Person uses a Nonmember Pharmacy, he or she must pay for the full cost of the Prescription Drugs when dispensed and then submit a claim form to the Company to request reimbursement. Benefits payable for Prescription Drugs dispensed at a Nonmember Pharmacy will be reimbursed up to an amount determined by the Company less the Copay amount

Copay Amount

For each prescription and each refill:

For generic and single source contraceptives for women \$0

For all others:

- For Tier 1 Generic Prescription Drugs (including selected Preferred Brand Name Prescription Drugs)..... \$15
- For Tier 2 Preferred Brand Name Prescription Drugs..... \$30
- For Tier 3 Non-Preferred Prescription Drugs \$50

Copay amounts for prescriptions will apply towards satisfaction of the Comprehensive Medical Out-of-Pocket Expense Limits.

Each prescription and each refill will be filled with a Generic Prescription Drug if there is a generic equivalent available. If the Physician specifies that the medication must be a Preferred or non-Preferred Brand Name Drug and has indicated "Dispense as Written" on the prescription, benefits will be payable based on the Preferred or non-Preferred Brand Name Drug price after payment of the Preferred or non-Preferred Brand Name Drug Copay (whichever is applicable). If a generic equivalent is available, and the Insured Person chooses a Preferred or non-Preferred Brand Name Drug, the Insured Person will pay the difference between the Generic Drug price and the Preferred or non-Preferred Brand Name Drug price, in addition to the Generic Drug Copay. If a generic equivalent is available and the Insured Person chooses a Preferred or non-Preferred Brand Name Drug, the difference between the Generic Drug price and the Preferred or non-Preferred Brand Name Drug price will not apply toward satisfaction of the Out-of-Pocket Expense Limits. If there is no generic equivalent available and a Preferred or non-Preferred Brand Name Drug is dispensed, the Preferred Brand Name Drug Copay or the non-Preferred Brand Name Drug Copay, whichever is applicable, will apply.

The Member and the Policyholder can locate the most current Drug Formularies (Preferred Drug List) at the following web address: www.NipponLifeBenefits.com. Generally, the drug cost is significantly lower when a Preferred Brand Name Prescription Drug is used by an Insured Person.

See page NBM 5424 for a complete description of Prescription Drugs Expense Insurance.

BOOKLET-CERTIFICATE RIDER

This Nippon Life Insurance Company of America Rider complies with the ‘No Surprises Act’ (42 U.S.C.A § 300gg-111 and its implementing regulations). Except as specifically provided herein, this Rider is subject to all of the terms, provisions, definitions, and limitations of the Group Policy.

Consolidated Appropriations Act Nippon Life Insurance Company of America

As described in this Rider, the Group Policy is modified as stated below to comply with the applicable provisions of the *Consolidated Appropriations Act (the “Act”)* (P.L. 116-260). This Rider reflects requirements of the Act; however, these requirements do not preempt applicable state law to the extent it is a “Specified State Law” as defined in 42 U.S.C.A. § 300gg-111(a)(3)(I).

Because this Rider is part of a legal document (the Group Policy), the Company wants to give Insured Persons information about the document that will help Insured Persons understand it. Certain capitalized words have special meanings. We have defined these words in booklet-certificate form NBM 5136 and in the Definitions section below.

I. No Surprises Act

Under the *No Surprises Act* Insured Persons are protected from surprise medical bills for Emergency Services, Air Ambulance Services furnished by Nonparticipating Providers, and Non-Emergency Services furnished by Nonparticipating Providers at Participating Facilities in certain circumstances. The accompanying regulations to the *No Surprises Act* require Emergency Services to be covered without any Precertification, without regard to whether the health care provider furnishing the Emergency Services is a Participating Provider or a Participating Emergency Facility with respect to the services, and without regard to any other term or condition of the Group Policy other than the exclusion or coordination of benefits, permitted affiliation, or Waiting Period.

Definitions Applicable to the No Surprises Act

Air Ambulance Service means medical transport by a rotary wing air ambulance or fixed wing air ambulance, as defined in 42 CFR 414.605 respectfully, for patients.

Ancillary Services mean Treatment or Services provided by out-of-network Physicians at a network facility that are any of the following:

- related to emergency medicine, anesthesiology, pathology, radiology, and neonatology;
- provided by assistant surgeons, hospitalists, and intensivists;
- diagnostic services, including radiology and laboratory services, unless such Treatment or Services are excluded from the definition of Ancillary Services as determined by the Secretary (as that term is applied in the Act).

Cost-Sharing means the amount an Insured Person is responsible for paying for a Covered Charge under the terms of the Group Policy, including Copayments, coinsurance and amounts paid towards Deductibles, but does not include amounts paid towards premiums.

Emergency Medical Condition means a medical condition, including a mental health condition or substance use disorder, manifesting itself by acute symptoms of sufficient severity such that a prudent layperson, who possesses an average knowledge of health and medicine, could reasonably expect the absence of immediate medical attention to result in: a) a condition where the health of the individual, or with respect to a pregnant woman the health of the woman or her unborn child, in serious jeopardy, b) a serious impairment to bodily functions, or c) a serious dysfunction of any bodily organ or part.

Emergency Services or Emergency Health Care Services mean the following Treatment or Service with respect to an emergency:

- A medical screening exam (as required under section 1867 of the Social Security Act or as would be required under such section if such section applied to an Independent Freestanding Emergency Department) that is within the capability of the emergency department of a Hospital, or an Independent Freestanding Emergency Department, as applicable, including Ancillary Services routinely available to the emergency department to evaluate such emergency, and
- Such further medical exam and Treatment or Service, to the extent they are within the capabilities of the staff and facilities available at the Hospital or an Independent Freestanding Emergency Department, as applicable, as are required under section 1867 of the Social Security Act, or as would be required under such section if such section applied to an Independent Freestanding Emergency Department, to Stabilize the patient regardless of the department of the Hospital in which such further exam or Treatment or Service is provided.
- Services otherwise covered under the Group Policy when provided by an out-of-network provider or facility (regardless of the department of the Hospital in which the Treatment or Services are provided) after the patient is Stabilized and as part of outpatient observation, or an Hospital Inpatient Confinement or outpatient stay that is connected to the original emergency, unless:
 - The provider or facility, as described above, determines the patient is able to travel using nonmedical transportation or non-emergency medical transportation.
 - The provider furnishing the additional Treatment or Service satisfies the notice and consent criteria in accordance with 45 CFR 149.410.
 - The patient is in such a condition to receive information as stated the preceding bullet above and to provide informed consent in accordance with applicable law.

Health Care Facility in the context of non-emergency services means:

- a Hospital as defined in section 1861(e) of the Social Security Act;
- a Hospital outpatient department;
- a critical access Hospital as defined in section 1861 of the Social Security Act; and
- an Ambulatory Surgery Center described in section 1833(i)(1)A of the Social Security Act.

Independent Freestanding Emergency Department means a Health Care Facility that:

- is geographically separate and distinct and licensed separately from a Hospital under applicable state law; and
- provides Emergency Health Care Services.

Nonparticipating Emergency Facility means an emergency department of a Hospital, or an Independent Freestanding Emergency Department, that does not have a contractual relationship directly or indirectly with the network with respect to furnishing a Treatment or Service under the Group Policy.

Nonparticipating Provider means any Physician or other health care provider who does not have a contractual relationship directly or indirectly with the network with respect to furnishing a Treatment or Service under the Group Policy.

Out-of-Network Rate means, with respect to Surprise Medical Bills for Emergency Services, Surprise Medical Bills for Non-Emergency Services and Surprise Medical Bills for Air Ambulance Services, as defined herein, the total payment for Covered Charges furnished by a Nonparticipating Provider, Nonparticipating Emergency Facility, or Nonparticipating Provider of Air Ambulance Services. If a “Specified State Law” applies, the Out-of-Network Rate will be determined in accordance with such law. If no “Specified State Law” applies, the Out-of-Network Rate will be equal to:

- With respect to Surprise Medical Bills for Emergency Services and Surprise Medical Bills for Non-Emergency Services: the lesser of the billed amount or Qualifying Payment Amount reduced by the Insured Person’s Cost-Sharing amount. The Insured Person’s Cost-Sharing amount for this purpose is based on the Recognized Amount, as defined herein.
- With respect to Surprise Medical Bills for Air Ambulance Services: the lesser of the billed amount or Qualifying Payment Amount reduced by the Insured Person’s Cost-Sharing amount. The Insured Person’s Cost-Sharing amount, for this purpose, is as specified herein under the section captioned “Surprise Medical Bills for Air Ambulance Services”.

Participating Emergency Facility means any emergency department of a Hospital, or an Independent Freestanding Emergency Department, that has a contractual relationship directly or indirectly with the network setting forth the terms and condition on which a relevant Treatment or Service is provided to an Insured Person under the Group Policy. A single case agreement between an emergency facility to address unique situation in which an Insured Person requires services that typically occur out-of-network constitutes a contractual relationship for purposes of this definition, and is limited to the parties to the agreement.

Participating Health Care Facility means any Health Care Facility that has a contractual relationship directly or indirectly with the network of the Group Policy setting forth the terms and condition on which a relevant Treatment or Service is provided to an Insured Person under the Group Policy. A single case agreement between an emergency facility to address unique situation in which an Insured Person requires services that typically occur out-of-network constitutes a contractual relationship for purposes of this definition, and is limited to the parties to the agreement.

Participating Provider means any Physician or other health care provider who has a contractual relationship directly or indirectly with the network of the Group Policy setting forth the terms and condition on which a relevant Treatment or Service is provided to an Insured Person under the Group Policy.

Qualifying Payment Amount has the meaning prescribed by 45 CFR 149.140.

Recognized Amount means the amount which an Insured Person's Cost-Sharing is based on for the below Treatment or Service when provided by out-of-network providers:

- Out-of-network Emergency Health Care Services.
- Non-emergency health care services received at certain network facilities by out-of-network Physicians, when such services are either Ancillary Services, or non-ancillary services that have not satisfied the notice and consent criteria of section 2799B-2(d) of the Public Service Act. For the purpose of this provision, "certain network facilities" are limited to a Hospital (as defined in 1861(e) of the Social Security Act), a Hospital outpatient department, a critical access Hospital (as defined in 1861(mm)(1) of the Social Security Act), an Ambulatory Surgery Center described in section 1833(i)(1)(A) of the Social Security Act, and any other facility specified by the Secretary.

The amount is based on one of the following:

- an applicable Specified State Law,
- an All Payer Model Agreement if adopted, or
- in a state that does not have in effect an applicable Specified State Law, the lesser of:
 - the amount that is the Qualifying Payment Amount as determined under applicable law. The Qualifying Payment Amount has the meaning given the term in 45 CFR § 149.140(a)(16); or
 - the amount billed by the provider or facility.

Specified State Law has the meaning prescribed by 42 U.S.C.A § 300gg-111(a)(3)(I).

Surprise Medical Bills for Emergency Services

Coverage for Emergency Services will be provided without the need for Precertification, even if the Treatment or Services are provided on an out-of-network basis. Coverage will also be provided without regard to whether the health care provider furnishing the Emergency Services is a Participating Provider or a Participating Emergency Facility, as applicable, with respect to the Treatment or Service.

Emergency Services provided by a Nonparticipating Provider or a Nonparticipating Facility will be covered in the following manner:

- without imposing any administrative requirement, limitation on coverage or Cost-Sharing requirements which are greater or more restrictive than those imposed on a Participating Provider or Participating Emergency Facility;
- by calculating the Cost-Sharing requirement as if the total amount that would have been charged for the Treatment or Service by such participating entity were equal to the Recognized Amount for such Treatment or Service; and
- by counting any Cost-Sharing payments made by the Insured Person with respect to the Emergency Services toward any in-network Deductible or in-network out of pocket maximums applied under the Group Policy in the same manner as if the Cost-Sharing payment were made by a Participating Provider or Participating Emergency Facility.

The total payment under the Group Policy will be equal to the Out-of-Network Rate, as defined herein.

Surprise Medical Bills for Non-Emergency Services

Coverage for Treatment or Service furnished to an Insured Person by a Nonparticipating Provider with respect to a visit to a Participating Health Care Facility will be covered as follows:

- there will be no imposition of a Cost-Sharing requirement for the Treatment or Service which are greater than the Cost-Sharing requirement that would have been applied if the Treatment or Service had been furnished by a Participating Provider;
- Cost-Sharing requirements will be calculated as if the total amount that would have been charged for the Treatment or Service by such Participating Provider were equal to the Recognized Amount for the Treatment or Service;
- a determination no later than 30 calendar days after the bill is transmitted by the provider whether the Treatment or Services are covered under the Group Policy and if the Treatment or Services are Covered Charges, send to the provider an initial payment or denial notice.
- any Cost-Sharing payment made by the Insured Person will be counted toward any in-network Deductible and in-network out-of-pocket maximums under the Group Policy in the same manner as if such Cost-Sharing payments were made with respect to the Treatment or Service furnished by a Participating Provider.

The total payment under the Group Policy will be equal to the Out-of-Network Rate, as defined herein.

Surprise Medical Bills for Air Ambulance Services

Coverage for Insured Persons from Treatment or Service furnished by a Nonparticipating Provider of Air Ambulance Services will be covered as follows:

- the Cost-Sharing requirements with respect to the Treatment or Service will be the same requirement that would apply if the Treatment or Service was provided by a Participating Provider of Air Ambulance Services.
- the Cost-Sharing requirement will be calculated as if the total amount that would have been charged for the Treatment or Service by a Participating Provider of Air Ambulance Services were equal to the lesser of the Qualifying Payment Amount or the billed amount for the Treatment or Service.
- the Cost-Sharing amounts will be counted towards any in-network Deductible and in-network out-of-pocket maximums applied under the Group Policy in the same manner as if the Cost-Sharing payments were made with respect to Treatment or Service furnished by a Participating Provider of Air Ambulance Services.

The total payment under the Group Policy will be equal to the Out-of-Network Rate, as defined herein.

II. Dispute Resolution

Any dispute that arises as to the provision of payment for Treatment or Service as described above will be considered an Adverse Benefit Determination. Any dispute that arises regarding the provision of payment between the Company and a provider, facility or Air Ambulance Service will be resolved pursuant to the independent dispute resolution process articulated in 29 CFR §§ 2590.716-8 and 2590.717-2.

III. Continuity of Care

The Act provides that if an Insured Person is currently receiving Treatment or Service for Covered Charges from a provider whose network status changes from in-network to out-of-network during such Treatment or Service due to Termination (non-renewal or expiration) of the provider's contract, the Insured Person may be eligible to request continued care from their current provider under the same terms and conditions that would have applied prior to Termination of the provider's contract for specified conditions and timeframes.

For the purposes of this “Continuity of Care” provision the following definitions apply:

Continuing Care Patient means an individual who is:

- undergoing a course of treatment for a serious and complex condition from the provider or facility;
- is undergoing a course of institutional or inpatient care from the provider or facility;
- is scheduled to undergo non-elective surgery from the provider, including receipt of post-operative care;
- is pregnant and undergoing a course of treatment for the pregnancy from the provider or facility; or
- is determined to be terminally ill and is receiving treatment for such illness from a provider or facility.

Terminated or **Termination** means the expiration or non-renewal of a contract but does not apply to provider contracts terminated for failure to meet applicable quality standards or for fraud.

If a contractual relationship between a health care provider or facility and the network is Terminated or the benefits being provided to an Insured Person under the Group Policy is Terminated because of either a change of terms in the participation of such a provider or a loss of benefits being provided under the Group Policy; the Company will:

- notify each Insured Person, on a timely basis, who is enrolled under the Group Policy who is a Continuing Care Patient with respect to a provider or facility at the time of such Termination and the Insured Person's right to elect continued transition care from the provider or facility;
- provide the Insured Person with an opportunity to notify the Company of the Insured Person's need for transitional care; and
- permit the Insured Person to elect to continue to have benefits provided under the Group Policy, with the same terms and conditions, as would have applied and with respect to such Treatment or Service as would have been covered had such Termination not occurred, with respect to the course of treatment furnished by the provider or facility as related to the Insured Person's status as a Continuing Care Patient until the date the Insured Person is no longer a Continuing Care Patient.

IV. Provider Directories

The Act provides that if an Insured Person receives a Treatment or Service from an out-of-network provider and was informed incorrectly by the Company prior to receipt of the Treatment or Service that the provider was an in-network provider, either through the Company's database, the provider directory, or in the Company's response to an Insured Person's request for such information (via telephone, electronic, web-based or internet-based means), the Insured Person may be eligible for Cost-Sharing that would be no greater than if the Treatment or Service had been provided from an in-network provider.

All other terms, provisions, conditions, limitations, and exclusions of the Group Policy remain in full force and effect with respect to benefits and all other aspects of the insurance of the Group Policy, and are controlling with respect to this Rider unless expressly modified herein.

Nothing in this Rider will vary, alter, or extend any provision or condition of the Group Policy(ies) other than as stated in this Rider.

HOW TO BE INSURED – MEMBERS

MEDICAL EXPENSE INSURANCE

Eligibility

Persons enrolling for insurance must be a Member (as defined in page NBM 5136) who Resides in the United States.

If the person is a Member on January 1, 2023, the person will be eligible on that date.

If the person is not a Member until later, the person will be eligible on the first of the Insurance Month coinciding with or next following the date the person becomes a Member.

A person will not be eligible for insurance under the Group Policy while he or she is covered under an HMO offered by the Policyholder as an alternative insurance to the Group Policy.

Individual Incontestability and Eligibility

All statements made by any Member or Dependent will be representations and not warranties. In the absence of fraud, these statements may not be used to contest the Insured Person's insurance unless:

- the insurance has been in force for less than two years during the Insured Person's lifetime; and
- the statement is in Written form Signed by the Insured Person; and
- a copy of the form which contains the statement is given to the Insured Person or the Insured Person's beneficiary at the time insurance is contested.

However, the above will not preclude the assertion at any time of defenses based upon the person not being eligible for insurance under the Group Policy or upon other provisions of the Group Policy.

In addition, if a person's age is misstated, the Company may, at any time, adjust premiums and benefits to reflect the correct age. The Company may at any time terminate an Insured Person's eligibility under the Group Policy:

- in Writing and with 31 day notice, if the individual submits any claim that contains false or fraudulent elements under state or federal law;
- in Writing and with 31 day notice, upon finding in a civil or criminal case that an Insured Person has submitted claims that contain false or fraudulent elements under state or federal law;

- in Writing and with 31 day notice, when an Insured Person has submitted a claim which, in good faith judgment and investigation, an Insured Person knew or should have known, contains false or fraudulent elements under state or federal law.

Effective Date for Non-Contributory Insurance

Unless the Member waives coverage in Writing and is covered under another group medical policy, insurance for which the Member contributes no part of the premium will become effective on the date the Member is eligible. The Member must enroll for initial insurance in a form provided by the Company.

If enrollment for non-contributory insurance is made more than 31 days after the date a Member is eligible and other than during an Annual Open Enrollment Period or a Special Enrollment Period described below, insurance for such Member will become effective as described below for Late Enrollees.

If enrollment for non-contributory insurance is made more than 31 days after the date a Member is eligible but during an Annual Open Enrollment Period described below, insurance for such Member will become effective as described below under "Annual Open Enrollment Period".

If enrollment for non-contributory insurance is made more than 31 days after the date a Member is eligible but during a Special Enrollment Period described below, insurance for such Member will become effective as described below under "Special Enrollment Periods" (other than a "Medicaid or Child Health Insurance Program (CHIP) Special Enrollment Period").

If enrollment for non-contributory insurance is made more than 60 days after the date a Member is eligible but during a Special Enrollment Period described below, insurance for such Member will become effective as described below under "Medicaid or Child Health Insurance Program (CHIP) Special Enrollment Period".

Effective Date for Contributory Insurance

If the Member is required to contribute towards the cost of his or her insurance, the Member must enroll for initial insurance in a form provided by the Company. The insurance will become effective on:

- the date the Member is eligible, if the Member's enrollment is made within 31 days after the date he or she is eligible; or
- the first of the Insurance Month coinciding with or next following the date of the Member's enrollment, if the Member's enrollment is made within 31 days after the date he or she is eligible.

If enrollment for contributory insurance is made more than 31 days after the date a Member is eligible and other than during an Annual Open Enrollment Period or a Special Enrollment Period described below, insurance for such Member will become effective as described below for Late Enrollees.

If enrollment for contributory insurance is made more than 31 days after the date a Member is eligible but during an Annual Open Enrollment Period described below, insurance for such Member will become effective as described below under "Annual Open Enrollment Period".

If enrollment for contributory insurance is made more than 31 days after the date a Member is eligible but during a Special Enrollment Period described below, insurance for such Member will become effective as described below under "Special Enrollment Periods" (other than a "Medicaid or Child Health Insurance Program (CHIP) Special Enrollment Period").

If enrollment for contributory insurance is made more than 60 days after the date a Member is eligible but during a Special Enrollment Period described below, insurance for such Member will become effective as described below under "Medicaid or Child Health Insurance Program (CHIP) Special Enrollment Period".

Statement of Health Requirements

A statement of health, in a form provided by the Company, may be required from a Member. The statement of health will be used for rating the group, case management or reinsurance purposes. In no event will a person be declined for insurance, or charged an additional premium, due to his or her health status.

Late Enrollment Provisions

- Definition

Late Enrollee. Late Enrollee means, with respect to insurance under a Policyholder's Group Health Plan, a Member or Dependent who enrolls under such plan other than during:

- (1) the first period in which the individual is eligible to enroll under the Group Health Plan; or
- (2) a Special Enrollment Period described below.

For the purpose of (1) above, only the most recent period of eligibility will be considered in determining whether an individual is a Late Enrollee if:

- (1) the individual loses eligibility under the Group Health Plan or due to a general suspension of the Group Health Plan; and
- (2) the individual later becomes eligible again under the Group Health Plan or due to resumption of the Group Health Plan's insurance.

The term "Late Enrollee" also means a Member or Dependent who:

- (1) was previously insured under the Group Policy but elected to terminate the coverage; and
- (2) reapplies for insurance more than 31 days after the termination date; and
- (3) does not qualify for one of the Special Enrollment Periods described below.

Effective Date for Late Enrollees

If a Late Enrollee enrolls for insurance other than during an Annual Open Enrollment Period or a Special Enrollment Period, the effective date of insurance for the Late Enrollee will be the next Policy Anniversary date, provided on such date:

- (1) the Member continues to meet the Group Policy's definition of a Member; and
- (2) for Dependent insurance, the Dependents continue to meet the Group Policy's definition of Dependent.

Annual Open Enrollment Period

An Annual Open Enrollment Period will be available for any Member or Dependent who failed to enroll:

- (1) during the first period in which he or she was eligible to enroll, or during any subsequent Special Enrollment Period as described below; or
- (2) during any previous Annual Open Enrollment Period; or
- (3) within 31 days after the termination date, if the individual was previously insured under the Group Policy but elected to terminate the insurance.

To qualify for enrollment during the Annual Open Enrollment Period, the Member or Dependent:

- (1) must meet the eligibility requirements described in the Group Policy, including satisfaction of any applicable Waiting Period; and
- (2) may not be covered under an alternate medical expense coverage offered by the Policyholder, unless the Annual Open Enrollment Period happens to coincide with a separate open enrollment period established for coverage election.

The Annual Open Enrollment Period is the one-month period immediately prior to the Policy Anniversary date. The Policy Anniversary date is January 1.

The effective date for any qualified individual enrolling for insurance during the Annual Open Enrollment Period will be the day immediately following completion of the Annual Open Enrollment Period.

- **Special Enrollment Periods**

If the Member or Dependent enrolls after the first period in which the Member or Dependent were eligible to enroll but during a Special Enrollment Period as described below, the Member or Dependent will be a Special Enrollee and will not be considered a Late Enrollee.

The Special Enrollment Periods are:

- (1) Loss of Other Coverage. A Special Enrollment Period will apply to a Member or Dependent if all of the following conditions are met:
 - (i) the Member or Dependent was covered under another Group Health Plan or had other Health Insurance Coverage at the time of his or her initial eligibility, and declined enrollment solely due to the other coverage; and
 - (ii) the other coverage terminated due to loss of eligibility (including loss due to divorce or legal separation, death, cessation of Dependent status, termination of employment or reduction in work hours, when the individual no longer resides, lives or works in a service area and there is no other benefit package available under the other Group Health Plan, or when the other Group Health Plan no longer offers any benefits to a class of similarly situated individuals), or due to termination of employer contributions (or, if the other coverage was under a COBRA or state continuation provision, due to exhaustion of the continuation); and
 - (iii) enrollment is made within 31 days after the other coverage terminates.

The effective date of insurance will be the first day of the Insurance Month coinciding with or next following the date of the enrollment.

NOTE: For the purpose of (1) (ii) above:

- (i) "loss of eligibility" does not include a loss due to failure of the individual to pay premiums on a timely basis or termination of insurance for cause (such as making a fraudulent claim or an intentional misrepresentation of a material fact in connection with the health insurance); and
- (ii) "employer contributions" include contributions by any current or former employer (of the individual or another person) that was contributing to the insurance of the individual.

(2) Newly Acquired Dependents. A Special Enrollment Period will apply to the Member or Dependent if:

- (i) the Member is enrolled (or is eligible to be enrolled but failed to enroll during a previous enrollment period); and
- (ii) a person becomes the Member's Dependent through marriage, birth, adoption or Placement for Adoption; and
- (iii) enrollment is made within 31 days after the later of the date of the marriage, birth, adoption or Placement for Adoption, or the date Dependent Medical Expense Insurance is available to the Member under the Group Policy.

The effective date of the Member's or Dependent's insurance will be:

- (i) in the event of marriage, the date of marriage; or
- (ii) in the event of a Dependent Child's birth, the date of such birth; or
- (iii) in the event of a Dependent Child's adoption or Placement for Adoption, the date of such adoption or Placement for Adoption, whichever is earlier.

(3) Court-Ordered Coverage Under a Qualified Medical Child Support Order (QMCSO) or National Medical Support Notice (NMSN): A Special Enrollment Period will apply to the Member or Dependent Child if:

- (i) the Member is enrolled (or eligible to be enrolled but failed to enroll during a previous enrollment period); and
- (ii) the Member failed to enroll his or her Dependent Child during a previous enrollment period; and
- (iii) the Member is required by a QMCSO or NMSN as defined by federal law and state insurance laws to provide health coverage for his or her Dependent Child.

The enrollment:

- (i) may be made at any time after the issue date of the QMCSO or NMSN; and
- (ii) will apply only to the Member and/or Dependent Child(ren) listed in the QMCSO or NMSN.

The effective date of the Member's or Dependent Child's insurance will be the first of the Insurance Month coinciding with or next following the date of the enrollment.

An enrollment for any Dependent not listed in the QMCSO or NMSN will be subject to the regular effective date provisions of the Group Policy.

A copy of the procedures governing qualified medical child support orders (QMCSO) can be obtained from the plan administrator without charge.

- (4) All Other Court-Ordered Coverage. A Special Enrollment Period will apply to the Member, the Member's spouse or Dependent Child if:
- (i) the Member is enrolled but failed to enroll the spouse or Dependent Child during a previous enrollment period; and
 - (ii) the Member is required by a court or administrative order to provide health insurance for the spouse or Dependent Child; and
 - (iii) enrollment is made within 31 days after the issue date of the court or administrative order.

The effective date of the Member's, the spouse's or Dependent Child's insurance will be the first of the Insurance Month coinciding with or next following the date of the enrollment.

- (5) Medicaid or Child Health Insurance Program (CHIP) Plan. A Special Enrollment Period will apply to a Member and Dependents if either of the following conditions is met:
- (i) the Member or Dependent is covered under a Medicaid or CHIP plan and coverage is terminated as a result of the loss of eligibility for Medicaid or CHIP coverage and request for enrollment is made within 60 days after the date coverage is terminated; or
 - (ii) the Member or Dependent becomes eligible for premium assistance under Medicaid or CHIP to purchase coverage under the Group Policy and request for enrollment is made within 60 days after the date eligibility for premium assistance is determined.

The effective date of insurance will be the first of the Insurance Month coinciding with or next following the date of the request for enrollment.

Effective Date for Benefit Changes

A change in the Member's Scheduled Benefit amount because of a change in his or her status (insurance class) will be effective on the first of the Insurance Month coinciding with or next following the date of change in status.

A change in the Scheduled Benefits because of a change in the schedule of insurance elected by the Policyholder will be effective on the date of change.

Termination

Unless continued as provided below or on page NBM 5117 A, NBM 5117 B, NBM 5117 C, and NBM 5117 D, a Member's insurance under the Group Policy will cease on the earliest of:

- the date the Group Policy terminates; or
- for contributory insurance, the end of the Insurance Month, if requested by the Member before that date; or
- the end of the Insurance Month in which the Member ceases to belong to a class for which insurance is provided; or
- the end of the Insurance Month in which the Member ceases to be a Member; or
- the end of the Insurance Month in which the Member ceases to be actively employed; or
- the date the Member transfers to an HMO offered by the Policyholder as an alternative to coverage under the Group Policy.

Termination of Insurance While Outside of the United States

If the Member is outside the United States for more than six consecutive months, his or her insurance will automatically terminate. However, the Member will continue to be eligible for benefits provided under the Group Policy if the Member is temporarily outside of the United States for a period of six months or less.

Continuation

If the Member ceases to be actively employed because of his or her sickness or injury, the Member's Medical Expense Insurance may be continued until the earlier of the date the Member returns to active employment, or the date insurance would otherwise terminate as described above, but in no event longer than six consecutive months.

If the Member ceases to be actively employed because of layoff or leave of absence, insurance may be continued on a limited basis, but in no event longer than one month.

If coverage under the Group Policy is continued under either COBRA or a state continuation mandate, this continuation coverage provided will run concurrently with the COBRA or state continuation.

The Member's coverage may also be continued by paying the required contribution, if any, under the continuation provisions described on page NBM 5117 A, NBM 5117 B, NBM 5117 C and NBM 5117 D.

All continuation provisions may run concurrently.

If the Member is interested in continuing his or her insurance beyond the date it would normally terminate, the Member should consult with the Policyholder before his or her insurance terminates.

Contact the Policyholder with reinstatement questions.

HOW TO BE INSURED - DEPENDENTS

MEDICAL EXPENSE INSURANCE

Eligibility

A Member's spouse must Reside in the United States to be eligible for Dependent Medical Expense Insurance.

A Member will be eligible for Dependent insurance on the latest of:

- the date the Member is eligible for Member insurance; or
- the date the Member enters a class for which Dependent insurance is provided; or
- the date the Member first acquires a Dependent.

Effective Date

Dependent insurance is available only with respect to Dependents of Members currently insured for Member insurance. If a Member is eligible for Dependent insurance, such insurance will become effective under the same terms as described earlier for Member insurance, except any required statement of health will be with respect to the health of the Member's Dependents.

If Dependent insurance is then in effect for any other Dependent, a new Dependent will be insured on the date acquired. Enrollment for insurance is not required provided the Company is notified of the new Dependent within 31 days after the date the Dependent is acquired. With respect to medical benefits for a newborn or newly adopted Dependent Child, effective date provisions are modified as described below.

Insurance for a Newborn or Newly Adopted Child

A newborn child will be insured for medical benefits from the moment of birth provided the child meets the Group Policy's definition of a Dependent Child. A newly adopted child will be covered for medical benefits on the date of adoption or Placement for Adoption (whichever is earlier), provided the child meets the Group Policy's definition of a Dependent Child. Any applicable prior application or first of the Insurance Month provisions will be waived with respect to such child.

However, if the Member is required to contribute toward the cost of the Dependent insurance, the Member must notify the Company within 31 days after the date of birth, adoption or Placement for Adoption, in order to continue the child's insurance beyond the 31-day period. If such notice is not given to the Company within the 31 day period, the child will be subject to the Late Enrollment provisions. If the Member's enrollment is a result of a QMCSO or NMSN, the child will not be a Late Enrollee and is eligible for a Special Enrollment Period as described on page NBM 5115 O.

If the child's insurance terminates because the Member fails to request insurance (or pay the required contribution) within the 31 day period following the child's date of birth, adoption or Placement for Adoption, benefits will be payable only for covered expenses incurred by the child during the 31 day period in which insurance was in force. The Individual Purchase Rights will not apply to the child.

Individual Incontestability and Eligibility

A Member's Dependents will be subject to the Individual Incontestability and Eligibility as described earlier for Member insurance.

Termination

Unless continued as provided on page NBM 5117 A, NBM 5117 B, NBM 5117 C and NBM 5117 D:

- Insurance for all of the Member's Dependents will terminate on the earliest of:
 - the end of the Insurance Month in which the Member ceases to belong to a class for which Dependent insurance is provided; or
 - the date Dependent coverage is removed from the Group Policy; or
 - the date the Member's insurance ceases; or
 - the end of the Insurance Month in which the last premium is paid for the Member's Dependent Medical Expense Insurance.
- Insurance for any one Dependent will terminate on the earlier of:
 - the last day of the Insurance Month in which he or she ceases to be the Member's Dependent; or
 - for contributory insurance, the end of the Insurance Month desired, if requested by the Member before that date.

Notwithstanding the above, insurance will terminate on the last day of the calendar month in which the Member's Dependent Child turns age 26.

However, insurance will be continued beyond the maximum age for a Dependent Child who is incapable of self-support because of a Developmental Disability or Physical Handicap and is dependent on the Member for primary support. The Member must apply for this continuation within 31 days after the child reaches the maximum age.

Termination of Insurance While Outside of the United States

A Member's Dependents will be terminated under the same terms in the Termination of Insurance While Outside of the United States provisions as described on page NBM 5115 O for the Member's insurance.

Continuation

In addition, under certain conditions, the Member's Dependent Medical Expense Insurance may be continued after the date it would normally terminate.

See the continuation provisions described on page NBM 5117 A, NBM 5117 B, NBM 5117 C and NBM 5117 D.

Contact the Policyholder with reinstatement questions.

DESCRIPTION OF BENEFITS MEDICAL EXPENSE INSURANCE

GENERAL PROVISIONS

Payment Conditions

If an Insured Person receives Treatment or Service for a sickness or injury, the Company will pay Comprehensive Medical benefits for Covered Charges:

- in excess of the Deductible or Copay amount; and
- at the payment percentages indicated; and
- to the applicable Maximum Payment Limit;

as described in Summary of Benefits section, page NBM 5102 PPO.

Benefit Qualification

To qualify for payment of the benefits provided, for an insured class, the Insured Person must:

- be insured in that class on the date medical Treatment or Service is received; and
- satisfy the requirements listed in the CLAIM PROCEDURES section, page NBM 5146.

Benefits Payable

Benefits payable will be as described in this booklet-certificate, subject to:

- all listed terms, conditions and limitations; and
- the terms, conditions and limitations of Utilization Management Program, Coordination With Other Benefits, Integration With Medicare and Subrogation and Reimbursement.

Benefits Payable – Required by Federal Law

Subject to the benefits payable provisions as described above, benefits will be payable for:

- Newborns' and Mothers' Health Protection Act of 1996

Under Federal Law, Group Health Plans generally may not restrict benefits for any Hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a cesarean section. However, Federal law generally does not prohibit the mother's or newborn's Physician, after consulting with the mother, from discharging the mother or her newborn earlier than 48 hours (or 96 hours as applicable). In any case, a Group Health Plan may not, under Federal law, require that a provider obtain authorization from the Group Health Plan for prescribing a length of stay not in excess of 48 hours (or 96 hours).

See "Maternity Coverage" under Benefits Payable - State-Required - Tennessee below for description of how benefits will be payable under the Group Policy.

- Pediatric Vaccines

Covered Charges will include the cost of Pediatric Vaccines administered to a Dependent Child from birth through 18 years of age.

Pediatric Vaccines mean those vaccines shown on the list established and periodically reviewed by the Advisory Committee on Immunization Practices as referenced by Section 1928 of Title 19 of the Social Security Act or such other list of vaccines as mandated by other Federal or State laws that are applicable to the Group Policy.

Benefits for Pediatric Vaccines will be paid at 100% of Prevailing Charges and no Deductible or Copay will be applied.

- Women's Health and Cancer Rights Act of 1998

Under Federal law, group health plans and health insurance issuers providing benefits for mastectomy must also provide, in connection with the mastectomy for which the Insured Person is receiving benefits, coverage for:

- all stages of reconstruction of the breast on which the mastectomy has been performed, including nipple and areola reconstruction as well as nipple and areola repigmentation to restore the physical appearance of the breast;
- surgery and reconstruction of the other breast to produce a symmetrical appearance; and
- prostheses and physical complications of mastectomy, including lymphedemas;

in a manner determined in consultation between the attending Physician and the Insured Person.

Also see “Reconstructive Surgery After Mastectomy” under Benefits Payable – State Required – Tennessee below.

- **Preventive Health and Wellness Services**

Preventive Health and Wellness Services from PPO Providers will be covered in accordance with guidelines from the following organizations:

- U.S. Preventive Services Task Force;
- Health Resources and Services Administration; and
- Advisory Committee on Immunization Practices of the Centers for Disease Control and Prevention.

Preventive Health and Wellness Services can be found at: www.healthcare.gov/.

Preventive Health and Wellness Services from PPO Providers will be payable at 100% and no Deductible or Copay will apply. Benefits for Preventive Health and Wellness Services are not payable when received from Non-PPO Providers.

The Company may use reasonable medical management techniques to determine appropriate frequency, method or setting for a Preventive Health and Wellness Service to the extent such service is not specified in the guidelines or recommendations.

- **Contraceptive Methods and Counseling for Women**

Covered Charges from a Member Pharmacy or PPO Provider will include charges incurred by a woman covered under the Group Policy for all Food and Drug Administration approved contraceptive methods, sterilization procedures, and patient education and counseling for all women with reproductive capacity.

Benefits for Covered Charges from a Member Pharmacy or PPO Provider for generic and single source contraceptive drugs will be payable at 100%. Benefits for Covered Charges from a Member Pharmacy or PPO Provider for brand name contraceptive drugs will be payable the same as any other covered Treatment or Service and will be subject to cost-sharing. Some or all of the above services may not be payable when received from a Non-Member Pharmacy or Non-PPO Providers. The above services from Non-PPO Providers will be subject to Deductible and coinsurance.

- **Clinical Trials**

Covered Charges will include charges incurred for routine patient care costs in connection with an Approved Clinical Trial. Benefits will be payable the same as any other covered Treatment or Service.

The benefits payable for Approved Clinical Trials will be coordinated with the Clinical Trial - Cancer benefits described below under the Benefits Payable - State Required – Tennessee section.

For the purposes of this section, routine patient costs include medically necessary Treatment or Service provided to a Qualified Individual in relation to cancer or other Life-Threatening Condition that are considered Covered Charges consistent with benefits provided under the Group Policy for an Insured Person not enrolled in an Approved Clinical Trial. Routine patient costs do not include:

- Experimental or Investigational Measures (the investigational item, device, or service, itself);
- Treatment or Service provided solely to satisfy data collection and analysis needs and that are not used in the direct clinical management of the Qualified Individual; or
- Treatment or Service that is clearly inconsistent with Generally Accepted and established standards of care for a particular diagnosis.

The Company may require a Qualified Individual to participate in an Approved Clinical Trial conducted in-network through a PPO Provider, if the PPO Provider participates in the trial and will accept the Qualified Individual in the trial. This does not preclude a Qualified Individual from participating in an Approved Clinical Trial conducted out-of-network through a Non-PPO Provider; however, in that circumstance, benefits will be paid at the non-PPO level.

“Approved Clinical Trial” means a phase I, phase II, phase III, or phase IV clinical trial that is conducted in relation to the prevention, detection, or treatment of cancer or other Life-Threatening Condition; and

- the study or investigation is federally approved or funded (which may include funding through in-kind contributions) by one or more of the following:
 - the National Institutes of Health;
 - the Centers for Disease Control and Prevention;
 - the Agency for Health Care Research and Quality;
 - the Centers for Medicare & Medicaid Services;

- a cooperative group or center of any of the above named entities or the Department of Defense or the Department of Veterans Affairs;
- a qualified non-governmental research entity identified in the guidelines issued by the National Institutes of Health for center support grants; or
- the Department of Veterans Affairs, the Department of Defense, or the Department of Energy provided the study or investigation has been reviewed and approved through a system of peer review that the Secretary determines:
 - to be comparable to the system of peer review of studies and investigations used by the National Institutes of Health; and
 - assures unbiased review of the highest scientific standards by qualified individuals who have no interest in the outcome of the review; or
- the study or investigation is conducted under an investigational new drug application reviewed by the Food and Drug Administration; or
- the study or investigation is a drug trial that is exempt from having such an investigational new drug application.

“Life-Threatening Condition” means any disease or condition from which the likelihood of death is probable unless the course of the disease or condition is interrupted.

“Qualified Individual” means an Insured Person who is eligible to participate in an Approved Clinical Trial according to the trial protocol with respect to treatment of cancer or other Life-Threatening Condition; and

- whose referring health care professional participates in the trial and has concluded that the Insured Person’s participation in such trial would be appropriate based on Generally Accepted and established standards of care to treat the Insured Person’s cancer or other Life-Threatening Condition; or
- the Insured Person provides medical and scientific information establishing that the Insured Person’s participation in such trial would be appropriate based on Generally Accepted and established standards of care to treat the Insured Person’s cancer or other Life-Threatening Condition.

Benefits Payable - State Required - Tennessee

Subject to the benefits payable provisions described above, including any required under federal law, benefits will be payable for:

- **Autism Spectrum Disorders**

Covered Charges will include charges incurred for treatment of autism spectrum disorders for Dependent Children. Benefits will be payable the same as for any other covered Treatment or Service for a neurological disorder.

“Autism spectrum disorders: means neurological disorders, usually appearing in the first three years of a person’s life that affect normal brain functions and are typically manifested by impairments in communications and social interaction, as well as restrictive, repetitive, and stereotyped behaviors.

- **Bone-Mass Measurement**

Covered Charges will include charges incurred for bone-mass measurement (bone-density testing) for the diagnosis and treatment of osteoporosis. Benefits will be payable the same as for any other covered Treatment or Service, provided the Insured Person has a condition for which bone-mass measurement is determined to be medically necessary by the person's attending Physician.

- **Breast Cancer Treatment**

Covered Charges will include charges incurred for treatment of breast cancer by dose-intensive chemotherapy/autologous bone marrow transplants and stem cell transplants. Benefits will be payable on the same basis as described in the Group Policy for any similar Treatment or Service.

- **Chlamydia Screening**

Covered Charges will include charges incurred for an annual chlamydia screening test for insured females.

“Chlamydia screening test” means any laboratory test of the urogenital tract which specifically detects for infection by one or more agents of chlamydia trachomatis and which test is approved for such purposes by the federal Food and Drug Administration.

Benefits will be paid the same as any other covered Treatment or Service.

- **Clinical Trial - Cancer**

Covered Charges will include charges incurred by an Insured Person during covered clinical trials.

Covered Charges must be provided for routine patient care costs incurred as the result of phase I, II, III, or IV of a clinical trial.

The treatment must be provided in a clinical trial that either:

- involves a drug that is exempt under federal regulations from a new drug application; or
- is approved by one of the following:
 - one of the national institutes of health;
 - the federal food and drug administration, in the form of an investigational new drug application;
 - the United States department of defense; or
 - the United States veterans' administration.

“Routine patient care costs” means the costs associated with the provision of health care services, including drugs, items, devices, and services that would otherwise be covered if those drugs, items, devices, and services were not provided in connection with an approved clinical trial program, including health care services:

- typically provided absent a clinical trial;
- required solely for the provision of the investigational drug, item, device, or service;
- required for the clinically appropriate monitoring of the investigational item or service;
- provided for the prevention of complications arising from the provision of the investigational drug, item, device, or service; and
- needed for the reasonable and necessary care arising from the provision of the investigational drug, item, device, or service, including the diagnosis or treatment of the complications.

“Routine patient care costs” does not include the costs associated with the provision of any of the following:

- drugs or devices that have not been approved by the federal food and drug administration and that are associated with the clinical trial;
- services other than health care services, such as travel, housing, companion expenses, and other nonclinical expenses, that an Insured Person may require as a result of the treatment being provided for purposes of the clinical trial;
- any item or service that is provided solely to satisfy data collection and analysis needs and that is not used in the clinical management of the patient;
- health care services that, except for the fact that they are being provided in a clinical trial, are otherwise specifically excluded from coverage under the Insured Person’s health plan;
- health care services customarily provided by the research sponsors free of charge for the Insured Person in the trial; or
- items or services provided solely to determine trial eligibility.

Benefits will be payable the same as any other covered Treatment or Service.

The benefits payable for covered clinical trials under this provision will be coordinated with the Clinical Trials benefits described above under the Benefits Payable – Required by Federal Law section.

- **Congenital Anomaly, Including Cleft Lip/Palate**

Covered Charges will include charges incurred for newly born children and for infants placed in the well-child care unit for the necessary care and treatment of medically diagnosed congenital defects and birth abnormalities, including cleft lip/palate.

- **Colorectal Cancer Examinations and Laboratory Tests**

Covered Charges will include charges incurred for screening flexible sigmoidoscopy or screening colonoscopy as recommended by the U.S. Preventive Service Task Force or American Cancer Society guidelines including charges incurred for laboratory tests and examinations of any non-symptomatic Insured Person.

If services are provided by a PPO provider, benefits for screening flexible sigmoidoscopies including charges incurred for laboratory tests of any non-symptomatic Insured Person in accordance with the American Cancer Society guidelines. Benefits will be payable the same as Preventive Health and Wellness Services. All other flexible sigmoidoscopies or screening colonoscopies will be payable the same as any other covered Treatment or Service.

- **Dental Hospital Procedures**

Covered Charges will include charges incurred for anesthesia, Hospital and Physician expenses for an inpatient or outpatient dental hospital procedure that is performed on a covered Dependent Child who is less than nine years of age when the procedure cannot be safely performed in a dental office setting. Benefits will be payable the same as for any other Treatment or Service and will be subject to the Covered Charges requirements of the Group Policy.

- **Diabetes**

Covered Charges will include charges for the treatment of diabetes. Benefits will be payable for:

- blood glucose monitors and blood glucose monitors for the legally blind;
- test strips for blood glucose monitors;
- visual reading and test strips;
- insulin;
- injection aids;
- syringes;
- lancets;
- insulin pumps, infusion devices and appurtenances thereto;
- oral hypoglycemic agents;
- podiatric appliances for prevention of complications associated with diabetes; and
- glucagon emergency kits.

In addition, Covered Charges will include charges incurred for diabetes outpatient self-management training and educational services, including medical nutrition counseling, when provided by a Physician or by the following providers when referred by a Physician:

- registered nurses or dietitians; or
- pharmacists who have completed a diabetes patient management program offered by a provider recognized by the American Council on Pharmaceutical Education and the Tennessee Board of Pharmacy; or
- other health care professionals licensed in the state of Tennessee that have expertise in diabetes management as determined by the Company; or
- licensed health care professionals with expertise in diabetes management who are employed by or under contract with the Company.

Diabetes outpatient self-management training and education are payable for visits which are certified by a Physician to be medically necessary in the following circumstances:

- upon diagnosis of diabetes; or
- because of a significant change in a patient's symptoms or condition which necessitates changes in the patient's self-management; or
- for re-education or refresher training.

Diabetes outpatient self-management training and educational services may be provided in group settings where practicable, and must include home visits where medically necessary.

Benefits will be payable the same as for any other covered Treatment or Service.

NOTE: For the purpose of these state-required benefits, the following diabetic supplies will be payable as described on page NBM 5424 or NBM 5425: insulin; disposable insulin needles/syringes; disposable blood/urine glucose acetone testing agents (e.g., Chemstrips, Acetest tablets, and Clinitest tablets); lancets; glucometers (limited to no more than one each Calendar Year).

All other diabetic supplies will be payable the same as for any other covered Treatment or Service under Benefits Payable – State Required – Tennessee.

- **FDA Approved Drugs**

Covered Charges will include charges incurred for drugs approved by the federal Food and Drug Administration (FDA) provided the drug is recognized for treatment of a particular condition in one of the standard reference compendia or in medical literature. Coverage will be provided whether or not the drug has been approved by the FDA for that condition, unless the FDA has determined:

- the use of the drug is contraindicated; or
- the drug to be an experimental drug not otherwise approved for any use.

Benefits will be payable the same as for any other covered Treatment or Service.

- **Hearing Aids**

Covered Charges will include charges incurred by an insured Dependent Child under 18 years of age for one hearing aid per hearing impaired ear and for all related services prescribed by a licensed audiologist or physician.

“Hearing Aid” means any wearable, non-experimental, non-disposable instrument or device designed for the ear and used to aid or compensate for impaired human hearing, including earmolds and services necessary to select, fit, and adjust the hearing aid, but excluding batteries, cords, and other assistive listening devices such as FM systems.

Benefits will be payable the same as for any other covered Treatment or Service and will be subject to a maximum benefit of \$1,000 per individual hearing aid per hearing impaired ear within a three-year period for each insured Dependent Child. If a licensed audiologist or physician certifies that the child’s hearing loss has become significantly worse during the three-year period since the child received a hearing aid, coverage for a new hearing aid suitable to the child’s hearing needs will be provided before the end of the three-year period.

- **Mammography Screening**

Covered Charges will include charges incurred for imaging services for screening mammography including Low-Dose Mammography according to the following guidelines:

- a baseline mammogram for a woman 35 to 40 years of age; and
- a yearly mammogram for a woman 35 to 40 years of age if the woman is at high risk based upon personal family medical history, dense breast tissue, or additional factors that may increase the individual's risk of breast cancer; and
- a yearly mammogram for a woman 40 years of age or older based on the recommendation of the woman's Physician.

In addition to a screening mammogram, Covered Charges will include Diagnostic Imaging and Supplemental Breast Screening Treatment or Service.

If services are provided by a PPO provider, benefits for outpatient, clinic or office-based screening mammograms for women forty (40) years of age and over will be payable at 100% and no Deductible or Copay will apply. All other mammograms will be payable the same as any other Physician Office or Clinic Service.

As used in this section:

"Breast Tomosynthesis" means a radiologic mammography procedure that involves the acquisition of projection images over a stationary breast to produce cross-sectional digital three-dimensional images of the breast from which applicable breast cancer screening diagnoses may be determined;

"Diagnostic Imaging" means an imaging examination using mammography, ultrasound imaging, or magnetic resonance imaging that is designed to evaluate:

- a subjective or objective abnormality detected by a Physician or an Insured Person in a breast;
- an abnormality seen by a Physician on a screening mammogram; or
- an abnormality previously identified by a Physician as likely benign in a breast for which follow-up imaging is recommended by a Physician;

"Low-Dose Mammography" means:

- an x-ray examination of the breast using equipment dedicated specifically for mammography, including an x-ray tube, filter, compression device, and screen, with an average radiation exposure delivery of less than one rad per mid-breast and with two views for each breast;
- digital mammography; or
- Breast Tomosynthesis; and

"Supplemental Breast Screening" means a medically necessary and appropriate examination of the breast, including breast magnetic resonance imaging or breast ultrasound that is:

- used to screen for breast cancer when there is no abnormality seen or suspected; and
- based on personal family medical history, dense breast tissue, or additional factors that may increase the individual's risk of breast cancer.

- **Maternity Coverage**

Covered Charges will include Hospital Inpatient Confinement charges incurred by a mother and newborn Dependent Child. Benefits will be payable for a minimum of 48 hours following a vaginal delivery and a minimum of 96 hours following a cesarean section. Benefits will be payable the same as for any other covered Treatment or Service; however, the 48-hour and 96-hour minimum will not be subject to the Precertification or Covered Charges requirements of the Group Policy. Any benefits payable in excess of the 48-hour or 96-hour minimum will be subject to all terms and conditions of the Group Policy that apply to any other Treatment or Service.

- **Medication Counseling**

Covered Charges will include charges incurred for medication counseling sessions that the Insured Person receives from a pharmacist. Benefits will be payable if the Insured Person had been prescribed and uses six or more types of medications; and the counseling sessions are with a doctor of pharmacy licensed in accordance with Tennessee law, who has received additional clinical training in the areas of medication management and counseling. Benefits will be payable the same as for any other covered Treatment or Service up to a maximum benefit of \$100 per Calendar Year per Insured Person.

- **Newborn Hearing Screening or Hearing Screening Test**

Covered Charges will include charges for hearing screening or hearing screening test for newborns. Benefits will be payable the same as for any other covered Treatment or Services.

“Hearing screening” or “hearing screening test” means a screening or test provided in accordance with current hearing screening standards established by a nationally recognized organization such as the Joint Committee of Infant Hearing Screening of the American Academy of Pediatrics.

- **Perinatal Group B Streptococcal Disease**

Covered Charges will include charges incurred to a newborn Dependent Child or to a pregnant woman for the testing of Perinatal Group B Streptococcal Disease. Benefits will be payable the same as any other covered Treatment or Service.

- **Phenylketonuria (PKU) Treatment**

Covered Charges will include charges incurred for treatment of Phenylketonuria (PKU). Benefits will be payable the same as for any other covered Treatment or Service for licensed professional medical services under the supervision of a Physician, and for those special dietary formulas which are medically necessary for the therapeutic treatment of Phenylketonuria.

- **Prostate Cancer Screening**

Covered Charges will include charges incurred for prostate cancer screening for: (i) men, age 50 years or over; and (ii) other men if a physician determines that early detection for prostate cancer is medically necessary.

If services are provided by a PPO provider, benefits for prostate cancer screening for non-symptomatic Insured Persons, will be payable the same as Preventive Health and Wellness Services. All other prostate cancer screenings will be payable the same as any other covered Treatment or Service.

- **Reconstructive Surgery After Mastectomy**

Covered Charges will include charges incurred for reconstructive surgery following a total or partial mastectomy, but not including a lumpectomy.

Covered Charges will also include charges incurred on the nondiseased breast deemed necessary to establish symmetry between the two breasts in a manner chosen by the patient and the Physician. Reconstructive surgery on the non-diseased breast must occur within five (5) years of the date the reconstructive breast surgery was performed on the diseased breast.

Benefits will be payable the same as for any other covered Treatment or Service.

NOTE: This benefit will be coordinated with the Women's Health and Cancer Rights Act of 1998 benefit as described above.

- **Telehealth**

Covered Charges will include charges for the diagnosis, consultation, and treatment of an Insured Person for healthcare services provided via Telehealth, without any distinction or consideration of the geographic location or any federal, state, or local designation, or classification of the geographic area where the Insured Person is located, subject to the following conditions:

- The Telehealth Provider is at a Qualified Site other than where the Insured Person is located; and
- The Insured Person is at a Qualified Site or at a school clinic staffed by a healthcare services provider and equipped to engage in Telehealth.

Benefits will be payable the same as for any other covered Treatment or Service.

- **Definitions**

“Qualified Site” means the office of a healthcare services provider, a Hospital, a facility recognized as a rural health clinic under federal Medicare regulations, a federally qualified health center, a properly licensed facility primarily engaged in providing Mental Health, Behavioral, Alcohol or Drug Abuse Treatment Services, or any other location deemed acceptable by the Company.

“Store-and-Forward Telemedicine Services” means the use of asynchronous computer-based communications between a patient and healthcare services provider at a distant site for the purpose of diagnostic and therapeutic assistance in the care of patients and includes the transferring of medical data from one site to another through the use of a camera or similar device that records or stores an image that is sent or forwarded via telecommunication to another site for consultation.

“Telehealth” means the use of real-time, interactive audio, video telecommunications or electronic technology, or Store-and-Forward Telemedicine Services by a healthcare services provider to deliver healthcare services to a patient within the scope of practice of the healthcare services provider when:

- Such provider is at a Qualified Site other than the site where the patient is located; and
- The patient is at a Qualified Site or at a school clinic staffed by a healthcare services provider and equipped to engage in Telehealth.

Telehealth does not include an audio-only conversation, an electronic mail message, or a facsimile transmission.

“Telehealth Provider” means a healthcare services provider engaged in the delivery of healthcare services through Telehealth.

- **Temporomandibular Joint Disorders (TMJ) Treatment**

Covered Charges will include charges incurred for treatment of temporomandibular joint disorders (TMJ). Benefits will be payable the same as for any other covered Treatment or Service for all Phase I treatment and for surgical treatment provided under Phase II. Benefits will be payable for treatment by a licensed dentist if such treatment would have been covered when performed by a Physician. However, in no event will benefits be payable for (a) orthodontics; and (b) treatment to the teeth or gums other than Phase I treatment; and (c) any Phase II treatment other than surgery. Treatment or Service provided under Phase I and Phase II will be defined in the American Dental Association (ADA) categorization of TMJ treatment.

DESCRIPTION OF BENEFITS MEDICAL EXPENSE INSURANCE

Benefits Payable

Benefits payable will be as described in the following NBM 5402 sections, subject to:

- all listed terms, conditions and limitations; and
- all Payment Provisions as described in page NBM 5400; and
- the terms, conditions and limitations of Utilization Management Program, Coordination With Other Benefits, Integration With Medicare, and Subrogation and Reimbursement.

COVERED CHARGES

Covered Charges will be the actual cost charged to the Insured Person but only to the extent that the actual cost charged does not exceed Prevailing Charges.

- dressings, supplies, equipment not considered to be Durable Medical Equipment as described in page NBM 5402 J, anesthesia; and
- Dental Services to repair damages to the jaw and sound natural teeth, if the damage is the direct result of an accident (but did not result from chewing) and if the Dental Services are completed within twelve months after the accident. Covered Charges are limited to the least expensive procedure that would provide professionally acceptable results; and

- **All Other Covered Services** include:

- drugs and medicines: (i) requiring a Physician's prescription; and (ii) approved by the Food and Drug Administration for general marketing; and (iii) which are not otherwise considered Covered Charges under the Comprehensive Medical Expense portion of the Group Policy; and (iv) so long as said drugs or medicines are not subject to the limitations as described in page NBM 5402 Q and excluding those charges paid under Prescription Drugs Expense Insurance as described in page NBM 5424 and Mail Service Prescription Drugs Expense Insurance as described in page NBM 5425; and
- charges for ambulance services, (including air ambulances) provided by a Hospital or a licensed service to and from a local Hospital (or to and from the nearest Hospital equipped to furnish needed treatment not available in a local Hospital) or to and from a Hospital when needed to transition to a more cost effective level of care as determined by the Company; and
- covered orthotics, casts, splints, braces, crutches; and
- Skilled Nursing Facility Care as described in page NBM 5402 M; and
- Hospice Care as described in page NBM 5402 L; and
- Gene-Based, Cellular And Other Innovative Therapies (GCIT) as described in page NBM 5402 F; and
- Home Health Care as described in page NBM 5402 I; and
- Home Infusion Therapy Services as described in page NBM 5402 I; and
- Durable Medical Equipment as described in page NBM 5402 J; and
- Prosthetics as described in page NBM 5402 K; and
- the services of a licensed practical nurse (L.P.N.) or a licensed registered nurse (R.N.), but only when such services are provided as part of Home Health Care, Home Infusion Therapy Services or Hospice Care as required by state law; and
- cornea and skin transplants; and
- oxygen (including rental of equipment for its administration), nebulizers and related charges; and
- the following services performed while the Insured Person is not Hospital Inpatient Confined, or is not in a Hospital emergency room: magnetic resonance imaging (MRIs), computerized axial tomography (CATs) positron emission tomography (PETs), and single photon emission computerized tomography (SPECTs), or other similar imaging tests and all related services (other than evaluation and management services) including but not limited to drugs and supplies; and
- unattended (home) sleep studies.

Drug and Medicine Management

For certain drugs or classes of drugs designated by the Company, the Company reserves the right to:

- require prior authorization for dispensing; and
- limit the quantity of drugs for which benefits will be paid; and
- require the dispensing of certain drugs before paying benefits for another drug within a given class, as established by the Company; and
- require the dispensing of a single daily dose of certain drugs.

Cosmetic Treatment or Service

Covered Charges will include Cosmetic Treatment or Service resulting from a sickness or an accidental injury, and rendered within 18 months after the date the sickness or accidental injury was first diagnosed. Benefits will be payable the same as for any other covered Treatment or Service.

Covered Charges for Multiple Surgical Procedures

If an Insured Person undergoes two or more procedures during the same anesthesia period, Covered Charges for the services of the Physician, facility, or other covered provider for each procedure that is clearly identified and defined as a separate procedure will be based on:

- 100% of Prevailing Charges for the first or primary procedure; and
- 50% of Prevailing Charges for the second procedure; and
- 25% of Prevailing Charges for each of the other procedures.

Covered Charges for an Assistant during Surgical Procedures

Benefits will be payable for the services of an assistant to a surgeon if the skill level of a Medical Doctor or Doctor of Osteopathy would be required to assist the primary surgeon. Covered Charges for such services will be paid up to 20% of the Prevailing Charge of the covered surgical procedure if the procedure is performed by a Physician or Health Care Extender.

In addition, the multiple surgical procedures percentages, as described above will be applied.

Covered Charges Carried Forward

To determine Deductible satisfaction, Treatment or Service received by an Insured Person during the last three months of a Calendar Year may be counted as if received in either:

- the Calendar Year in which actually received; or
- the next following Calendar Year;

whichever would result in the greater benefit payment.

DESCRIPTION OF BENEFITS MEDICAL EXPENSE INSURANCE

MENTAL HEALTH, BEHAVIORAL, ALCOHOL OR DRUG ABUSE TREATMENT SERVICES

The following benefits will be payable for Mental Health, Behavioral, Alcohol or Drug Abuse Treatment Services. In the event the Insured Person receives Treatment or Services for more than one condition during the same period of time, benefits will be paid based on the primary focus of the Treatment or Service, as determined by the Company.

- Inpatient Hospital Services

If an Insured Person is Hospital Inpatient Confined in a Psychiatric Hospital, an Inpatient Alcohol or Drug Abuse Treatment Facility, or a psychiatric or an alcohol/drug unit of a general Hospital, benefits will be payable for charges for room, board, and other usual services provided during such confinement, and for Physician Visits provided during such confinement. Benefits are payable the same as for any other Hospital Inpatient Confinement. Hospital Inpatient Confinements are subject to the Utilization Management Program, including Precertification requirements, as described on NBM 5407 CC.

- Outpatient Services

If an Insured Person receives any Outpatient Services by a Physician or Health Care Extender, Hospital, Community Mental Health Center, Outpatient Alcohol or Drug Abuse Treatment Facility, or licensed residential alcohol or drug abuse treatment facility, benefits will be payable the same as for any other Outpatient Services. Outpatient Services at a licensed residential alcohol or drug abuse treatment facility will be payable the same as Inpatient Hospital Services.

Covered Charges incurred for outpatient laboratory services and for outpatient drugs and medicines requiring a Physician's prescription are payable the same as for any other covered Treatment or Service.

"Outpatient Services" means Mental Health, Behavioral, Alcohol or Drug Abuse Treatment Services, including Physician Visits, which are provided other than while Hospital Inpatient Confined.

Covered Charges for Outpatient Services are limited to the following services:

- Partial Hospitalization or Day Treatment Services;
- crisis intervention or stabilization;
- psychological testing;

- individual psychotherapy;
- family therapy, if the patient is present;
- group therapy;
- electroconvulsive therapy;
- psychiatric, alcohol or drug abuse medication management;
- biofeedback;
- behavior modification treatment;
- alcohol or drug abuse rehabilitation or counseling services;
- hypnotherapy;
- recreational therapy;
- art therapy;
- music therapy;
- dance therapy;
- wilderness therapy;
- psychoanalysis and aversion therapy;
- Social Detoxification;
- after-care treatment programs for alcohol or drug abuse;
- narcosynthesis.

Partial Hospitalization Facility or Day Treatment Facility” means a Hospital or freestanding facility that is licensed by the proper authority of the state in which it is located to provide Partial Hospitalization or Day Treatment Services.

“Partial Hospitalization or Day Treatment Services” mean a structured program under the supervision of a Physician, which provides diagnostic and therapeutic Mental Health, Behavioral, Alcohol or Drug Abuse Treatment Services in a Partial Hospitalization Facility or Day Treatment Facility for not less than four and not more than 12 consecutive hours in a 24-hour period.

- **Physician Visits**

If an Insured Person receives any Mental Health, Behavioral, Alcohol or Drug Abuse Treatment Services by a Physician or Health Care Extender, benefits will be payable the same as for any other Physician Visit, except that outpatient physical, occupational, and speech therapy will not be subject to any visit limits.

- **Benefits Payable**

Benefits for Mental Health, Behavioral, Alcohol or Drug Abuse Treatment Services are payable the same as for any other covered Treatment or Service.

Exception: For Outpatient Services received in a licensed residential alcohol or drug abuse treatment facility, benefits will be payable the same as shown above for Inpatient Hospital Services.

Limitations

The general Comprehensive Medical limitations as described in page NBM 5402 Q will apply to Mental Health, Behavioral, Alcohol or Drug Abuse Treatment Services.

DESCRIPTION OF BENEFITS MEDICAL EXPENSE INSURANCE

TRANSPLANT SERVICES

“Transplant Services” means Covered Charges incurred in connection with human-to-human organ or bone marrow transplant or peripheral stem cell infusion procedures (including charges for organ or tissue procurement), but only to the extent that such charges are not considered Experimental or Investigational Measures.

These benefits will be payable instead of any other benefits described in the Group Policy, except as otherwise provided in this section.

Cornea and skin transplants are not Covered Transplants for the purpose of this section. Instead, cornea and skin transplants are covered under the normal provisions of this Comprehensive Medical section, and are not subject to any conditions set forth in this section.

Covered Charges

For the purpose of this section, Transplant Services Covered Charges will include all services listed in the general Comprehensive Medical Covered Charges section, including, but not limited to, services by a Home Health Care Agency, Skilled Nursing Facility, Hospice, and services for Home Infusion Therapy Services and Durable Medical Equipment.

Covered Charges will also include charges incurred by the organ donor for a Covered Transplant if the charges are not covered by any other medical expense coverage.

Benefits Payable: Within the Transplant Network

For Transplant Services provided by a provider in the Transplant Network, benefits payable for Treatment or Service received each Calendar Year will be paid at the PPO level of benefits, subject to the Calendar Year Deductible.

If transplant related services are provided by a provider in the Transplant Network, travel and lodging expenses for the Insured Person and the Insured Person’s accompanying person will be covered if the treating facility is greater than 100 miles one way from the Insured Person’s home (excluding travel or lodging provided by a family member or friend). This would include ambulance expenses that would otherwise be excluded under the Comprehensive Medical ambulance benefit, if such expenses are incurred solely to meet timing requirements imposed by the transplant. Benefits payable cannot be used to satisfy any Deductible or coinsurance amount under the ambulance benefit in the normal provisions of the Comprehensive Medical section.

Travel and lodging benefits will be payable at 100%, without application of any Deductible Amount up to a lifetime maximum benefit of \$5,000 for each transplant recipient.

All travel and lodging benefits must be approved in advance by the Company.

As used in this section, "Transplant Network" means any network of providers that the Company determines to be an appropriate transplant network and that has contracted to provide Transplant Services subject to a negotiated fee schedule.

- **Benefits Payable: Outside the Transplant Network**

No benefits will be payable for Transplant Services provided by other than a Transplant Network provider or for travel and lodging expenses.

- **Limitations: Applicable Within the Transplant Network**

The general Comprehensive Medical limitations listed in page NBM 5402 Q will apply to Transplant Services. In addition, limitations specific to Home Health Care Services, Home Infusion Therapy Services, Durable Medical Equipment, Hospice Care, and Skilled Nursing Facility provisions will apply to Transplant Services if those benefits are used in connection with a Covered Transplant.

For each transplant episode Covered Charges will include:

- Transplant evaluations from no more than two transplant providers; and
- No more than one listing with the United Network of Organ Sharing (UNOS).

If the transplant is not a Covered Transplant under the Group Policy, all charges related to the transplant and all related complications will be excluded from payment under the Group Policy, including, but not limited to, dose-intensive chemotherapy.

EMERGENCY SERVICES

If an Insured Person requires Emergency Services, either within the PPO Service Area or outside the PPO Service Area, benefits for such treatment received for these Emergency Services will be paid at the PPO level, subject to the provisions described in page NBM 5198 NS. Treatment or Service from a Non-PPO Provider for conditions that are not Emergency Services will be paid at the Non-PPO level.

DESCRIPTION OF BENEFITS MEDICAL EXPENSE INSURANCE

GENE-BASED, CELLULAR AND OTHER INNOVATIVE THERAPIES (GCIT)

- Covered Charges

Covered Charges will include benefits for Gene-Based, Cellular And Other Innovative Therapies (GCIT) as follows:

- cellular immunotherapies;
- genetically modified oncolytic viral therapy;
- other types of cells and tissues from and for use by the same person (autologous) and cells and tissues from one person for use by another person (allogenic) for certain Therapeutic conditions;
- all human Gene-based therapy that seeks to change the usual function of a Gene or alter the biologic properties of living cells for Therapeutic use, including for example therapies using:
 - Luxturna® (Voretigene neparvovec);
 - Zolgensma® (Onasemnogene abeparvovec-xioi);
 - Spinraza® (Nusinersen);
- products derived from Gene editing technologies, including CRISPR-Cas9;
- oligonucleotide-based therapies, including for example therapies using:
 - Antisense (an example is Spinraza);
 - siRNA;
 - mRNA; and
 - microRNA therapies.

As used in this section, the following are defined terms:

“Gene” means a unit of heredity which is transferred from a parent to child and is thought to determine some feature of the child.

“Molecular” means relating to or consisting of molecules. A molecule is a group of atoms bonded together, making the smallest vital unit of a chemical compound that can take part in a chemical reaction.

“Therapeutic” means a treatment, therapy, or drug meant to have a good effect on the body or mind; adding to a sense of well-being.

“Gene-Based, Cellular And Other Innovative Therapies (GCIT)” means any Treatment or Service that is Gene-based, cellular, and innovative Therapeutics. The services have a basis in genetic/Molecular medicine and are not covered under the Institutes of Excellence™ (IOE) programs.

- **Benefits Payable by a GCIT-Designated Facility/Provider**

For Gene-Based, Cellular And Other Innovative Therapies (GCIT) Treatment or Services provided by a GCIT-Designated Facility/Provider, benefits payable for Treatment or Service received each Calendar Year will be paid at the PPO level of benefits, subject to the Calendar Year Deductible.

If GCIT Treatment or Services are provided by a GCIT-Designated Facility/Provider, travel and lodging expenses for the Insured Person and the Insured Person’s accompanying person will be covered if the GCIT-Designated Facility/Provider is greater than 100 miles one way from the Insured Person’s home (excluding travel or lodging provided by a family member or friend). This would include ambulance expenses that would otherwise be excluded under the Comprehensive Medical ambulance benefit, if such expenses are incurred solely to meet timing requirements imposed by the GCIT Treatment or Service. Benefits payable cannot be used to satisfy any Deductible or coinsurance amount under the ambulance benefit in the normal provisions of the Comprehensive Medical section.

Travel and lodging benefits will be payable at 100%, without application of any Deductible Amount up to a lifetime maximum benefit of \$5,000 for each GCIT Treatment or Service recipient.

All travel and lodging benefits must be approved in advance by the Company.

As used in this section, “GCIT-Designated Facility/Provider” means any network of providers that the Company determines to be an appropriate GCIT network and that has contracted to provide GCIT Treatment or Services subject to a negotiated fee schedule.

- **Benefits Payable: Outside a GCIT-Designated Facility/Provider**

For GCIT Treatment or Services provided by other than a GCIT-Designated Facility/Provider, benefits will be payable the same as any other covered Treatment or Service and subject to the Calendar Year Deductible and the applicable coinsurance rate.

No benefits will be payable for travel and lodging expenses if services are provided outside the GCIT-Designated Facility/Provider.

- **Limitations**

The general Comprehensive Medical limitations listed in page NBM 5402 Q will apply to Gene-Based, Cellular And Other Innovative Therapies (GCIT). In addition, GCIT Covered Charges will not include charges for:

- any Gene-Based, Cellular And Other Innovative Therapies (GCIT) not approved by the Company.

GCIT Treatment or Service is subject to Precertification. Please see the Utilization Management Program described on page NBM 5407 CC.

DESCRIPTION OF BENEFITS

MEDICAL EXPENSE INSURANCE

OUTPATIENT X-RAY SERVICES AND OUTPATIENT LABORATORY SERVICES

- OUTPATIENT X-RAY SERVICES

Payment of outpatient x-ray services will be made as follows:

- The PPO level of benefits will be paid only to Preferred Providers.
- If the Insured Person goes to a PPO or non-PPO Physician's office or clinic and the Physician sends the x-ray(s) to a PPO facility for interpretation, the PPO level of benefits will be paid. If the Insured Person is not seen within that facility, the Physician Office or Clinic Service Copay if any, will not apply, but the PPO level of benefits will be paid.
- If the Insured Person goes to a non-PPO Physician's office or clinic and the Physician sends the x-ray(s) to a non-PPO facility, the level of benefits for Non-Preferred Providers will apply.
- If the Insured Person goes to a PPO Physician's office or clinic and the Physician sends the x-ray(s) to a non-PPO facility, the PPO level of benefits will be paid, unless the provider informs the Insured Person that the facility was a non-PPO facility and that a PPO facility was available but the Insured Person chose to have the x-ray(s) sent to the non-PPO facility, in that event, the level of benefits for Non Preferred Providers will apply.
- If the Insured Person goes to a PPO freestanding x-ray facility, the Physician Office or Clinic Service Copay, if any, will apply and the PPO level of benefits will be paid. If the x-ray facility is not a Preferred Provider, the level of benefits for Non-Preferred Providers will apply.

- Outpatient Laboratory Services

Quest Diagnostics, Inc. is a laboratory provider that conducts outpatient testing. QuestSelect™, a service of Quest Diagnostics has entered into an agreement with the Company to provide outpatient Laboratory Services for which benefits are payable under the Group Policy. The following section describes benefits payable for Laboratory Services when the QuestSelect™ program is chosen. If the QuestSelect™ program is not used, regular benefits will apply.

When the Insured Person needs outpatient Laboratory Services, the Insured Person or his or her Physician may choose any laboratory they wish. However, the benefits will be more favorable if the QuestSelect™ program is chosen.

The Insured Person must show QuestSelect™ identification at the Physician's office or clinic and request that the laboratory work be sent through the QuestSelect™ program to a participating Quest Diagnostics laboratory for processing. The Physician's office or clinic must call the QuestSelect™ program to have specimens picked up by courier. The paperwork accompanying the specimens must indicate the Insured Person participates in the QuestSelect™ program.

"Laboratory Services" means Covered Charges for testing of materials, fluids or tissues obtained from patients for the purpose of screening, diagnosing or monitoring a condition and for determining appropriate treatment.

If the Insured Person goes to a Physician's office or clinic and the Physician sends the laboratory work through the QuestSelect™ program to a participating Quest Diagnostics laboratory for processing, the Company will pay 100% of Covered Charges for the Laboratory Services.

If the Insured Person goes to a Physician's office or clinic and the Physician sends the laboratory work to a Quest Diagnostics laboratory which does not participate in the QuestSelect™ program, regular benefits will apply, including any applicable Deductibles, Copays, and coinsurance. If a professional component in connection with laboratory testing is billed by a Quest Diagnostics laboratory which does not participate in the QuestSelect™ program, said professional component will be considered a Covered Charge, including any applicable Deductibles, Copays and coinsurance.

If the Insured Person goes to an approved QuestSelect™ collection site with a Physician's directive and presents his or her medical or QuestSelect™ identification card and verbally requests that the QuestSelect™ program be used, the Company will pay 100% of Covered Charges for the Laboratory Services. If the collection site is not an approved QuestSelect™ collection site, regular benefits will apply, including any applicable Deductibles, Copays, and coinsurance. If a professional component in connection with laboratory testing is billed by a Quest Diagnostics laboratory which does not participate in the QuestSelect™ program, said professional component will be considered a Covered Charge, including any applicable Deductibles, Copays and coinsurance.

DESCRIPTION OF BENEFITS

EMERGENCY ROOM SERVICES

Benefits payable for Emergency Services will be subject to Copays, Deductibles and coinsurance in the following order:

- If medical care is received from PPO Providers:
 - first, the emergency room Copay, if any, will be applied; and
 - then, the applicable coinsurance percentage will be applied.
- If medical care is received from Non-PPO Providers:
 - first, the Calendar Year Deductible will be applied; and
 - then, the applicable coinsurance percentage will be applied.

The emergency room Copay amount, if any:

- will be waived if the Insured Person is admitted to the Hospital immediately following emergency room treatment; and
- will not count toward satisfaction of the Calendar Year Deductible.

If an Insured Person requires Emergency Services, either within the PPO Service Area or outside the PPO Service Area, benefits for such treatment received for these Emergency Services will be paid at the PPO level, subject to the provisions described in page NBM 5198 NS. Treatment or Service from a Non-PPO Provider for conditions that are not Emergency Services will be paid at the Non-PPO level.

DESCRIPTION OF BENEFITS

MEDICAL EXPENSE INSURANCE

HOME HEALTH CARE AND HOME INFUSION THERAPY SERVICES

- HOME HEALTH CARE SERVICES

- Covered Charges

In order to be considered a Covered Charge, Home Health Care Services must be rendered in accordance with a prescribed Home Health Care Plan. The Home Health Care Plan must be:

- prescribed by the attending Physician; and
- established prior to the initiation of the Home Health Care Services.

In addition, the attending Physician must certify that Home Health Care Services are necessary to prevent, delay or shorten Hospital Inpatient Confinement or Skilled Nursing Facility Confinement.

Covered Charges will include charges by a Home Health Care Agency for:

- part-time or intermittent home nursing care by or under the supervision of a licensed registered nurse (R.N.) ; and
- part-time or intermittent home care by a Home Health Aide; and
- the services of a physical therapist, occupational therapist, speech therapist, or respiratory therapist; and
- intermittent services of a registered dietician or social worker; and
- drugs and medicines which require a Physician's prescription, (unless a Covered Charge under Home Infusion Therapy Services), as well as other supplies prescribed by the attending Physician; and
- laboratory services (unless a Covered Charge under Home Infusion Therapy Services).

- Benefits Payable

Benefits will be payable the same as for any other covered Treatment or Service subject to a maximum of 100 Home Health Care visits per Calendar Year for each Insured Person. For each covered provider, up to four hours of continuous service will be counted as one visit. Covered providers include a: Home Health Aide, licensed registered nurse (R.N.), licensed practical nurse (L.P.N.), registered dietician, social worker, physical therapist, speech therapist, occupational therapist, respiratory therapist, or any other member of the Home Health Care team.

- **Limitations**

The general Comprehensive Medical limitations listed in page NBM 5402 Q will apply to Home Health Care. In addition, Home Health Care Covered Charges will not include charges for:

- more than 100 Home Health Care visits in a Calendar Year for each Insured Person; or
- nursing, laboratory or therapy services rendered as part of Home Infusion Therapy Services; or
- services provided by an Insured Person's Immediate Family or any other person residing in the home; or
- Custodial Care.

- **HOME INFUSION THERAPY SERVICES**

- **Covered Charges**

Covered Charges will include charges by a Home Health Care Agency, home infusion company or infusion suite for the following services:

- intravenous chemotherapy;
- intravenous antibiotic therapy;
- intravenous steroidal therapy;
- intravenous pain management;
- intravenous hydration therapy;
- intravenous antiretroviral and antifungal therapy;
- intravenous inotropic therapy;
- total parenteral nutrition;
- intravenous gamma globulin;
- intrathecal and epidural;
- blood and blood products;
- injectable antiemetics;
- injectable diuretics; and
- injectable anticoagulants

Home Infusion Therapy Services must be rendered in accordance with a prescribed treatment plan. The treatment plan must be:

- set up prior to the initiation of the Home Infusion Therapy Service; and
- reviewed and certified as necessary by the attending Physician at least once every 30 days; and
- prescribed by the attending Physician.

In addition, the attending Physician must certify that Home Infusion Therapy Services are necessary to prevent, delay or shorten Hospital Inpatient Confinement or Skilled Nursing Facility confinement.

Covered Charges will be limited to: drugs; intravenous solutions; equipment associated with Home Infusion Therapy; pharmacy compounding and dispensing services; fees associated with drawing blood for the purpose of monitoring response to therapy; ancillary medical supplies; nursing services for intravenous restarts and dressing changes; and nursing services required due to Emergency Services or for skilled teaching.

- **Benefits Payable**

Benefits will be payable the same as for any other covered Treatment or Service. Benefits payable will be based on the Company's allowable charge. The maximum allowable charge for drugs and medicines for Home Infusion Therapy Services will be established by the Company and will not exceed the Average Wholesale Price.

- **Limitations**

The general Comprehensive Medical limitations listed in page NBM 5402 Q will apply to Home Infusion Therapy Services. In addition, Home Infusion Therapy Service Covered Charges will not include charges for:

- services, drugs, equipment, or supplies used in Home Infusion Therapy Services which are covered under any other section of the Group Policy, except as specifically provided for in this section; or
- services or supplies for any Home Infusion Therapy Services not specifically provided for in this section; or
- services or supplies for any nursing visits, care or services associated with Home Infusion Therapy Services other than those identified in this section; or
- services or supplies for other services required to administer therapy in the home setting, but which do not involve direct patient contact, including, but not limited to, delivery charges and record keeping; or
- services provided by an Insured Person's Immediate Family or any other person residing in the home.

DESCRIPTION OF BENEFITS MEDICAL EXPENSE INSURANCE

DURABLE MEDICAL EQUIPMENT

- Covered Charges

Covered Charges will include charges for rental or purchase of Durable Medical Equipment on behalf of the Insured Person. Durable Medical Equipment means non-disposable equipment that:

- can withstand repeated use; and
- is primarily and customarily used to serve a medical purpose; and
- is generally not useful to a person who is not sick or injured, or used by other family members; and
- is appropriate for home use; and
- improves bodily function caused by sickness or injury, or further prevents deterioration of the medical condition.

Covered Charges will include repair, adjustment or replacement of purchased Durable Medical Equipment, unless damage results from the Insured Person's negligence or abuse of such equipment.

- Benefits Payable

Benefits for Durable Medical Equipment will be payable the same as for any other covered Treatment or Service. In addition, Covered Charges for rental of Durable Medical Equipment will be limited to the purchase price of the piece of equipment. If a purchase price cannot be determined, the purchase price will be deemed to equal 1.5 times the manufacturer's invoice price. The determination as to whether to purchase or rent the equipment is at the Company's sole discretion. In the event the Company elects to purchase equipment on the Insured Person's behalf, the Insured Person will be the owner of the equipment and the Company will have no right or title to the equipment. Regardless of whether the Company elects to rent or purchase equipment, the Company will not have any responsibility, obligation or liability in connection with the equipment, its operation or maintenance.

Claims submitted for Durable Medical Equipment must be accompanied by the Physician's Written prescription of necessity. However, this prescription does not by itself entitle the Insured Person to benefits. For Complex Rehabilitation Technology, the Insured Person may request preapproval of the purchase or rental of Durable Medical Equipment.

For the purposes of this section:

“Complex Rehabilitation Technology” means items classified within Medicare as Group 3, Group 4, or Group 5 power wheelchairs and manual wheelchairs, including options and accessories related to any such items.

- **Limitations**

The general Comprehensive Medical limitations listed in page NBM 5402 Q will apply to Durable Medical Equipment charges. In addition, Durable Medical Equipment Covered Charges will not include Durable Medical Equipment charges which:

- are in excess of the purchase price of the equipment; or
- are for Durable Medical Equipment used in Home Infusion Therapy Services, except as provided under this section above; or
- are provided during rental for repair, adjustment, or replacement of components and accessories necessary for the functioning and maintenance of covered equipment; or
- are for motorized carts or scooters and strollers, except for wheelchairs; or
- are for non-hospital type beds; or
- are for lift chairs.

DESCRIPTION OF BENEFITS MEDICAL EXPENSE INSURANCE

PROSTHETICS

- Covered Charges

Covered Charges will include charges for prosthetic devices (including external electronic voice boxes and similar hand held communication devices after laryngectomy) and supplies which replace all or part of:

- an absent body part (including contiguous tissue) resulting from sickness, injury, or congenital anomalies; or
- the function of a permanently inoperative or malfunctioning body part.

Covered Charges will include the purchase, fitting, and necessary adjustment or replacement of the prosthetic device. In addition, Covered Charges will include cleaning and repairs, unless damage results from an Insured Person's negligence or abuse of the prosthetic device.

- Benefits Payable

Benefits for Prosthetics will be payable the same as for any other covered Treatment or Service.

- Limitations

The general Comprehensive Medical limitations listed in page NBM 5402 Q will apply to prosthetic charges. In addition, Prosthetic Covered Charges will not include charges which are:

- for prosthetic charges that are not prescribed by the attending Physician; or
- for dental implants.

DESCRIPTION OF BENEFITS

MEDICAL EXPENSE INSURANCE

Hospice Care

- Covered Charges

Covered Charges will include charges for Hospice Care Services provided by a Hospice, Hospice Care Team, Hospital, Home Health Care Agency, or Skilled Nursing Facility for:

- any terminally ill Insured Person who chooses to participate in a Hospice Care Program rather than receive medical treatment to promote cure, and who, in the opinion of the attending Physician, is not expected to live longer than six months; and
- the family of such Insured Person;

but only to the extent that such Hospice Care Services are provided under the terms of a Hospice Care Program.

Hospice Care Services consist of:

- inpatient and outpatient hospice care, home care, nursing care, homemaking services, dietary services, social counseling, and other supportive services and supplies provided to meet the physical, psychological, spiritual, and social needs of the dying individual; and
- medical equipment, drugs and medicines (requiring a Physician's prescription) prescribed for the dying individual by any Physician who is a part of the Hospice Care Team; and
- instructions for care of the patient, social counseling, and other supportive services for the family of the dying individual.

- Benefits Payable

Benefits will be payable the same as for any other covered Treatment or Service.

- **Limitations**

The general Comprehensive Medical limitations listed in page NBM 5402 Q will apply to Hospice Care. In addition, Hospice Care Covered Charges will not include Hospice Care charges that:

- are in excess of the limits described in this section; or
- are for Hospice Care Services not approved by the attending Physician and the Company; or
- are for transportation services; or
- are for Hospice Care Services provided at a time other than while participating in a Hospice Care Program.

DESCRIPTION OF BENEFITS

MEDICAL EXPENSE INSURANCE

SKILLED NURSING FACILITY CARE

- Covered Charges

If an Insured Person is confined in a Skilled Nursing Facility, Covered Charges will include any charges incurred for room, board, and other services required for treatment, provided:

- the Insured Person requires daily Skilled Nursing or skilled rehabilitation care on an inpatient basis as determined by the Company; and
- the Skilled Nursing Facility confinement results from the sickness or injury that was the cause of the Hospital Inpatient Confinement; and
- inpatient Skilled Nursing Facility confinement is certified by a Physician as necessary to treat a sickness or injury; and

either

- the Skilled Nursing Facility confinement immediately follows a Hospital Inpatient Confinement for which benefits were payable under the Group Policy; or
- the Skilled Nursing Facility confinement begins not later than 14 days after the end of Hospital Inpatient Confinement or begins not later than 14 days after the end of a prior Skilled Nursing Facility confinement for which benefits were payable under the Group Policy.

The requirements for prior Hospital Inpatient Confinement will be waived if pre-approved by the Company. If not pre-approved, and the Skilled Nursing Facility Care does not follow Hospital Inpatient Confinement as described, benefits will be reduced as shown in page NBM 5407 CC.

- Benefits Payable

Benefits will be payable the same as for any other covered Treatment or Service, except that Covered Charges for each day will not be more than 50% of:

- the actual room charge (if the Hospital Inpatient Confinement was in a semiprivate room); or
- the Hospital Room Maximum (if the Hospital Inpatient Confinement was in a private room);

of the Hospital in which the Insured Person was confined before the Skilled Nursing Facility confinement. Also, Covered Charges will not include charges for more than 120 days for all Skilled Nursing Facility confinements that result from the same or a related sickness or injury. In addition Covered Charges will not include any charges after the date the attending Physician stops treatment or withdraws certification.

The following services will not be subject to the Skilled Nursing Facility confinement maximums as stated above:

- drugs and medicines (requiring a Physician's prescription) that are not billed by the Skilled Nursing Facility; and
- Durable Medical Equipment as that term is defined in this section that are not billed by the Skilled Nursing Facility; and
- x-ray or laboratory services that are not billed by the Skilled Nursing Facility; or
- visits by a Doctor of Medicine (M.D.) or Doctor of Osteopathy.

Limitations

The general Comprehensive Medical limitations listed in page NBM 5402 Q will apply to Skilled Nursing Facility confinements. In addition, Skilled Nursing Facility Covered Charges will not include Skilled Nursing Facility confinement charges billed by the Skilled Nursing Facility that:

- are in excess of the limits and maximums described in this section; or
- are incurred on or after the date the attending Physician stops treatment or ceases to prescribe skilled care.

DESCRIPTION OF BENEFITS MEDICAL EXPENSE INSURANCE

- **TRADITIONAL EAST ASIAN MEDICINE**

- **Covered Charges**

Covered Charges will include charges for:

- acupuncture;
- acupressure.

- homeopathy.

MEDICAL EXPENSE INSURANCE

UTILIZATION MANAGEMENT PROGRAM

In order to monitor the use of inpatient health care services, services within specialized facilities, and other kinds of medical treatment, this plan has a Utilization Management program which will promote efficiency and cost containment. Utilization Review procedures are used to evaluate the necessity and appropriateness of services while maintaining quality of care.

- Utilization Management Requirements - Applicable to medical care received from a PPO Provider or a Non-PPO Provider

- For Hospital Inpatient Confinement Charges and charges for services provided in an inpatient confinement facility, a Precertification is requested from the Company by the Insured Person or a designated patient representative as soon as a Hospital Inpatient Confinement or confinement in an inpatient confinement facility is scheduled, but no later than the day of a Hospital Inpatient Confinement or confinement in an inpatient confinement facility, for other than Emergency Services. Precertification is not a guarantee that benefits will be payable.

For the purpose of these requirements, "Precertification" means notification to the Company by the Insured Person or his or her designated representative prior to a non-emergency Hospital Inpatient Confinement or confinement in an inpatient confinement facility.

Benefits will be payable only for that part of the Hospital Inpatient Confinement Charges or inpatient confinement facility charges that the Company determines to be a Covered Charge.

An inpatient confinement facility includes:

- Hospital;
- Skilled Nursing Facility;
- Rehabilitation hospital;
- Hospice;
- Long term acute care facility;
- Gene-Based, Cellular And Other Innovative Therapies (GCIT) facility/provider;
- Psychiatric Hospital or psychiatric unit of a general Hospital for Mental Health or Behavioral Treatment Services;
- Inpatient Alcohol or Drug Abuse Treatment Facility or drug or alcohol unit of a general Hospital or any other facility required by state law to be recognized as a treatment facility under the Group Policy for Alcohol and Drug Abuse Treatment Services;
- Residential treatment center or facility.

Certain exceptions apply to Hospital Inpatient Confinement for childbirth as described below.

- For Emergency Services admissions, the Insured Person or a designated patient representative must contact the Company within two business days of a Hospital Inpatient Confinement or of a confinement in an inpatient confinement facility. Precertification is not a guarantee that benefits will be payable.
- For selected outpatient non-emergency medical services, the Insured Person or a designated patient representative must contact the Company 15 calendar days before the care is provided, or the Treatment or Service is scheduled. Precertification is not a guarantee that benefits will be payable.

Outpatient services requiring Precertification generally include, but are not limited to the following:

- Complex imaging, including but not limited to MRI, MRA, CT-PET SCANS, and IMRT;
- Certain cosmetic and reconstructive surgery, including but not limited to breast related procedures, varicose vein procedures, septoplasty, blepharoplasty, and abdominoplasty;
- Back surgery, including but not limited to artificial discs, laminectomy, lumbar fusion, facet joint injection;
- Certain selective surgery, including but not limited to hysterectomy, bariatric surgery, and stereotactic radiosurgery; and
- Gene-Based, Cellular And Other Innovative Therapies (GCIT) facility/provider.

The above list of outpatient services are representative of common procedures requiring Precertification, however they are subject to change. For a current list of outpatient services requiring Precertification, please see the Nippon Life Insurance Company of America website at www.nipponlifebenefits.com. Please be aware that some outpatient services while not requiring Precertification may nevertheless be subject to medical necessity reviews to determine whether it is a Covered Charge.

- **Precertification - Applicable to medical care received from PPO Providers or Non-Preferred Providers**

A Precertification by the Company is required for all Hospital Inpatient Confinements or inpatient facility confinements and selected outpatient procedures. Precertification is not a guarantee that benefits will be payable.

Precertification requires a review by the Company of a Physician's report of the need for selected outpatient procedures or a Hospital Inpatient Confinement or confinement in an inpatient confinement facility, (unless it is for an automatically approved Hospital Inpatient Confinement for childbirth).

The report (verbal or Written) must include the:

- reason(s) for requesting continued Hospital Inpatient Confinement or confinement in an inpatient confinement facility or outpatient procedure; and
- significant symptoms, physical findings, and treatment plan; and
- procedures performed or to be performed on an outpatient basis or during the Hospital Inpatient Confinement or confinement in an inpatient confinement facility; and
- estimated length of the continued Hospital Inpatient Confinement or confinement in an inpatient confinement facility, if applicable.

If a Hospital Inpatient Confinement or confinement in an inpatient confinement facility will exceed the approved number of days, the Company will initiate a Continued Stay Review. For the purpose of these requirements, **Continued Stay Review** means a review by the Company of a Physician's report of the need for continued Hospital Inpatient Confinement or confinement in an inpatient confinement facility.

The report (verbal or Written) must include the:

- reason(s) for requesting continued Hospital Inpatient Confinement or confinement in an inpatient confinement facility; and
- significant symptoms, physical findings, and treatment plan; and
- procedures performed or to be performed during the Hospital Inpatient Confinement or confinement in an inpatient confinement facility; and
- estimated length of the continued Hospital Inpatient Confinement or confinement in an inpatient confinement facility.

Charges incurred for room, board and other usual services, including Physician Visits, that are in excess of those approved by the Company for Inpatient Hospital Confinement or confinement in an inpatient confinement facility will not be considered Covered Charges.

The following exception applies to Hospital Inpatient Confinement for childbirth.

Covered Charge requirements are waived and a Precertification is not required for mother and baby, for:

- A 48-hour Hospital Inpatient Confinement following vaginal delivery; or
- A 96-hour Hospital Inpatient Confinement following cesarean section.

A request for review by the Company of the need for continued Hospital Inpatient Confinement for mother or baby beyond the automatically approved time period stated above must be made by the Insured Person or a designated patient representative before the end of that time period.

Except as waived above, no benefits will be payable for any Treatment or Service that is not a Covered Charge.

If Precertification is denied the Insured Person or a designated patient representative has the right to request an appeal review.

When an Insured Person has health care insurance under more than one plan, the Precertification requirements do not apply when the Company will pay as a secondary plan as described in page NBM 5156 Coordination With Other Benefits.

- Definitions Applicable to the Utilization Management Program

Concurrent Review

Utilization Review conducted during an Insured Person's Hospital stay or course of treatment.

Continued Stay Review

A review by the Company of a Physician's report of the need for continued Hospital Inpatient Confinement or confinement in an inpatient confinement facility to determine if the continued stay is a Covered Charge.

Health Professional

An individual who:

- has undergone formal training in a health care field;
- holds an associate or higher degree in a health care field, or holds a state license or state certificate in a health care field; and
- has professional experience in providing direct patient care.

Initial Clinical Review(er)

Clinical review conducted by appropriate licensed or certified Health Professionals. Initial Clinical Review staff may approve requests for admissions, procedures, and services that meet clinical review criteria, but must refer requests that do not meet clinical review criteria to a Peer Clinical Reviewer for certification or Adverse Determination.

Notification of Utilization Review Services

Receipt of necessary information to initiate review of a request for Utilization Review services to include the Insured Person's name and the Member's name (if different from the Insured Person's name), attending Physician's name, treatment facility's name, diagnosis, and date of service.

Ordering Provider

The Physician or other provider who specifically prescribes the health care service being reviewed.

Peer Clinical Review(er)

Clinical review conducted by a Physician or other Health Professional when a request for an admission, procedure, or service was not approved during the Initial Clinical Review.

In the case of an appeal review, the Peer Clinical Reviewer is a Physician or other Health Professional who holds an unrestricted license and is in the same or similar specialty as typically manages the medical condition, procedures, or treatment under review. Generally, as a peer in a similar specialty, the individual must be in the same profession, i.e., the same licensure category as the Ordering Provider.

Precertification

A review by the Company of a Physician's report before certain services are provided, such as a Hospital Inpatient Confinement or a confinement in an inpatient confinement facility (unless it is for an automatically approved Hospital Inpatient Confinement for childbirth) or selected outpatient procedures to determine whether the services being recommended are considered Covered Charges. Precertification is not a guarantee that benefits will be payable.

Prospective Review

Utilization Review conducted prior to an Insured Person's stay in a Hospital or other health care facility or course of treatment, including any required preauthorization or Precertification.

Retrospective Review

Utilization Review conducted after the Insured Person is discharged from a Hospital or other health care facility or has completed a course of treatment.

Urgent Review

Utilization Review that must be completed sooner than a Prospective Review in order to prevent serious jeopardy to an Insured Person's life or health or the ability to regain maximum function, or in the opinion of a Physician with knowledge of the Insured Person's medical condition, would subject the Insured Person to severe pain that cannot be adequately managed without treatment. Whether or not there is a need for an Urgent Review is based upon the Company's determination using the judgment of a prudent layperson who possesses an average knowledge of health and medicine. An Insured Person's provider should not request an Urgent Review for a situation in which the provider or Insured Person has had adequate time to request standard Precertification.

Utilization Management

The administration of Utilization Review procedures, such as Precertification of hospital admissions and inpatient confinements, monitoring services during a course of treatment, discharge planning, peer reviews, case management and appeals.

Utilization Review

The evaluation of the clinical necessity, appropriateness, efficacy or efficiency of health care services, procedures, providers, or facilities according to a set of formal techniques and guidelines.

- Utilization Review Program

- Prospective Review

For an initial Prospective Review, a decision and notification of the decision will be made within 15 calendar days of the date the Company receives Notification of Utilization Review Services. If a decision cannot be made due to insufficient information, the Company will either issue an Adverse Determination or send an explanation of the information needed to complete the review prior to expiration of the 15 calendar days. If the Company does not issue an Adverse Determination and requests additional information to complete the review, the Insured Person, the attending Physician or other Ordering Provider, or the facility rendering the service is permitted up to 45 calendar days to provide the necessary information. The Company will render a decision within 15 calendar days of either receiving the necessary information or the expiration of 45 calendar days, if no additional information is received. For certifications, the Company will provide notification to the attending Physician or other Ordering Provider, the facility rendering service and the Insured Person. Upon request, the Company will provide Written notification of the certification. Adverse Determinations will be made in Writing to the attending Physician or other Ordering Provider, the facility rendering service and the Insured Person.

- **Urgent Prospective Review**

For Urgent Review of a Prospective Review, a decision and notification of the decision will be made within 72 hours of the date the Company receives Notification of Utilization Review Services. If a decision cannot be made due to insufficient information, the Company will either issue an Adverse Determination or send an explanation of the information needed to complete the review within 24 hours of receipt of Notification of Utilization Review Services. If the Company does not issue an Adverse Determination and requests additional information to complete the review, the Insured Person, the attending Physician or other Ordering Provider, or the facility rendering the service is permitted up to 48 hours to provide the necessary information. The Company will render a decision within 48 hours of either receiving the necessary information or if no additional information is received, the expiration of the 48 hours to provide the specified additional information. For certifications, the Company will provide notification to the attending Physician or other Ordering Provider, the facility rendering service and the Insured Person. Upon request, the Company will provide Written notification of the certification. Adverse Determinations will be made in Writing to the attending Physician or other Ordering Provider, the facility rendering service and the Insured Person.

- **Concurrent Review**

For a Concurrent Review that does not involve an Urgent Review, a request to extend a course of treatment beyond the period of time or number of treatments previously approved by the Company will be decided within the timeframes and according to the requirements for Prospective Review.

- **Urgent Concurrent Review**

For an Urgent Review of a Concurrent Review, a request to extend a course of treatment beyond the period of time or number of treatments previously approved by the Company will be decided and notification of the decision will be made within 24 hours of receipt of the Notification of Utilization Review Services if the request is made at least 24 hours prior to the expiration of the previously approved period or number of treatments. If a request is made less than 24 hours prior to the expiration of the previously approved period or number of treatments, a decision and notification of the decision will be made within 72 hours of receipt of the Notification of Utilization Review Services.

- **Retrospective Review**

For a Retrospective Review, a decision and notification of the decision will be made within 30 calendar days after the Company receives Notification of Utilization Review Services. If a decision cannot be made due to insufficient information, the Company will either issue an Adverse Determination or send an explanation of the information needed to complete the review prior to the expiration of the 30 calendar days. If the Company does not issue an Adverse Determination and requests additional information to complete the review, the Insured Person, the attending Physician or other Ordering Provider, or the facility rendering the service is permitted up to 45 calendar days to provide the necessary information. The Company will render a decision within 15 calendar days of either receiving the necessary information or the expiration of 45 calendar days, if no additional information is received. For certifications, the Company will provide notification to the attending Physician or other Ordering Provider, the facility rendering service and the Insured Person. Upon request, the Company will provide Written notification of the certification. Adverse Determinations will be made in Writing to the attending Physician or other Ordering Provider, the facility rendering service and the Insured Person.

- **Request for Reconsideration**

When an initial decision is made not to certify an admission or other service and no peer-to-peer conversation has occurred, the Peer Clinical Reviewer that made the initial decision will be made available within one (1) business day to discuss the Adverse Determination decision with the attending Physician or other Ordering Provider upon their request. If the original Peer Clinical Reviewer is not available, another Peer Clinical Reviewer will be made available to discuss the review.

At the time of the conversation, if the reconsideration process is unable to resolve the difference of opinion regarding a decision not to certify, the attending Physician or other Ordering Provider will be informed of the right to initiate an appeal and the procedure to do so. For certifications, the Company will provide notification to the attending Physician or other Ordering Provider, the facility rendering service and the Insured Person. Upon request, the Company will provide Written notification of the certification. For Adverse Determinations notification will be made in Writing to the attending Physician or other Ordering Provider, the facility rendering service and the Insured Person.

- **Appeal of Adverse Determinations**

The Insured Person, a designated patient representative, Physician, or other health care provider has the right to request an appeal review of any Utilization Management decision by fax or in Writing. The Company will make a full and fair review of the Adverse Determination.

The Company will allow a claimant to review the claim file and to present evidence and testimony as part of the internal claims and appeal process.

The Company will provide the claimant, free of any charge, with any new or additional evidence considered, relied upon, or generated by the Company in connection with the claim. The evidence will be provided in advance of the date on which the notice of Final Adverse Determination is required to be provided. If it is impossible to provide the new or additional evidence in time for the Insured Person to have a reasonable opportunity to respond, the timing for appeal determinations will be tolled until the earlier of:

- the date the claimant responds to the new or additional evidence; or
- three weeks from the date the new or additional evidence was mailed to the claimant.

Before the Company issues a Final Adverse Determination based on a new or additional rationale, the claimant will be provided, free of charge, with the rationale. The rationale will be provided in advance of the date on which the notice of Final Adverse Determination is required to be provided. If it is impossible to provide the new or additional rationale in time for the Insured Person to have a reasonable opportunity to respond, the timing for appeal determinations will be tolled until the earlier of:

- the date the claimant responds to the new or additional rationale; or
- three weeks from the date the new or additional rationale was mailed to the claimant.

- **Expedited Appeal Review and Voluntary Appeal Review**

An expedited appeal review is a request, usually by telephone but can be Written, for a review of a decision not to certify an Urgent Review. An expedited appeal review must be requested within 180 calendar days of the receipt of an Adverse Determination.

A decision and notification of the decision on the expedited appeal of an Urgent Review decision will be made within 72 hours from request of an expedited appeal review. Written or electronic notification of the appeal review outcome will be made to the attending Physician or other Ordering Provider and the Insured Person.

If the Adverse Determination is affirmed on the appeal review, the Insured Person, attending Physician, or other Ordering Provider can request an external review or a voluntary appeal review. The voluntary appeal review may be requested by telephone, fax or in Writing within 60 calendar days of the receipt of the first appeal review Adverse Determination. The Insured Person, attending Physician or other Ordering Provider may submit Written comments, documents, records and other information relating to the request for voluntary appeal review. The Company will make a decision within 72 hours of request for a voluntary appeal review.

Election of a second appeal is voluntary and does not negate the Insured Person's right to an external review, nor does it have any effect on the Member or the Insured Person's rights to any other benefit under the Group Policy. The Company offers the voluntary appeal review process in an effort that the claim may be resolved in good faith without legal intervention. At any time during the second appeal process, the Insured Person may request an external review.

Note: The expedited appeal process does not apply to Retrospective Reviews.

- **Standard Appeal Review and Voluntary Appeal Review**

A standard appeal may be requested in Writing. It must be requested within 180 calendar days of the receipt of an Adverse Determination. A final decision will be made in Writing to the Insured Person or the attending Physician within 30 calendar days of receiving the request for an appeal for post-service claims and 15 calendar days for pre-service claims.

If the Adverse Determination is affirmed on the appeal review, the Insured Person, attending Physician, or other Ordering Provider can request an external review or a voluntary appeal review. The voluntary appeal review may be requested by fax or in Writing within 60 calendar days of the receipt of the first appeal review Adverse Determination. The Insured Person or authorized representative acting on behalf of the Insured Person has the right to appear before the voluntary second level review meeting panel. The Company will provide 15 business days advance notice of the date of the voluntary second level review meeting to the Insured Person or authorized representative acting on behalf of the Insured Person. The Insured or the attending Physician may submit Written comments, documents, records and other information relating to the request for the voluntary second appeal review. The review panel will make a decision within 60 business days of the date of the request for a voluntary second appeal review. If the decision is not in favor of the Insured Person, the Company will issue a Written or electronic Final Adverse Determination decision to the Insured Person or authorized representative acting on behalf of the Insured Person within 5 business days of completing the voluntary second level review meeting.

Election of a second appeal is voluntary and does not negate the Insured Person's right to an external review, nor does it have any effect on the Member or the Insured Person's rights to any other benefit under the Group Policy. The Company offers the voluntary appeal review process in an effort that the claim may be resolved in good faith without legal intervention. At any time during the second appeal process, the Insured Person may request an external review.

Notice of Utilization Review

For purposes of satisfying the claims processing requirements, receipt of claim will be considered to be met when the Company receives Notification of Utilization Review Services.

If an Insured Person or designated patient representative fails to follow the Company's procedures for filing a claim for a Precertification, a Prospective Review, or an Urgent Review, the Company will notify the Insured Person or designated patient representative of the failure and the proper procedures to be followed.

SEE CLAIM PROCEDURES IN PAGE NBM 5146 FOR IMPORTANT CLAIM PROCEDURES INFORMATION ON FILING MEDICAL CLAIMS.

MEDICAL EXPENSE INSURANCE

GRIEVANCE PROCEDURES

Applicability

The Insured Person or authorized representative acting on the Insured Person's behalf may file a Grievance if the Insured Person is dissatisfied with any action the Company may have taken. An informal review may also be requested if the Insured Person or authorized representative acting on the Insured Person's behalf is dissatisfied with any action taken by the Company. A Written letter can be sent to the local service center (the address is shown on the Insured Person's ID card). If the Grievance involves an Urgent Care Request, an oral Grievance may be submitted to the local service center (the phone number is on the Insured Person's ID card).

Definitions

Grievance means a Written appeal of an Adverse Determination or Final Adverse Determination submitted by or on behalf of the Insured Person regarding:

- availability, delivery, or quality of health care services regarding an Adverse Determination;
- claims payment, handling or reimbursement for health care services;
- matters pertaining to the contractual relationship between the Insured Person and the Company; or
- matters pertaining to the contractual relationship between a health care provider and the Company.

Urgent Care Request means a request for a health care service or course of treatment with respect to which the time periods for making a non-Urgent Care Request determination:

- Could seriously jeopardize the Insured Person's life or health or the ability for the Insured Person to regain maximum function; or
- In the opinion of a Physician with knowledge of the Insured Person's medical condition, would subject the Insured Person to severe pain that cannot be adequately managed without the health care Treatment or Service that is the subject of the request.

Grievance Review

First Level Review

Within 180 calendar days after the date of receipt of a notice of an Adverse Determination, the Insured Person or an authorized representative acting on the Insured Person's behalf, may file a Grievance with the Company requesting a first level review of an Adverse Determination.

The Insured Person or authorized representative acting on the Insured Person's behalf is entitled to:

- submit Written comments, documents, records and other material relating to the request for benefits for the reviewer or reviewers to consider when conducting the review; and
- receive from the Company, upon request and free of charge, reasonable access to and copies of all documents, records and other information relevant to the Insured Person's request for benefits.

The Company will make a decision and notify the Insured Person or authorized representative acting on the Insured Person's behalf in Writing or electronically within the following timeframes:

- for a Prospective Review, within a reasonable period of time that is appropriate given the Insured Person's medical condition, but no later than 15 calendar days after receipt of the Grievance requesting the first level review.
- for a Retrospective Review, within a reasonable period of time, but no later than 30 calendar days after receipt of the Grievance requesting the first level review.

Voluntary Second Level Review

Within 60 calendar days after the date of receipt of a first level review decision involving an Adverse Determination, the Insured Person or an authorized representative acting on the Insured Person's behalf, may file a voluntary second level review.

Within five business days after receipt of a request for a second level review, the Company will send notice to the Insured Person or authorized representative acting on behalf of the Insured Person of their right to:

- Request, within ten business days after receipt of the notice, the opportunity to appear in person before a panel of Company designated representatives;
- Receive from the Company, upon request, copies of all documents, records and other information that is not confidential or privileged relevant to the Insured Person's request for benefits;

- Present the Insured Person's case to the review panel;
- Submit Written comments, documents, records and other material relating to the request for benefits to the review panel for consideration when conducting the second level review;
- If applicable, ask questions of any of the Company representatives on the review panel; provided, the questions are governed and relevant to the subject matter of the second level review; and
- Be assisted or represented by an individual of the Insured Person's choice, at the Insured Person's expense.

Procedures for conducting the second level review:

- The review panel will schedule and hold the second level review within sixty (60) business days after the date of receipt of the request for a second level review. The Insured Person or authorized representative acting on behalf of the Insured Person will be notified in Writing fifteen (15) business days in advance of the date of the second level review. The Company will not unreasonably deny a request for postponement of the second level review made by the Insured Person or authorized representative acting on behalf of the Insured Person.
- The second level review will be held during regular business hours at a location that meets the guidelines established by the Americans with Disabilities Act.
- In cases where an in-person second level review is not practical for geographical reasons, or any other reason, the Company will give the Insured Person or authorized representative acting on behalf of the Insured Person, the opportunity to communicate with the review panel, at the Company's expense, by conference call or other appropriate technology as determined by the Company.
- The review panel will provide the Insured Person or authorized representative acting on behalf of the Insured Person notice of the right to have an attorney present at the second level review.
- The review panel will issue a Written or electronic decision to the Insured Person or authorized representative acting on behalf of the Insured Person within five (5) business days of completing the second level review meeting.

The decision issued will include the:

- Titles and qualifying credentials of the reviewers on the panel;
- Statement of the review panel's understanding of the nature of the Grievance and all pertinent facts;
- Rationale for the review panel's decision;
- Reference to evidence or documentation considered by the review panel in rendering its decision; and

- In cases concerning a Grievance involving a Final Adverse Determination:
 - Instructions for requesting a Written statement of the clinical rationale, including the clinical review criteria used to make the determination; and
 - If applicable, a statement describing the procedures for obtaining an external review of the Final Adverse Determination.

Expedited Review of Urgent Care Requests

An expedited review will be made available in a situation where the timeframe of the first and second level review would seriously jeopardize the life or health of the Insured Person, or the ability of the Insured Person to regain maximum function. The Insured Person or authorized representative acting on behalf of the Insured Person may submit a request for an expedited review orally or in Writing.

The Company will notify the Insured Person or authorized representative acting on behalf of the Insured Person of the decision orally within 72 hours after receiving the request. Written confirmation of the decision will be sent within three (3) calendar days after providing notification of the decision if the notification was not in Writing.

MEDICAL EXPENSE INSURANCE

EXTERNAL REVIEW

Right to Request an External Review of Adverse Determinations

Within six (6) months after receiving notice of an Adverse Determination or Final Adverse Determination the Insured Person or an authorized representative acting on behalf of the Insured Person, has the right to request an external review in Writing from the Company, if the Insured Person has exhausted the Company's internal review process as described in NBM 5407 GP TN.

Within ten business days after receipt of the request, the Company will complete a preliminary review to determine if the request is eligible for an external review.

Within three business days after completion of the preliminary review, the Company will notify the Insured Person or authorized representative in Writing if the request is complete and eligible for external review. If the request is not complete, the Company will notify the Insured Person or authorized representative in Writing and include the reasons for ineligibility. The Insured Person or authorized representative may appeal an ineligible decision with the Tennessee Department of Commerce and Insurance at the following address:

Department of Commerce and Insurance
Division of Insurance/Consumer Insurance Service
Davy Crockett Tower, 4th Floor
500 James Robertson Pkwy
Nashville, TN 37243-0574
Phone: (615) 741-2218 or 1-800-342-4029
E-mail: Insurance.Info@TN.Gov

Within three business days after the determination that an external review is determined eligible, the Company will notify the Insured Person or authorized representative in Writing of the eligibility and acceptance for external review and that additional information may be submitted in Writing to the external review organization within six business days following the date of receipt of the notice.

Within three calendar days after receiving the decision from the external review organization, the Company will notify the Insured Person or authorized representative of the external review organization's decision.

Upon receipt of a notice to reverse the Adverse Determination or Final Adverse Determination, the Company will immediately approve the coverage that was the subject of the external review and if the decision involves healthcare provider compensation, the Company will make appropriate payment to the healthcare provider within ten business days.

If the Insured Person has a medical condition where the time-frame for completion of a standard external review would seriously jeopardize the Insured Person's life or health or ability to regain maximum function, an expedited review will be completed by the external review organization and the Company will notify the Insured Person or authorized representative of the external review organization's decision within 72 hours after the date of receipt of the request that meets the reviewability requirements.

If the expedited review request is for Treatment or Service that is Experimental or Investigational, the Insured Person's treating Physician must certify in Writing that the recommended or requested Treatment or Service would be significantly less effective if not promptly initiated.

An expedited external review will not be provided for retrospective Adverse Determinations or Final Adverse Determinations.

The Company will pay the cost of the external review. An external review decision is binding on the Company, the Insured Person, and the health care provider unless there are other remedies available under applicable federal or Tennessee law.

DESCRIPTION OF BENEFITS

PRESCRIPTION DRUGS EXPENSE INSURANCE

Payment Conditions

Subject to the terms and limitations of the Group Policy summarized in this booklet-certificate, if drugs and medicines are prescribed to treat an Insured Person, the Company will pay 100% of the charges in excess of the Copay amount as described in the Summary of Benefits section.

Benefit payment will be limited to:

- Covered Charges as described in this section; and
- for certain qualified Maintenance Drugs and Medicines, a 90-day supply for each prescription and each refill provided that an amount equal to three-times a 30-day supply Copay amount will apply; and
- for all other drugs and medicines, not more than a 30-day supply for each prescription and each refill; and
- prescriptions filled by a Member Pharmacy.

If the Insured Person uses a Nonmember Pharmacy, Prescription Drugs Covered Charges less the Copay may only be reimbursed up to the amount determined by the Payment Schedule established by the Company for each prescription or refill.

Prescription Drugs Utilization Review Program

For Maintenance Drugs and Medicines

A prescription will not be refilled if there is a previously dispensed quantity for the same prescription (for the same Insured Person) and the dispensing date for the current prescription is earlier than the date on which approximately 66.6% of the previously dispensed quantity would be expected to last if the previously dispensed quantity was consumed based on the dosage instructions provided by the Physician.

For all other Drugs and Medicines

A prescription will not be refilled if there is a previously dispensed quantity for the same prescription or refill (for the same Insured Person) and the previously dispensed quantity of the drug or medicine was for:

- less than a 15-day supply and the dispensing date for the current prescription is more than four days before a previously dispensed supply would be exhausted; or
- more than a 14-day supply and the dispensing date for the current prescription is more than ten days before the previously dispensed supply would be exhausted; or

- more than a 14-day supply and the dispensing date for the current prescription is earlier than the date on which approximately 66.6% of the previously dispensed quantity would be expected to last if the previously dispensed quantity was consumed based on the dosage instructions provided by the Physician.

Exhaustion of the previously dispensed supply is determined based on when the last dose of the medicine or drug would have been consumed if the previously dispensed supply was consumed by the prescription date. Prescriptions may be refilled prior to exhaustion of a previously dispensed quantity for the same prescription or refill for up to a 30 day quantity once per Calendar Year.

For certain drugs or classes of drugs designated by the Company, the Company reserves the right to:

- require prior authorization for dispensing; and
- limit the quantity of drugs for which benefits will be paid; and
- require the dispensing of certain drugs before paying benefits for another drug within a given class, as established by the Company; and
- require the dispensing of a single daily dose of certain drugs.

Prescription Drugs Covered Charges

Prescription Drugs Covered Charges will be the actual cost charged to the Insured Person but only to the extent that the actual cost charged does not exceed the maximum amount allowed under the Payment Schedule as established by the Company.

Prescription Drugs Covered Charges will include charges for:

- the following diabetic supplies:
 - insulin and other antihyperglycemic medications used for the treatment of diabetes; and
 - disposable insulin needles/syringes; and
 - disposable blood/urine glucose/acetone testing agents (e.g., Chemstrips, Acetest tablets, and Clinitest tablets); and
 - lancets; and
 - glucometers (limited to no more than one each Calendar Year); and
- compounded medications in which at least one ingredient is a Prescription Legend Drug; and
- injectable medications; and
- legend oral contraceptives; and
- progesterone, all dosage forms; and
- growth hormones for specific conditions as determined by the Company; and

- any other drug or medicine that can be legally dispensed only upon the Written prescription of a Physician.

In no event will the maximum amount allowed under the Payment Schedule for each prescription or refill exceed the Average Wholesale Price less 14%.

Definitions

Brand Name Prescription Drug/Brand Name Drug means a drug that is customarily recognized throughout the pharmaceutical profession as the original or trademarked preparation of a drug entity and for which the Food and Drug Administration (FDA) has given general marketing approval.

Formulary means a comprehensive listing of drugs by therapeutic class or diagnosis that provides drug therapy guidelines and cost comparisons for prescribers. If a drug is not included in the Formulary, no benefits will be paid. The Formulary will be maintained in compliance with state and federal law.

Generic Prescription Drugs/Generic Drugs mean pharmaceutical products manufactured and sold under their chemical, common, or official name or a drug that the Company identifies as a Generic Drug. Classification of a Prescription Drug as a Generic is determined by the Company and not by the manufacturer or pharmacy. The Company classifies a Prescription Drug as a Generic based on available data resources or for cost reduction purposes, therefore, all products identified as a “generic” by the manufacturer or pharmacy may not be classified as a Generic by the Company.

Maintenance Drugs and Medicines mean a medicinal substance that by law can only be dispensed by a prescription and is taken on a regular or long term basis to treat chronic medical conditions to include: coronary artery disease (angina); diabetes (including, diabetic supplies, e.g., insulin and other antihyperglycemic medications used for the treatment of diabetes, disposable insulin needles/syringes; lancets; disposable blood/urine glucose/acetone testing agents, e.g., Chemstrips, Acetest tablets, and Clinitest tablets); glucometers, (limited to one each Calendar Year), hypertension; glaucoma; thyroid disease; seizure disorders; hyperlipidemia; congestive heart failure; clotting disorders; chronic obstructive pulmonary disease; and hormonal deficiencies (hormone replacement). Maintenance Drugs and Medicines will also include legend oral contraceptives.

Member Pharmacy means any pharmacy which has contracted with the Pharmacy Benefit Manager to provide prescription drugs for which benefits are provided under the Group Policy.

Nonmember Pharmacy means any pharmacy which has not contracted with the designated prescription drugs claims administrator to become a Member Pharmacy.

Payment Schedule means the maximum reimbursement amount allowed under the program as established by the Company.

Pharmacy Benefit Manager means CVS Caremark.

Preferred Brand Name Prescription Drugs mean a list of drugs established by the Company that are considered to be clinically appropriate and cost effective. The Preferred Brand Name drugs list is a subset (i.e., a shorter list) of the Formulary list.

Prescription Drug Copay means a specified dollar amount that must be paid by an Insured Person for each prescription and each refill. The Prescription Drug Copay amount will be applied to the Comprehensive Medical Out-of-Pocket Expense Limits.

Prescription Legend Drugs mean any medicinal substance, the label of which under the Federal Food, Drug and Cosmetic Act is required to bear the legend, "Caution, Federal Law prohibits dispensing without a prescription."

Tier 1 Generic Prescription Drugs (including selected Preferred Brand Name Prescription Drugs) means a list of prescription drugs established by the Company.

Tier 2 Preferred Brand Name Prescription Drugs (including selected Generic Prescription Drugs) means a list of prescription drugs established by the Company.

Tier 3 Non-Preferred Prescription Drugs means a list of prescription drugs established by the Company.

Limitations

Prescription Drugs Covered Charges will not include and no benefits will be payable under the Prescription Drugs Expense Insurance portion of the Group Policy for the following items. However, the first seven items listed below may be eligible for benefits under the Comprehensive Medical Expense portion of the Group Policy as described under the Description of Benefits for Medical Expense Insurance in this booklet-certificate:

- drugs or medicines dispensed by a Hospital, Skilled Nursing Facility, rest home, or other institution in which the Insured Person is confined; or
- drugs or medicines delivered or administered by the prescriber; or
- therapeutic devices or appliances, including hypodermic needles, syringes, support garments and other non-medicinal substances, regardless of intended use, except as specifically provided above under Prescription Drug Covered Charges; or
- infertility drugs, immunization agents, biological sera, blood, blood plasma, or any prescription directing parenteral administration or use; or
- administration of any drug or medicine; or
- Levonorgestrel (Norplant); or
- drugs or medicines that are not Covered Charges; or

- drugs or medicines that are Experimental or Investigational. (The denial of any claim on the basis of the exclusion of coverage for Experimental or Investigational drugs or medicines may be appealed through the procedure prescribed in the notice of that claim decision); or
- drugs or medicines (other than insulin) that can be purchased without a Physician's prescription; or
- drugs or medicines prescribed or dispensed by any person who is in an Insured Person's Immediate Family; or
- vitamins, singly or in combination. Exception: legend prenatal vitamins are covered; or
- dietary supplements; or
- any prescription or refill in excess of the number directed by the Physician or any refill dispensed more than one year after the prescription date; or
- drugs or medicines for which the Insured Person has no financial liability or that would be provided at no charge in the absence of insurance, except for services rendered by a non-governmental charitable research hospital because it bills patients for services rendered, but does not enforce by judicial proceedings collection from individual patients in the absence of insurance coverage; or
- drugs or medicines paid for or furnished by the United States Government or one of its agencies (except as required under Medicaid provisions or other medical assistance plans for the needy or indigent or as required under Federal law); or
- drugs or medicines provided as the result of a sickness or injury that is due to war or act of war; or
- drugs or medicines provided as the result of a sickness or injury that is due to the Insured Person's commission of or attempt to commit a felony, or to which a contributing cause was the Insured Person's being engaged in an illegal occupation; or
- drugs or medicines covered by medical expense insurance issued under the Individual Purchase Rights described in page NBM 5452 of this booklet-certificate; or
- drugs or medicines provided as the result of:
 - an injury arising out of or in the course of any employment for wage or profit, if the Insured Person is covered under a Workers' Compensation Act or other similar law; except this limitation will not apply to: partners, proprietors, or corporate officers of the Policyholder who are not covered by a Workers' Compensation Act or other similar law; or
 - a sickness covered by a Workers' Compensation Act or other similar law; or
- cosmetic, and health and beauty aids; or
- dermatologicals used as hair growth stimulants; or
- drugs labeled "Caution-limited by Federal law to investigational use," or experimental, even though a charge is made to the individual; or
- topical dental fluorides; or
- DESI drugs (drugs determined by the Food and Drug Administration as lacking in substantial evidence of effectiveness); or
- drugs or medicines that are lost, stolen or spilled; or
- smoking deterrent medications containing nicotine or any other smoking cessation aids, all dosage forms except as covered under Preventive Health and Wellness Services; or

- anorectics (any drug used for the purpose of weight control); or
- minerals. Exception: Potassium supplements are covered; or
- hematinics; or
- drugs or medicines that are paid for by a Medicare Supplement Insurance Plan; or
- drugs or medicines prescribed for treatment leading to, in connection with or resulting from sexual transformation or intersex surgery; or
- any other drugs or medicines used for cosmetic purposes; or
- herbal supplements, except as provided under Traditional East Asian Medicine; or
- drugs that are not included in the Formulary.

Payment, Denial and Review

Any transaction at a pharmacy for prescription drug benefits is not a claim for benefits under the Employee Retirement Income Security Act (ERISA). To file a claim for benefits when utilizing a Member Pharmacy, contact the Pharmacy Benefit Manager at the telephone number listed on the Insured Person's identification card or contact the Company. To file a claim for benefits when utilizing a Nonmember Pharmacy or when an identification card is not utilized at a Member Pharmacy, submit a prescription drug claim form to the Pharmacy Benefit Manager.

Written proof of loss must be sent to the Pharmacy Benefit Manager or the Company within 90 calendar days after the date of loss. For purposes of satisfying the claim processing requirements, receipt of claim will be considered to be met when the Pharmacy Benefit Manager or the Company receives proof of loss. Proof of loss includes the patient's name, the Member's name (if different from the patient's name), prescription drug name, and date prescription drug dispensed. The Pharmacy Benefit Manager or the Company may request additional information to substantiate the loss or require a Signed unaltered authorization to obtain that information from the provider. Failure to comply with the Company's request or the request of Pharmacy Benefit Manager could result in declination of the claim.

The Employee Retirement Income Security Act (ERISA) permits up to 30 calendar days from receipt of claim for processing the claim. If a claim cannot be processed due to incomplete information, the Pharmacy Benefit Manager or the Company will send a Written explanation prior to the expiration of the 30 calendar days. The claimant is then allowed up to 45 calendar days to provide all additional information requested. The Pharmacy Benefit Manager or the Company will render a decision within 15 calendar days of either receiving the necessary information or upon the expiration of 45 calendar days if no additional information is received.

In actual practice, benefits under the Group Policy may be payable sooner, provided the Pharmacy Benefit Manager or the Company receives complete and proper proof of loss. If a claim is not payable or cannot be processed, the Pharmacy Benefit Manager or the Company will submit a detailed explanation of the basis for its denial. See page NBM 5407 GP for the Complaint and Grievance Procedures.

For purposes of this section, “claimant” means the Insured Person.

DESCRIPTION OF BENEFITS

MAIL SERVICE PRESCRIPTION DRUGS EXPENSE INSURANCE

Payment Conditions

Subject to the terms and limitations of the Group Policy summarized in this booklet-certificate, if Mail Service Prescription Drugs are prescribed to treat an Insured Person, the Company will pay 100% of charges in excess of the Copay amount as described in the Summary of Benefits section.

Benefit payment will be limited to:

- prescribed maintenance medications which are necessary to treat a chronic or long-term sickness or injury and that can be legally dispensed only upon the Written prescription of a Physician; and
- a 90-day supply for each prescription and each refill provided that an amount equal to three-times a 30-day supply Copay amount will apply; and
- prescriptions which are filled through the pharmacy designated by the Company to administer the mail order prescription drugs program.

If an Insured Person uses a Nonmember Pharmacy, Prescription Drugs Covered Charges less the Copay may only be reimbursed up to the amount determined by the Payment Schedule established by the Company for each prescription or refill.

Prescription Drugs Utilization Review Program

A prescription will not be refilled if there is a previously dispensed quantity for the same prescription (for the same Insured Person) and the dispensing date for the current prescription is earlier than the date on which approximately 66.6% of the previously dispensed quantity would be expected to last if the previously dispensed quantity was consumed based on the dosage instructions provided by the Physician.

For certain drugs or classes of drugs designated by the Company, the Company reserves the right to:

- require prior authorization for dispensing; and
- limit the quantity of drugs for which benefits will be paid; and
- require the dispensing of certain drugs before paying benefits for another drug within a given class, as established by the Company; and
- require the dispensing of a single daily dose of certain drugs.

Tier 2 Preferred Brand Name Prescription Drugs (including selected Generic Prescription Drugs) means a list of prescription drugs established by the Company.

Tier 3 Non-Preferred Prescription Drugs means a list of prescription drugs established by the Company.

90-Day Supplies

Typically, prescriptions submitted to the Pharmacy will be filled in 90-day supplies. The Insured Person should have his or her Physician contact the Pharmacy at the toll-free number shown on the order form if there are any questions.

How to Order From the Pharmacy

The Insured Person's initial order consists of three parts: the Written prescription from his or her Physician; a Patient/Profile Order form with preaddressed envelope; and a Copay. These are described below. Allow 14 days for the order to be completed and shipped to the Insured Person. All orders are mailed either by Federal Express, UPS or First Class U.S. Mail. If the Insured Person wishes to have his or her order shipped Federal Express, the Insured Person will need to pay the cost.

The Written Prescription

When obtaining a prescription, be sure to ask the Physician to specify the following information:

- patient name;
- prescription for a 90-day supply of medication (the Physician should indicate the total number of pills required for that period of time. For example, 270 tablets would be needed for medication that must be taken three times a day.);
- refills (many maintenance drugs can be prescribed for up to one year; therefore, a prescription for a 90-day supply may specify up to three refills.);
- Physician's signature.

Also, it is very important to include the Insured Person's name, address, member number on the prescription form, so that eligibility for the program can be verified when the Pharmacy receives the order.

Patient Profile/Order Form

Included in the installation package the Insured Person receives, as well as with each order shipped, is the Patient Profile/Order Form. This form is to be completed and sent in the preaddressed envelope with each order. The Patient Profile/Order Form provides information concerning eligibility in addition to health and allergy conditions pertaining to each Insured Person.

Copay

A check or money order for the correct Copay must accompany each order. The Copay amount is described in the Summary of Benefits section. The Insured Person may also be able to charge the Copay to a credit card as explained on the Patient Profile/Order Form. Please do not send cash.

Refills or Follow-up Orders

Each filled order the Insured Person receives includes Refill Ordering Instructions, a Patient/Profile Order Form, and a preaddressed envelope. Orders for refills should be placed approximately 30 days before the current supply of medication is expected to run out.

Special Situations

If a maintenance medication is prescribed for immediate use, the Insured Person should obtain two prescriptions--one for a 14-day supply to be filled immediately at a local Member Pharmacy, and a second for an extended 90-day supply with refills, to be filled by the mail service pharmacy.

Questions

Please call the pharmacy's customer service number with any questions concerning medication or a particular order. The toll-free number is shown on the Insured Person's order form.

Also included with each order filled is a Patient Counseling information sheet which has specific information about the medication included with the order.

Limitations

Prescription Drugs Covered Charges will not include and no benefits will be payable under the Prescription Drugs Expense Insurance portion of the Group Policy for the following items. However, the first seven items listed below may be eligible for benefits under the Comprehensive Medical Expense portion of the Group Policy as described under the Description of Benefits for Medical Expense Insurance in this booklet-certificate:

- drugs or medicines dispensed by a Hospital, Skilled Nursing Facility, rest home, or other institution in which the Insured Person is confined; or
- drugs or medicines delivered or administered by the prescriber; or
- therapeutic devices or appliances, including hypodermic needles, syringes, support garments and other non-medicinal substances, regardless of intended use, except as specifically provided above under Prescription Drug Covered Charges; or
- infertility drugs, immunization agents, biological sera, blood, blood plasma, or any prescription directing parenteral administration or use; or
- administration of any drug or medicine; or
- Levonorgestrel (Norplant); or
- drugs or medicines that are not Covered Charges; or
- drugs or medicines that are Experimental or Investigational. (The denial of any claim on the basis of the exclusion of coverage for Experimental or Investigational drugs or medicines may be appealed through the procedure prescribed in the notice of that claim decision); or
- drugs or medicines (other than insulin) that can be purchased without a Physician's prescription; or
- drugs or medicines prescribed or dispensed by any person who is in an Insured Person's Immediate Family; or

- vitamins, singly or in combination. Exception: legend prenatal vitamins are covered; or
- dietary supplements; or
- any prescription or refill in excess of the number directed by the Physician or any refill dispensed more than one year after the prescription date; or
- drugs or medicines for which the Insured Person has no financial liability or that would be provided at no charge in the absence of insurance, except for services rendered by a non-governmental charitable research hospital because it bills patients for services rendered, but does not enforce by judicial proceedings collection from individual patients in the absence of insurance coverage; or
- drugs or medicines paid for or furnished by the United States Government or one of its agencies (except as required under Medicaid provisions or other medical assistance plans for the needy or indigent or as required under Federal law); or
- drugs or medicines provided as the result of a sickness or injury that is due to war or act of war; or
- drugs or medicines provided as the result of a sickness or injury that is due to the Insured Person's commission of or attempt to commit a felony, or to which a contributing cause was the Insured Person's being engaged in an illegal occupation; or
- drugs or medicines covered by medical expense insurance issued under the Individual Purchase Rights described in page NBM 5452 of this booklet-certificate; or
- drugs or medicines provided as the result of:
 - an injury arising out of or in the course of any employment for wage or profit, if the Insured Person is covered under a Workers' Compensation Act or other similar law; except this limitation will not apply to: partners, proprietors, or corporate officers of the Policyholder who are not covered by a Workers' Compensation Act or other similar law; or
 - a sickness covered by a Workers' Compensation Act or other similar law; or
- cosmetic, and health and beauty aids; or
- dermatologicals used as hair growth stimulants; or
- drugs labeled "Caution-limited by Federal law to investigational use," or experimental, even though a charge is made to the individual; or
- topical dental fluorides; or
- DESI drugs (drugs determined by the Food and Drug Administration as lacking in substantial evidence of effectiveness); or
- drugs or medicines that are lost, stolen or spilled; or
- smoking deterrent medications containing nicotine or any other smoking cessation aids, all dosage forms except as covered under Preventive Health and Wellness Services; or

- anorectics (any drug used for the purpose of weight control); or
- minerals. Exception: Potassium supplements are covered; or
- hematinics; or
- drugs or medicines that are paid for by a Medicare Supplement Insurance Plan; or
- drugs or medicines prescribed for treatment leading to, in connection with or resulting from sexual transformation or intersex surgery; or
- any other drugs or medicines used for cosmetic purposes; or
- herbal supplements, except as provided under Traditional East Asian Medicine; or
- drugs that are not included in the Formulary.

Payment, Denial and Review

Any transaction at a pharmacy for prescription drug benefits is not a claim for benefits under the Employee Retirement Income Security Act (ERISA). To file a claim for benefits when utilizing a Member Pharmacy, contact the Pharmacy Benefit Manager at the telephone number listed on the Insured Person's identification card or contact the Company. To file a claim for benefits when utilizing a Nonmember Pharmacy or when an identification card is not utilized at a Member Pharmacy, submit a prescription drug claim form to the Pharmacy Benefit Manager.

Written proof of loss must be sent to the Pharmacy Benefit Manager or the Company within 90 calendar days after the date of loss. For purposes of satisfying the claim processing requirements, receipt of claim will be considered to be met when the Pharmacy Benefit Manager or the Company receives proof of loss. Proof of loss includes the patient's name, the Member's name (if different from the patient's name), prescription drug name, and date prescription drug dispensed. The Pharmacy Benefit Manager or the Company may request additional information to substantiate the loss or require a Signed unaltered authorization to obtain that information from the provider. Failure to comply with the Company's request or the request of Pharmacy Benefit Manager could result in declination of the claim.

The Employee Retirement Income Security Act (ERISA) permits up to 30 calendar days from receipt of claim for processing the claim. If a claim cannot be processed due to incomplete information, the Pharmacy Benefit Manager or the Company will send a Written explanation prior to the expiration of the 30 calendar days. The claimant is then allowed up to 45 calendar days to provide all additional information requested. The Pharmacy Benefit Manager or the Company will render a decision within 15 calendar days of either receiving the necessary information or upon the expiration of 45 calendar days if no additional information is received.

In actual practice, benefits under the Group Policy may be payable sooner, provided the Pharmacy Benefit Manager or the Company receives complete and proper proof of loss. If a claim is not payable or cannot be processed, the Pharmacy Benefit Manager or the Company will submit a detailed explanation of the basis for its denial. See page NBM 5407 GP for the Complaint and Grievance Procedures.

For purposes of this section, “claimant” means the Insured Person.

MEDICAL EXPENSE INSURANCE

INDIVIDUAL PURCHASE RIGHTS

If a Member's Medical Expense Insurance terminates and the Member has been continuously insured under the Group Policy (or for similar benefits under any group policy which it replaces) for at least the three-month period immediately prior to the date insurance terminates, the Member may buy other medical expense insurance from the Company. Except that, the Member may not buy other medical expense insurance if his or her Medical Expense Insurance terminates because:

- the Member failed to pay any required contribution; or
- the Group Policy terminates and continuous coverage is provided under a replacement group medical expense coverage; or
- the Member's continuation of insurance ends as provided in the Group Policy and such continuation ends because the Member:
 - fails to pay any required premium; or
 - becomes covered under other group medical expense coverage.

A statement of health will not be required. The other coverage will be on one of the forms the Company issues to persons who apply for individual purchase.

NOTE: The benefits provided under the conversion policy are not the same as the benefits provided under the Group Policy. Specific details regarding the terms of the conversion policy may be obtained from the Company or from the Policyholder.

The persons to be covered under the other medical expense insurance will be Insured Persons who are covered under the Group Policy on the date insurance ceases, except that any Developmentally Disabled or Physically Handicapped child beyond the maximum age for Dependent Children will be covered as provided in the last paragraph.

The Company will not issue other medical expense insurance if the Member is covered by similar coverage which, together with this coverage, may result in overinsurance based on Company standards for overinsurance.

Notice of the individual purchase right must be given to the Member by the Policyholder before insurance under the Group Policy terminates. The Member must apply for individual purchase and pay the first premium to the Company within 31 days after insurance under the Group Policy is terminated. The premium the Member pays will be at the Company's normal rate for the Member's age and for the risk class to which the Member belongs. Contact the Policyholder for the proper forms. The other medical expense insurance will then be in force on the day after that termination date.

The Member's spouse may buy other medical expense insurance in the same manner as described above for the Member, if insurance under the Group Policy ceases for the Member's spouse because:

- of the Member's death; or
- of divorce or legal separation from the Member; or
- continuation ends as provided in the Group Policy for a Member's spouse, unless continuation ends because the spouse:
 - fails to pay any required premium; or
 - becomes covered under other group medical expense coverage.

A Dependent Child may also buy other medical expense insurance in the same manner as described above for the Member, if insurance under the Group Policy ceases for the Dependent Child because:

- the child is no longer eligible as a Dependent; or
- continuation ends as provided in the Group Policy unless continuation ends because the Dependent Child:
 - fails to pay any required premium; or
 - becomes covered under other group medical expense coverage.

A Dependent Child beyond the maximum age for Dependent children, who is incapable of self-support because of a Developmental Disability or Physical Handicap may also buy other medical expense insurance in the same manner as described above for the Member, if the Dependent Child's insurance under the Group Policy ceases because the Member's insurance terminates as described above.

NOTE: Individual Purchase is also available at the end of any continuation period, provided the person is not then covered for similar coverage which, together with this coverage, may result in overinsurance based on Company standards for overinsurance.

If the Policyholder offers coverage under an HMO as an alternative to this coverage, these Individual Purchase Rights will not apply to any person who is covered by an HMO on the date insurance terminates or to any person who becomes covered by an HMO within 31 days after this insurance terminates.

MEDICAL EXPENSE INSURANCE

COORDINATION WITH OTHER BENEFITS

Applicability

These Coordination of Other Benefits (COB) provisions apply to This Plan (except benefits in Prescription Drugs and Mail Service Prescription Drugs) when an Insured Person has health care insurance under more than one Plan. "Plan" and "This Plan" are defined below.

If the COB provision applies, the order of benefit determination rules should be looked at first. Those rules determine whether the benefits of This Plan are determined before or after those of another plan. The benefits of This Plan:

- will not be reduced when, under the order of benefit determination rules, This Plan determines its benefits before another plan; but
- may be reduced when, under the order of benefit determination rules, another plan determines its benefits first.

Benefits paid under all other Plans plus the sum of benefits paid under the Group Policy will not exceed the lesser of the financial liability of the Insured Person or the Prevailing Charge for a Treatment or Service.

Definitions

"Plan" is any of these which provides benefits or services for, or because of, medical care or treatment:

- * - any insured or noninsured group, service, prepayment, or other program arranged through an employer, trustee, union, or association; and
 - ** - any program required or established by state or Federal law (including Medicare Parts A and B and C); and
 - any program sponsored by or arranged through a school or other educational agency; and
 - the first-party medical expense provisions of any automobile policy issued under a no-fault insurance statute and traditional fault-type contracts, including the self-insured equivalent of any minimum benefits required by law.
- * In the event a husband and wife are both employed by the Policyholder, each Plan will be considered a separate Plan with respect to these coordination of benefits provisions. The amount payable will not be more than 100% of the actual cost charged for Treatment or Service.

** Not applicable to persons subject to the INTEGRATION WITH MEDICARE provisions as described in page NBM 5157.

The term Plan will not include benefits provided under a student accident policy, nor will the term Plan include benefits provided under a state medical assistance program where eligibility is based on financial need.

"This Plan" is the medical expense benefits described in this booklet-certificate.

Primary Plan/Secondary Plan: The order of benefit determination rules determine whether This Plan is a "Primary Plan" or a "Secondary Plan" when compared to another Plan covering the person.

When This Plan is Primary, its benefits are determined before those of any other Plan and without considering any other Plan's benefits. When This Plan is Secondary, its benefits are determined after those of another Plan and may be reduced because of the Primary Plan's benefits.

Allowable Expense: A health care service or expense, including Deductibles, coinsurance, and Copayments, if any, that is covered at least in part by any of the Plans covering the person for whom benefits are claimed. When a Plan provides benefits in the form of services (for example an HMO), the reasonable cash value of each service will be considered an allowable expense and a benefit paid. An expense or service that is not covered by any of the plans is not an allowable expense. The following are examples of expenses or services that are not allowable expenses:

- If an Insured Person is confined in a private Hospital room, the difference between the cost of a semi-private room in the Hospital and the private room, (unless the Insured Person's stay in a private Hospital room is medically necessary in terms of Generally Accepted medical practice, or one of the Plans routinely provides coverage for Hospital private rooms) is not an Allowable Expense.
- The amount a benefit is reduced by the Primary Plan because an Insured Person does not comply with the Plan provisions. Examples of these provisions are Precertification of admissions and preferred provider arrangements.

Claim Determination Period means the part of a Calendar Year during which an Insured Person would receive benefit payments under This Plan if this section were not in force.

Effect on Benefits

Benefits otherwise payable under This Plan for Allowable Expenses during a Claim Determination Period may be reduced if:

- benefits are payable under any other Plan for the same Allowable Expenses; and
- the rules listed below provide that benefits payable under the other Plan are to be determined before the benefits payable under This Plan.

The reduction will be the amount needed to provide that the sum of payments under This Plan plus benefits payable under the other Plan(s) is not more than the total of Allowable Expenses. Each benefit that would be payable in the absence of this section will be reduced proportionately. Any such reduced amount will be charged against any applicable benefit limit of this Plan.

For this purpose:

- benefits payable under other Plans will include the benefits that would have been paid had claim been made for them;
- ** - for any person covered by Medicare Part A, benefits payable will include benefits provided by Medicare Part B and C whether or not the person is covered under that Part B and C.

**Not applicable to persons subject to the INTEGRATION WITH MEDICARE provisions as described in page NBM 5157.

Order of Benefit Determination

General. Except as described below under Medicare Exception, the benefits payable of a Plan that does not have a coordination of benefits provision similar to the provision described in this section will be determined before the benefits payable of a Plan that does have such a provision. In all other instances, the order of determination will be:

Rules. This Plan determines its order of benefits using the first of the following rules which applies:

- **Non-Dependent/Dependent** The plan which covers the person as an employee, Member, or subscriber (that is, other than as a Dependent) are determined before those of the plan which covers the person as a Dependent. Exception: If the person is also a Medicare beneficiary, and as a result of the rule established by Title XVIII of the Social Security Act and implementing regulations, Medicare is:
 - Secondary to the Plan covering the person as a Dependent; and
 - Primary to the Plan covering the person as other than a Dependent (e.g. a retired employee).

Then the benefits of the Plan covering the person as a Dependent are determined before those of the Plan covering that person as other than a Dependent. This provision is not applicable to persons subject to the INTEGRATION WITH MEDICARE provisions as described in page NBM 5157.

- **Dependent Child--Parents Not Separated or Divorced.** If a child is covered by both parents' Plans, the Plan of the parent whose birthday falls earlier in the Calendar Year will be determined before those of the Plan of the parent whose birthday falls later in that year. But, if both parents have the same birthday or if the other Plan does not have a birthday rule, and as a result the Plans do not agree on the order of benefits, the benefits of the Plan which covered a parent longer are determined before those of the Plan which covered the other parent for a shorter period of time.

However, if the other Plan does not have the rule described above, but instead has a rule based upon the gender of the parent, and if, as a result, the Plans do not agree on the order of benefits, the rule in the other Plan will determine the order of benefits.

- **Dependent Child--Separated or Divorced Parents.** If a child of legally separated or divorced parents is covered under two or more Plans, benefits for the child are determined in this order:
 - first, the Plan of the parent with custody of the child;
 - then, the Plan of the spouse of the parent with custody of the child; and
 - finally, the Plan of the parent not having custody of the child.

However, if the specific terms of a court decree state that one of the parents is responsible for the health care expenses of the child, and the entity obligated to pay or provide the benefits of the Plan of that parent has actual knowledge of those terms, the benefits of that Plan are determined first. This paragraph does not apply for any Claim Determination Period or Plan year during which any benefits are actually paid or provided before the entity has that actual knowledge.

- **Joint Custody.** If the specific terms of a court decree state that the parents shall share joint custody, without stating that one of the parents is responsible for the health care expenses of the child, the Plans covering the child shall follow the order of benefit determination rules for Dependent children of parents who are not separated or divorced.

- **Active/Inactive Employee.** The benefits of a Plan which covers a person as an employee who is neither laid-off nor retired are determined before those of a Plan which covers that person as a laid-off or retired employee. The same would hold true if a person is a Dependent of a person covered as a retiree and an employee. If the other Plan does not have this rule, and if, as a result, the Plans do not agree on the order of benefits, this rule will not apply.
- **Continuation of Coverage.** If a person for whom coverage is provided under a right of continuation according to Federal or state law is also covered under another Plan, the following will be the order of benefit determination:
 - first, the benefits of a Plan covering the person as a Member or subscriber (or as that person's Dependent);
 - second, the benefits under the continuation coverage.

If the other Plan does not have the rule described above, and if, as a result, the Plans do not agree on the order of benefits, this rule will not apply.

- **Longer/Shorter Length of Coverage.** If none of the above rules determine the order of benefits, the benefits of the Plan which covered the Member, or subscriber longer are determined before those of the Plan which covered that person for the shorter time.

Medicare Exception

Unless otherwise required by Federal law, benefits payable under Medicare will be determined before the benefits payable under the Group Policy. Federal law will usually apply in such instances if:

- the benefits are applicable to an active Member or to that Member's spouse; and
- the Member's employer has 20 or more employees.

For persons subject to the INTEGRATION WITH MEDICARE provision, the benefits payable under the Group Policy will be directly reduced by Medicare benefits, as described in this booklet-certificate.

Important Note for Members or Dependents eligible for Medicare Part B (or Part C)

Members or Dependents who are eligible for COBRA and who are age 65 or older, or who are disabled, should enroll in Medicare Part B (or Part C) because Medicare is the primary payer for health care expenses. In this instance, the Group Policy pays secondary whether or not the Member or Dependent is actually enrolled in Medicare Part B (or Part C). Therefore, failure to enroll in Medicare Part B (or Part C) will result in significant benefit reductions.

Medicare is the primary payer under other circumstances as well. Please consider medical enrollment options carefully.

How COB Works

Example 1: The natural father is insured as a Member under This Plan. Company A covers the natural mother. Company B covers the stepfather. The natural mother has custody of the child and the divorce decree does not establish financial responsibility for medical, dental, or other health care expenses.

The following order of benefits would apply to the child:

1. Company A would be Primary (mother's carrier).
2. Company B would be Secondary (stepfather's carrier).
3. The Company would then determine the benefits payable, if any, under This Plan.

Example 2A: Mrs. Smith has filed a claim for \$2,400 with both Company A and Company B. Company A insures Mrs. Smith as an employee and Company B insures her as a dependent spouse under a plan. Both plans provide 80% of Covered Charges after a \$200 deductible.

Both plans have a COB provision, therefore, Company A would pay first since it insures Mrs. Smith as an employee. Since Company A pays first, it calculates benefits in full as though duplicate coverage did not exist.

Company A

Billed Charges	\$ 2,400.00
Not Covered By Primary Carrier	\$ 200.00 (Personal Items)
Total Covered Charges	\$ 2,200.00
Company A's Deductible	\$ 200.00
Benefits Payable (\$2,000 X 80% = \$1,600)	\$ 1,600.00

Once Company A has determined and paid its benefits, Mrs. Smith's claim is then considered by Company B. In calculating its benefit, Company B must include any expenses that would be allowable expenses under the Company A plan.

Company B

Allowable Expenses	\$ 2,200.00
Less Company A Benefits	\$ 1,600.00
Benefits Payable	\$ 600.00

The patient is responsible for \$200 which is not considered a covered expense under either policy.

Example 2B: The same rules apply in this example as they did in Example 2A. Mrs. Smith has filed an additional claim for \$5,000 with both Company A and Company B. Company A insures Mrs. Smith as an employee and Company B insures her as a dependent spouse under a plan. Both plans provide 80% of Covered Charges after a \$200 deductible.

Both plans have a COB provision, therefore, Company A would pay first since it insures Mrs. Smith as an employee. Since Company A pays first, it calculates benefits according to their plans Covered Charges as though duplicate coverage did not exist.

Company A

Billed Charges	\$ 5,000.00
Not Covered By Primary Carrier	\$ 500.00(Private Room)
Total Covered Charges	\$ 4,500.00
Company A's Deductible	\$ 200.00
Benefits Payable ($\$4,300 \times 80\% = \$3,440$)	\$ 3,440.00

Once Company A has determined and paid its benefits, Mrs. Smith's claim is then considered by Company B. In calculating its benefit, Company B must include any expenses that would be allowable expenses under the Company A plan.

Company B

Allowable Expenses	\$ 4,500.00
Less Company A Benefits	\$ 3,440.00
Benefits Payable by Company B	\$ 1,060.00

The patient is responsible for \$500 which is not considered a covered expense under either policy.

MEDICAL EXPENSE COVERAGE

INTEGRATION WITH MEDICARE

This section will apply to Insured Persons, where permitted by Federal law:

- on the date the Insured Person becomes entitled to Medicare due to their age; and
- who are covered by Medicare Parts A, B and C (or would have been covered if complete and timely application had been made).

Comprehensive Medical benefits payable under the Group Policy for Treatment or Service received will be reduced by:

- the benefits payable for such Treatment or Service by Medicare Parts A, B and C; or
- the benefits that would have been payable for the Treatment or Service by Medicare Parts A, B and C if the Insured Person had been covered by Medicare Parts A, B and C.

MEDICAL EXPENSE INSURANCE

SUBROGATION AND REIMBURSEMENT

Applicability

Subject to applicable law, this section will apply to Insured Persons who:

- receive benefit payment under the Group Policy as a result of a sickness or injury; and
- have a lawful claim against another party, parties, or insurer (including uninsured, underinsured, and no-fault automobile insurers) for compensation, damages, or other payment because of that same sickness or injury.

Transfer of Rights

In those instances where this section applies, the rights of the Insured Person to claim or receive compensation, damages, or other payment from the other party or parties will be transferred to the Company, but only to the extent of benefit payments made under the Group Policy.

Member and Dependent Obligations

To secure the Company's rights under this section, an Insured Person must:

- Complete any applications or other instruments and provide any documents the Company might require, and cooperate with the Company and the Company's agents in order to protect Company subrogation rights.
- If payment from the other party or parties has been received, reimburse the Company for benefit payment made under the Group Policy (but not more than the amount paid by the other party or parties). Such reimbursement will not exceed the lesser of:
 - the amount paid by the other party or parties for medical expense; or
 - the excess amount which the Insured Person has received from the other party or parties after he or she has been fully compensated for his or her general damages.
- The Insured Person will not take any action that prejudices the Company's rights. If the Insured Person enters into litigation or settlement negotiations regarding the obligations of other parties, the Insured Person must not prejudice, in any way, Company subrogation rights under this section.
- The Insured Person or the legal representative agree to hold all settlement funds in trust until the subrogation an/or reimbursement right of the Group Policy have been satisfied.

The costs of legal representation retained by the Company in matters related to subrogation will be borne solely by the Company. The costs of legal representation retained by the Insured Person will be borne solely by the Insured Person.

CONTINUATION OF COVERAGE – STATE REQUIRED - TENNESSEE

State Required Continuation - Tennessee

Tennessee insurance law requires that the Insured Person's group insurance policy allow Qualified Persons (as defined below) to continue group medical expense coverage after it would normally end.

- Definitions

Qualified Person means an individual who, on the day before a Qualifying Event, is covered under the Group Policy by virtue of being the Member or the Dependent spouse or Dependent Child of a Member.

Qualifying Event means any of the following events which, except for the election to continue coverage, would result in a loss of coverage to a Qualified Person:

- (1) The Member's termination of insurance for any reason other than:
 - the Member's failure to make a required premium payment; or
 - termination of the Group Policy; or
 - removal of the Member's insurance class as an eligible class.
- (2) The Member's death; or
- (3) The Member's dissolution of marriage (divorce or legal separation from his or her spouse).

- Qualification for Continuation

A Qualified Person who would lose insurance under the Group Policy because of a Qualifying Event may elect to continue the insurance if, on the date insurance would otherwise cease:

- the Qualified Person was continuously insured under the Group Policy (or for similar benefits under any group policy which it replaced) for at least the three-month period immediately preceding the termination; and
- the Qualified Person is not eligible under Medicare; and
- the Group Policy is in force.

However, continuation is not available if the terminated coverage will be replaced by similar group coverage within 31 days after the date of termination.

- **Period of Continuation**

Insurance for a person who qualifies as described above may be continued until the earliest of:

- for a Member and his or her dependents (Qualifying Event (1)), the date insurance has been continued for any fraction of the month remaining at termination, plus three additional months; or
- for a divorced spouse or surviving Dependent(s) (Qualifying Events (2) or (3)), the date insurance has been continued for any fraction of the month remaining at termination, plus 15 additional months; or
- for a person, including a Dependent Child, who is pregnant on the date coverage terminates, the date coverage has been continued for any fraction of the month remaining at termination, plus a period of not less than six months after the pregnancy ends and not more than the end of the second three-month period following the three-month period within which the pregnancy ends; or
- the date the Qualified Person becomes eligible for similar group coverage or Medicare; or
- the end of the period for which premium is paid, if the Qualified Person fails to make timely payment of a required premium; or
- the date coverage would otherwise cease as provided in the Group Policy; or
- the date the Group Policy is terminated.

- **Notice, Election and Premium Requirements**

The Policyholder must give the Qualified Person written notice of the continuation right within 10 days after the date coverage would otherwise terminate. The Qualified Person must request continuation in Writing and pay the first premium within 31 days after the date coverage would otherwise end. The initial premium must include premium for the first full month of continuation plus the premium due (if any) for any fraction of the month (if any) remaining at termination.

CONTINUATION OF COVERAGE

COBRA CONTINUATION

Federal Required Continuation - Consolidated Omnibus Budget Reconciliation Act (COBRA)

The Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA) applies to any employer (except the federal government and religious organizations) that: (a) maintains group health coverage; and (b) normally employed 20 or more employees on a typical business day during the preceding calendar year. For this purpose, "employee" means full-time employees and full-time equivalent for part-time employees.

Where applicable, COBRA requires that group health insurance allow qualified persons (described below) to continue group health coverage after it would normally end. The term "group health coverage" includes any medical, dental, vision care, and prescription drug coverages that are part of the insurance.

A. Qualified Persons/Qualifying Events

Continuation of group health coverage must be offered to the following persons if they would otherwise lose that coverage as a result of the following qualifying events:

- (1) A Member, spouse or Dependent Child following the Member's:
 - (a) termination of employment for a reason other than gross misconduct; or
 - (b) a reduction in work hours.

Reduction in work hours includes, but is not limited to, leave of absence, layoff, absence due to sickness or injury, or, when applicable, retirement.

(Note: Taking a family or medical leave under the Federal Family & Medical Leave Act (FMLA) is not a qualifying event under COBRA. A Member has a qualifying event when the Member does not return to work after the end of FMLA leave); and

- (2) a Member's former spouse (and any Dependent Children) following a divorce or legal separation from the Member; and
- (3) a Member's surviving spouse (and any Dependent Children) following the Member's death; and
- (4) a Member's Dependent Child following loss of status as a Dependent under the terms of the Group Policy (e.g., attaining the maximum age, marriage, joining the armed forces, etc.); and
- (5) a Member's spouse (and any Dependent Children) following the Member's entitlement to Medicare; and

- (6) a Member's Dependent Child who is born to or placed for adoption with the Member who is on COBRA continuation due to termination of employment or reduction in work hours; and
- (7) if the Group Policy covers retired Members, a retired Member and his/her spouse or Dependent Child (or surviving spouse or Dependent Child) when retiree health benefits are "substantially eliminated" or terminated within one year before or after the employer files Chapter 11 (United States Code) bankruptcy proceedings.

B. Maximum Continuation Period

Following a qualifying event, health coverage can continue up to the maximum continuation period. The maximum continuation period for a Member (and spouse or Dependent Child) following a termination of employment or reduction in work hours is 18 months from the date of the qualifying event. The maximum continuation period for a Member's Dependent Child that is born to or placed for adoption with the Member while on COBRA continuation will extend to the end of the Member's maximum continuation period.

Following a termination of employment or reduction in work hours, a qualified person may request an 11-month extension of COBRA continuation. The maximum COBRA continuation will be 29 months from the date of the qualifying event (see Disabled Extension, Section D).

When a Member becomes entitled to Medicare before employment terminates or work hours are reduced, the maximum continuation period for the spouse or Dependent Child will be the longer of:

- (1) 36 months dating back to the Member's entitlement to Medicare; or
- (2) 18 months from the date of the qualifying event (termination of employment or reduction in work hours).

The maximum continuation period for qualified Dependents following a qualifying event described in A (2) through A (5) is 36 months from the date of the qualifying event.

If the Group Policy covers retired Members and the qualifying event is the employer's bankruptcy filing, the following rules apply:

- (1) If the retired Member is alive on the date of the qualifying event, the retired Member and his or her spouse and Dependent Children may continue coverage for the life of the retired Member. In addition, if the retired Member dies while covered under COBRA, the spouse or Dependent Children may continue coverage for an additional 36 months.
- (2) If the retired Member is not alive on the date of the qualifying event, his or her spouse may continue coverage to the date of his or her death.

C. Second Qualifying Events

If during an 18-month continuation period (or, 29 months for qualified persons on the disabled extension), a second qualifying event described in A(2) through A(5) occurs, the maximum continuation period may be extended for the qualified Dependents up to 36 months. That is, following a second qualifying event, qualified Dependents may continue for up to a maximum of 36 months dating from the Member's termination of employment or reduction in work hours. The extension is only available if the second qualifying event described in A(2) through A(5), absent the first qualifying event, results in a loss of coverage for the spouse or Dependent Child under the Group Policy. A Member's Dependent Child who is born to or placed for adoption with the Member who is on COBRA continuation may also be eligible for a second qualifying event that occurred prior to birth or placement for adoption.

D. Disabled Extension

Following a termination of employment or reduction in work hours, a qualified person (Member or spouse or Dependent Child) who has been determined disabled by the Social Security Administration either before or within 60 days after the qualifying event may request an extension of the continued coverage from 18 months to 29 months. A Member's Dependent Child who is born to or placed for adoption with the Member who is on COBRA continuation must be determined disabled by the Social Security Administration within 60 days after the date of birth or placement for adoption. The disabled extension also applies to each qualified person (the disabled person and any family members) who is not disabled and who is on COBRA continuation as a result of termination of employment or reduction in work hours.

The 11-month extension for all qualified persons will end on the earlier of (a) 30 days following the date the disabled person is no longer determined by Social Security to be disabled, or (b) the date continuation would normally end as outlined in Section E below.

E. Termination of Continued Coverage

Continued coverage ends on the earliest of the following:

- (1) The date the maximum continuation period ends; or
- (2) The date the qualified person enrolls in Medicare; however, this does not apply to a person who is already enrolled in Medicare on the date he or she elects COBRA or to a person who is on COBRA due to the employer's bankruptcy filing as described in A(7); or
- (3) The end of the last coverage period for which payment was made if payment is not made prior to the expiration of the grace period. (See Grace Period, Section I.); or
- (4) The date the Group Policy is terminated (and not replaced by another group health plan); or

- (5) The date the qualified person becomes covered by another group health plan; however, this does not apply to a person who is already covered by the other group health plan on the date he or she elects COBRA.

Note: Persons who, after the date of COBRA continuation election, become entitled to Medicare or become covered under another group health plan are not eligible for continued coverage. However, if the Group Policy covers retired Members, continued coverage for retired persons and their spouse or Dependent Child (or surviving spouse or Dependent Child) due to qualifying event A (7) above may not be terminated due to Medicare coverage.

F. Employer/Plan Administrator Notification Requirement

When a Member or Dependent (spouse or Dependent Child) has a qualifying event due to the Member's termination of employment or reduction in work hours, the death of the Member, the Member's entitlement to Medicare, or if the Group Policy covers retired Members, the commencement of the employer's Chapter 11 (United States Code) bankruptcy proceedings, the employer must notify the plan administrator within 30 days of the date of the qualifying event. The plan administrator must notify the qualified person of the right to COBRA continuation within 14 days after receiving notice of a qualifying event from the employer.

G. Qualified Person Notice and Election Requirements

Qualified persons must notify the plan administrator within 60 days after (a) the date of a qualifying event (i.e., divorce, legal separation, or a child ceases to be a Dependent Child under the terms of the Group Policy); (b) the date the qualified person would otherwise lose coverage as a result of a qualifying event; or (c) the date the qualified person is first informed of this notice obligation; otherwise the right to COBRA continuation ends. This 60-day notice period applies to initial and second qualifying events.

Qualified persons who request an extension of COBRA due to disability must submit a Written request to the plan administrator before the 18-month COBRA continuation period ends and within 60 days after the latest of the following dates: (a) the date of disability determination by the Social Security Administration; (b) the date of the qualifying event; (c) the date the qualified person would otherwise lose coverage as a result of a qualifying event; or (d) the date the qualified person is first informed of this notice obligation; otherwise the right to the disabled extension ends. Qualified persons must also notify the plan administrator within 30 days after the date the Social Security Administration determines the qualified person is no longer disabled.

Notification of a qualifying event to the plan administrator must be in Writing and must include the following information: (a) name and identification number of the Member and each qualified beneficiary; (b) type and date of initial or second qualifying event; (c) if the notice is for an extension due to disability, a copy of any letters from the Social Security Administration and the Notice of Determination; and (d) the name, address and daytime phone number of the qualified person (or legal representative) that the plan administrator may contact if additional information is needed to determine COBRA rights.

Within 14 days after receiving notice of a qualified event from the qualified person, the plan administrator must provide the qualified person with an election notice.

Qualified persons must make Written election within 60 days after the later of: (a) the date group health coverage would normally end; or (b) the date of the plan administrator's election notice. The election notice must be returned to the plan administrator within this 60-day period; otherwise the right to elect COBRA continuation ends.

Each qualified person has an independent right to elect COBRA. A covered Member may elect COBRA continuation on behalf of his/her covered spouse. A covered Member, parent, or legal guardian may elect COBRA continuation on behalf of his/her covered Dependent Children.

To protect COBRA rights, the plan administrator must be informed of any address changes for covered Members and Dependents. Retain copies of any notices sent to the plan administrator.

H. Monthly Cost

Persons electing continued coverage can be required to pay 102% of the cost for the applicable coverage (COBRA permits the inclusion of a 2% billing fee). Persons who qualify for the disabled extension and are not part of the family unit that includes the disabled person can be required to continue to pay 102% of the cost for the applicable coverage during the disability extension. Persons who qualify for the disabled extension and are part of the family unit that includes the disabled person can be required to pay 148% of the cost for the applicable coverage (plus a 2% billing fee) for the 19th through the 29th month of coverage (or through the 36th month if a second qualifying event occurs during the disabled extension).

I. Grace Period

Qualified persons have 45 days after the initial election to remit the first payment. The first payment must include all payments due when sent. All other payments (except for the first payment) will be timely if made within the Grace Period. **Grace Period** means the first 31-day period following a premium due date. Except for the first payment (see Section F), a Grace Period of 31 days will be allowed for payment of premium. Continued coverage will remain in effect during the Grace Period provided payment is made prior to the expiration of the Grace Period. If payment is not made prior to the expiration of the Grace Period, continued coverage will terminate at the end of the last coverage period for which payment was made.

J. Policy Changes

Continued coverage will be subject to the same benefits and rate changes as the Group Policy.

K. Newly Acquired Spouse or Dependent Child

A qualified person may elect coverage for a spouse or Dependent Child acquired during COBRA continuation. All enrollment and notification requirements that apply to the spouse or Dependent Child of active Members apply to the spouse or Dependent Child acquired by qualified persons during COBRA continuation.

Coverage for a newly acquired spouse or Dependent Child will end on the same dates as described for qualified persons in Section B above. Exception: Coverage for a newly acquired spouse or Dependent Child, other than the Member's Dependent Child who is born to or placed for adoption with the Member, will not be extended as a result of a second qualifying event.

L. Individual Purchase Rights

When a qualified person is no longer eligible for continued coverage, he/she may apply for Individual Purchase. Persons who are eligible for similar benefits which would result in over-insurance may not purchase conversion coverage. An application for Individual Purchase will be provided 180 days prior to the end of the maximum continuation period. Application for Individual Purchase, and payment of the required premium, must be made within 31 days after the continued coverage ends. Dental, Vision Care, and Prescription Drug coverages are not included with the Individual Purchase Option (however, benefits for prescription drugs are included in the Individual Purchase coverage).

M. Important Note for Members or Dependents eligible for Medicare Part B (or Part C)

Members or Dependents who are eligible for COBRA and who are age 65 or older, or who are disabled, should enroll in Medicare Part B (or Part C) because Medicare is the primary payer for health care expenses. In this instance, the Group Policy pays secondary whether or not the Member or Dependent is actually enrolled in Medicare Part B (or Part C). Therefore, failure to enroll in Medicare Part B (or Part C) will result in significant benefit reductions.

Medicare is the primary payer under other circumstances as well. Please consider medical enrollment options carefully.

FEDERAL FAMILY AND MEDICAL LEAVE ACT (FMLA)

Continuation

Federal law requires that Eligible Employees be provided a continuation period in accordance with the provisions of the Federal Family and Medical Leave Act (FMLA).

This is a general summary of the FMLA and how it affects the Group Policy. Contact the Policyholder for details on this continuation provision.

FMLA and Other Continuation Provisions

If the Policyholder is an Eligible Employer and if the continuation portion of the FMLA applies to the Employee's coverage, these FMLA continuation provisions:

- are in addition to any other continuation provisions of the Group Policy, if any; and
- will run concurrently with any other continuation provisions of the Group Policy for sickness, injury, layoff, or approved leave of absence, if any.

If coverage under the Group Policy is subject to FMLA or a state continuation law, this continuation period will run concurrent with the FMLA or state continuation period.

Eligible Employer

Eligible Employer means any employer who is engaged in commerce or in any industry or activity affecting commerce who employs 50 or more employees for each working day during each of 20 or more calendar workweeks in the current or preceding Calendar Year.

Eligible Employee (definition for use in this section of the booklet-certificate only)

Eligible Employee means an employee who has worked for the Eligible Employer:

- for at least 12 months; and
- for at least 1,250 hours (approximately 24 hours per week) during the year preceding the start of the leave; and
- at a work-site where the Eligible Employer employs at least 50 employees within a 75-mile radius.

For this purpose, "employs" has the meaning provided by the Federal Family and Medical Leave Act (FMLA).

Mandated Unpaid Leave

Eligible Employers are required to allow 12 workweeks of unpaid leave during any 12-month period to Eligible Employees for one or more of the following reasons:

- the birth of a child of an Eligible Employee and in order to care for the child;
- the placement of a child with the Eligible Employee for adoption or foster care;
- to care (physical or psychological care) for the spouse, child, or parent of the Eligible Employee, if they have a "serious health condition";
- a "serious health condition" that makes the Eligible Employee unable to perform the functions of his or her job; or
- because of a "qualifying exigency" arising out of a spouse, son, daughter or parent on active duty or having been notified of a call to active duty, as applicable to retired regular armed forces members, reserve members, National Guard members, and members in contingency operations, as defined under federal law.

Eligible Employers are required to allow up to a total of 26 workweeks of unpaid leave during any 12 month period to Eligible Employees to care for a "covered service member" with a "serious injury or illness".

Reinstatement

An Eligible Employee's terminated coverage may be reinstated in accordance with the provisions of the Federal Family and Medical Leave Act (FMLA).

Contact the Policyholder for details on this reinstatement provision.

UNIFORMED SERVICES EMPLOYMENT AND REEMPLOYMENT RIGHTS ACT OF 1994 (USERRA)

Federal law requires that if insurance would otherwise end because the Member enters into active military duty or inactive military duty for training, he or she may elect to continue insurance (including Dependents insurance) in accordance with the provisions of Uniformed Services Employment and Reemployment Rights Act of 1994 (USERRA).

Continuation

If active employment ends because the Member enters active military or inactive military duty for training, insurance may be continued until the earliest of:

- for the Member and Dependents:
 - the date the Group Policy is terminated; or
 - the end of the premium period for which premium is paid if the Member fails to make timely payment of a required premium; or
 - the date 24 months after the date the Member enters active military duty; or
 - the date after the day in which the Member fails to return to active employment or apply for reemployment with the Policyholder.
- for the Member's Dependents:
 - the date Dependent Medical Expense Insurance would otherwise cease as provided on page NBM 5125; or
 - the end of the Insurance Month desired, if requested by the Member before that date.

The continuation provision will be in addition to any other continuation provisions described in the Group Policy for sickness, injury, layoff, or approved leave of absence, if any. If the Insured Person qualifies for both state and USERRA continuation, the election of one means the rejection of the other.

Reinstatement

For Medical Expense Insurance, the reinstatement time period may be extended for an approved leave of absence taken in accordance with the provisions of the federal law regarding USERRA.

This is a general summary of the USERRA and how it affects the Group Policy. Contact the Policyholder for details on this continuation provision.

CLAIM PROCEDURES

Notice of Claim

Written notice of claim must be given to the Company within 20 calendar days after the date of loss. Failure to give notice within the time specified will not invalidate or reduce any claim if notice is given as soon as reasonably possible.

Claim Forms

Except in the case of medical care received from Preferred Providers claim, forms and other information needed to prove loss must be filed with the Company in order to obtain payment of benefits. The Policyholder will provide forms to assist the Insured Person in filing claims. If the forms are not provided within 15 calendar days after the Company receives such notice of claim, the Insured Person will be considered to have complied with the requirements of the Group Policy regarding proof of loss upon submitting, within the time specified below for filing proof of loss, Written proof covering the occurrence, character and extent of the loss.

Proof of Loss

Completed claim forms and other information needed to prove loss should be filed promptly. Written proof of loss should be sent to the Company within 15 months after the date of loss. For purposes of satisfying the claim processing requirements, receipt of claim will be considered to be met when the Company receives proof of loss. Proof of loss includes the patient's name, the Insured Person's name (if different from patient's name), provider of services, dates of service, diagnosis, description of Treatment or Service provided and extent of the loss. The Company may request additional information to substantiate the Insured Person's loss or require a Signed unaltered authorization to obtain that information from the provider. The Insured Person's failure to comply with such request could result in declination of the claim. Failure to furnish the proof within the time required will not invalidate or reduce any claim if it was not reasonably possible to give proof within the time; provided, that the proof is furnished as soon as reasonably possible and in no event, except in the absence of the Insured Person's legal capacity, later than 1 year from the time proof is otherwise required.

Payment, Denial, and Review

The Employment Retirement Income Security Act (ERISA) permits up to 30 calendar days from receipt of claim for processing the claim. If a claim cannot be processed due to incomplete information, the Company will either deny the claim or send a Written explanation requesting information prior to the expiration of the 30 calendar days. If the Company does not deny the claim and requests additional information to complete the review, the claimant is then allowed up to 45 calendar days to provide all additional information requested. The Company will render a decision within 15 calendar days of either receiving the necessary information or upon the expiration of 45 calendar days if no additional information is received.

In actual practice, benefits will be payable sooner, provided the Company receives complete and proper proof of loss. If a claim is not payable or cannot be processed, the Company will submit a detailed explanation of the basis for the denial. See page NBM 5407 GP for the Complaint and Grievance Procedures.

For purpose of this section, “claimant” means Member or Dependent.

Medical Examinations

The Company may have the person whose loss is the basis for claim examined by a Physician. The Company will pay for these examinations and will choose the Physician to perform them.

Legal Action

Legal action with respect to a claim may not be started earlier than 60 calendar days after proof of loss is filed and before the appeal procedures have been exhausted. Further, no legal action may be started later than three years after proof is required to be filed.

Time Limits

All time limits listed in this section will be adjusted as required by law.

Recoding of Procedures

When a claim contains one or more procedure codes with the same date of service, the Company may review the claim to determine whether it contains, among other things, coding irregularities (including duplicative or combined codes), coding conflicts or coding errors. The Company will base such review on generally recognized and authoritative coding resources, including but not limited to Current Procedural Terminology (CPT) or Healthcare Common Procedure Coding Systems (HCPCS).

If the Company determines, at its discretion, that the claim may be more appropriately coded using the same or different codes, the claim will be recoded and processed accordingly to determine the allowable amount and extent of benefits.

Offsetting of Overpayments

If the Company pays benefits under the Group Policy for expenses incurred by an Insured Person which are later determined to have been paid to the Insured Person or a provider in error--for whatever reason, the Company will be entitled within 15 months from the date the claim was paid to offset the amount of the overpayment from any benefits under the Group Policy which may later become due the Insured Person or the same provider in connection with treatment or services rendered to the Insured Person, in order to recoup the Company's overpayment. The Company reserves the right to collect overpayments by other means available.

For Medical Insurance

Preferred Providers

When a person becomes insured, he or she will be issued an identification card. This card should be presented to each Preferred Provider at the time an Insured Person receives needed medical care. The Company will assist the Insured Person with the Precertification.

Benefit Advice

Benefit Advice is the Company's toll-free service that can answer questions about an Insured Person's benefit program or specific coverages. The staff provides information on topics such as outpatient surgery, generic drugs, health care alternatives, health care providers and treatment costs in the Insured Person's area.

The staff does not prescribe medical treatment. That is up to the Insured Person's Physician. But they can help the Insured Person understand his or her benefits and how to use them in the most cost-effective manner.

Call the toll-free Health Info Line number (see the ID card or Policyholder for the Health Info Line number) to discuss medical benefits with the Company's Benefit Advice staff. The number is also listed on page NBM 5100 A in this booklet-certificate.

Precertification - Applies to Medical Care received from PPO Providers or Non-PPO Providers

If a Hospital Inpatient Confinement or confinement in an inpatient confinement facility is necessary, the Insured Person will need to follow the procedures below in order to qualify for payment of Hospital Inpatient Confinement Charges and charges for services provided in an inpatient confinement facility at the standard rate for his or her Group Policy. The procedures differ depending on the type of Hospital Inpatient Confinement or confinement in an inpatient confinement facility:

- For Other than Emergency Services

An Insured Person or a designated patient representative must call the Company at the toll-free number shown on the identification card as soon as a Hospital Inpatient Confinement or confinement in an inpatient confinement facility is scheduled or as soon as reasonably possible, but no later than the day of a Hospital Inpatient Confinement or confinement in an inpatient confinement facility, unless reasonably incapable of doing so.

- **For Emergency Services**

An Insured Person or a designated patient representative must call the Company at the toll-free number shown on the identification card within two business days of a Hospital Inpatient Confinement or confinement in an inpatient confinement facility, unless reasonably incapable of doing so.

- **For a Continued Stay Review**

If the Hospital Inpatient Confinement or confinement in an inpatient confinement facility will exceed the approved number of days, the Company will initiate a Continued Stay Review.

- **For Childbirth**

A Precertification is not required for mother and baby for 48 hours following a vaginal delivery or 96 hours following a cesarean section.

An Insured Person or a designated patient representative must call the Company at the toll-free number shown on the identification card before the end of the automatically approved time period if the mother or baby will remain Hospital Inpatient Confined beyond that time period.

Notification of the number of approval days will be sent to the Insured Person, his or her Physician, and the Hospital.

Facility of Payment For Medical Insurance

The Company will normally pay all benefits to the Member. However, if the claimed benefits result from a Dependent's sickness or injury, The Company may make payment to the Dependent. Assignment of benefits will be allowed, if written notice is received. Also, in the special instances listed below, payment will be as indicated. All payments so made will discharge the Company to the full extent of those payments.

- If payment amounts remain due upon the Member's death, those amounts may, at the Company's option, be paid to the Member's estate, spouse, child, parent, or provider of medical services.
- If the Company believes a person is not legally able to give a valid receipt for a benefit payment, and no guardian has been appointed, the Company may pay whoever has assumed the care and support of the person.

- Benefits payable to a PPO Provider will be paid directly to the PPO Provider on behalf of the Insured Person.
- Benefits payable to QuestSelect™, a service of Quest Diagnostics, will be paid directly to the laboratory.
- Benefits payable to Transplant Network Providers will be paid directly to the Transplant Network Provider.

Binding Arbitration

Any controversy or claim arising out of or relating to this agreement, or the breach thereof, will be determined by final and binding arbitration administered by the American Arbitration Association ("AAA") under its Commercial Arbitration Rules and Mediation Procedures ("Commercial Rules").

- **Judgment and Jurisdiction**

The award rendered by the arbitrator(s) will be final and binding on the parties and may be entered and enforced in any court having jurisdiction, and any court where a party or its assets is located.

- **Selection of Arbitrators**

There will be three arbitrators. The parties agree that one arbitrator will be appointed by each party within twenty (20) days of receipt by respondent(s) of the request for arbitration or in default thereof appointed by the AAA in accordance with its Commercial Rules, and the third presiding arbitrator will be appointed by agreement of the two party-appointed arbitrators within fourteen (14) days of the appointment of the second arbitrator or, in default of such agreement, by the AAA.

- **Consolidation, Joinder.**

If more than one arbitration is commenced under this agreement and any party contends that two or more arbitrations are substantially related and that the issues should be heard in one proceeding, the arbitrators selected in the first-filed proceeding will determine whether, in the interests of justice and efficiency, the proceedings should be consolidated before those arbitrators. The parties to this agreement are bound to each other by this arbitration clause. Each related party may be joined as an additional party to an arbitration involving other parties under this agreement.

- **Seat of arbitration, Languages.**

The seat or place of arbitration will be Tennessee. The arbitration will be conducted and the award will be rendered in the English language.

- **Interim Relief**

The parties also agree that the AAA Optional Rules for Emergency Measures of Protection will apply to the proceedings.

STATEMENT OF RIGHTS

Federal law requires that this section be included in the booklet-certificate:

As a participant in this plan the Member is entitled to certain rights and protections under the Employee Retirement Income Security Act of 1974 (ERISA).

ERISA provides that all plan participants shall be entitled to:

Receive Information About the Plan and Benefits

- Examine, without charge, at the plan administrator's office and at other specified locations, such as worksites and union halls, all documents governing the plan, including insurance contracts and collective bargaining agreements, and a copy of the latest annual report (Form 5500 Series) filed by the plan with the U.S. Department of Labor and available at the Public Disclosure Room of the Employee Benefits Security Administration.
- Obtain, upon written request to the plan administrator, copies of documents governing the operation of the plan, including insurance contracts and collective bargaining agreements, and copies of the latest annual report (Form 5500 Series) and updated summary plan description. The administrator may make a reasonable charge for the copies.
- Receive a summary of the plan's annual financial report. The plan administrator is required by law to furnish each participant with a copy of this summary annual report.

Continue Group Health Plan Coverage

Continue health care coverage for the Member, spouse or Dependents if there is a loss of coverage under the plan as a result of a qualifying event. The Member and his or her Dependents may have to pay for such coverage. Review this summary plan description and the documents governing the plan or the rules governing COBRA continuation coverage rights.

Prudent Actions by Plan Fiduciaries

In addition to creating rights for plan participants ERISA imposes duties upon the people who are responsible for the operation of the employee benefit plan. The people who operate the plan, called "fiduciaries" of the plan, have a duty to do so prudently and in the interest of Members and other plan participants and beneficiaries. No one, including the employer, union, or any other person, may fire the Member or otherwise discriminate against the Member in any way to prevent him or her from obtaining a welfare benefit or exercising rights under ERISA.

Enforce the Member's Rights

If the Member's claim for a welfare benefit is denied or ignored, in whole or in part, the Member has a right to know why this was done, to obtain copies of documents relating to the decision without charge, and to appeal any denial, all within certain time schedules.

Under ERISA, there are steps the Member can take to enforce the above rights. For instance, if the Member requests a copy of plan documents or the latest annual report from the plan and does not receive them within 30 days, he or she may file suit in a Federal court. In such a case, the court may require the plan administrator to provide the materials and pay the Member up to \$110 a day until the Member receives the materials, unless the materials were not sent because of reasons beyond the control of the administrator. If the Member has a claim for benefits which is denied or ignored, in whole or in part, the Member may file suit in a state or Federal court. In addition, if the Member disagrees with the plan's decision or lack thereof concerning the qualified status of a domestic relations order or a medical child support order, the Member may file suit in Federal court. If it should happen that plan fiduciaries misuse the plan's money, or if the Member is discriminated against for asserting his or her rights, the Member may seek assistance from the U.S. Department of Labor, or the Member may file suit in a Federal court. The court will decide who should pay court costs and legal fees. If the Member is successful the court may order the person the Member has sued to pay these costs and fees. If the Member loses, the court may order the Member to pay these costs and fees, for example, if it finds the Member's claim is frivolous.

Assistance with Member Questions

If the Member has any questions about his or her plan, the Member should contact the plan administrator. If the Member has any questions about this statement or about his or her rights under ERISA, or if the Member needs assistance in obtaining documents from the plan administrator, the Member should contact the nearest office of the Employee Benefits Security Administration, U.S. Department of Labor, listed in the telephone directory or the Division of Technical Assistance and Inquiries, Employee Benefits Security Administration, U.S. Department of Labor, 200 Constitution Avenue N.W., Washington, D.C. 20210. The Member may also obtain certain publications about his or her rights and responsibilities under ERISA by calling the publications hotline of the Employee Benefits Security Administration.

**SUPPLEMENT

DEFINITIONS

When used in the Group Policy, the terms listed below will mean:

Adverse Determination means:

- a determination by the Company that, based upon the information provided, a request for a benefit under the Group Policy does not meet requirements for medical necessity, appropriateness, health care setting, level of care or effectiveness and the requested benefit is therefore denied, reduced or terminated or payment is not made, in whole or in part, for the benefit;
- the denial, reduction, termination or failure to provide or make payment, in whole or in part, for a benefit based on a determination by the Company of the Insured Person's eligibility to participate in the Group Policy;
- any Prospective Review or Retrospective Review determination that denies, reduces, or terminates or fails to provide or make payment for, in whole or in part, a benefit;
- a failure to cover an item or service for which benefits are otherwise provided because it is determined to be an Experimental or Investigational Measure; or
- a rescission of coverage.

Ambulatory Surgery Center means a facility designed to provide surgical care which does not require Hospital Inpatient Confinement but is at a level above what is available in a Physician's office or clinic. An Ambulatory Surgery Center:

- is licensed by the proper authority of the state in which it is located, has an organized Physician staff, and has permanent facilities that are equipped and operated primarily for the purpose of performing surgical procedures; and
- provides Physician services and full-time skilled nursing services directed by a licensed registered nurse (R.N.) whenever a patient is in the facility; and
- does not provide the services or other accommodations for Hospital Inpatient Confinement; and
- is not a facility used as an office or clinic for the private practice of a Physician or other professional providers.

Average Wholesale Price (AWP) means the published cost of a drug product to the wholesaler.

Birthing Center means a freestanding facility that is licensed by the proper authority of the state in which it is located and that:

- provides prenatal care, delivery, and immediate postpartum care; and
- operates under the direction of a Physician who is a specialist in obstetrics and gynecology; and

- has a Physician or certified nurse midwife present at all births and during the immediate postpartum period; and
- provides, during labor, delivery and the immediate postpartum period, full-time skilled nursing services directed by a licensed registered nurse (R.N.) or certified nurse midwife; and
- has a Written agreement with a Hospital in the area for emergency transfer of a patient or a newborn child, with Written procedures for such transfer being displayed and staff members being aware of such procedures.

Calendar Year means January 1 through December 31 of each year.

Community Mental Health Center means a community or county mental health facility that is licensed by the proper authority of the state in which it is located, and is primarily engaged in providing outpatient Mental Health, Behavioral, Alcohol or Drug Abuse Treatment Services.

Company means Nippon Life Insurance Company of America.

Copayment; Copay means a specified dollar amount that must be paid by an Insured Person each time certain or specified services are rendered. In no event will the Copay amount exceed:

- for services provided by PPO Providers, the negotiated fee; and
- for services provided by Non-PPO Providers, the actual cost charged to the Insured Person.

Cosmetic Treatment or Service means Treatment or Service intended to change:

- the texture or appearance of the skin; or
- the relative size or position of any part of the body;

when such Treatment or Service:

- is performed primarily to prevent or relieve social, emotional or psychological distress; or
- is not needed to correct or improve a Functional Impairment of an organ or other body part.

Functional Impairment is a direct and measurable reduction of physical performance of an organ or body part.

Cosmetic Treatment or Service includes, but is not limited to, surgery and pharmacological regimens and all their related charges.

Covered Charges means a Treatment or Service that is:

- prescribed by a Physician and required for the screening, diagnosis or treatment of a medical condition;
- consistent with the diagnosis or symptoms;
- not excessive in scope, duration, intensity or quantity;
- the most appropriate level of services or supplies that can safely be provided; and
- determined by the Company to be Generally Accepted.

Custodial Care means assistance with meeting personal needs or the Activities of Daily Living.

For this purpose, “Activities of Daily Living” means activities that do not require the services of a Physician, registered nurse (R.N.), licensed practical nurse (L.P.N.), chiropractor, physical therapist, occupational therapist, speech therapist, or other health care professional including, but not limited to, bathing, dressing, getting in and out of bed, feeding, walking, elimination and taking medications.

Date of Issue means the date the Group Policy is placed in force: January 1, 2023.

Deductible; Deductible Amount means a specified dollar amount of Covered Charges that must be incurred by the Insured Person before benefits will be payable under the Group Policy for all or part of the remaining Covered Charges during the Calendar Year.

Dental Services means any Treatment or Service provided to diagnose, prevent, or correct:

- periodontal disease (disease of the surrounding and supplemental tissues of the teeth, including deformities of the bone surrounding the teeth); or
- malocclusion (abnormal positioning or relationship of the teeth); or
- ailments or defects of the teeth and supporting tissue and bone (excluding impacted teeth and appliances used to close an acquired or congenital opening. However, the term Dental Services will include treatment performed to replace or restore any natural teeth in conjunction with the use of any such appliance).

Dependent means:

- The Member’s spouse, if that spouse:
 - Resides in the United States; and
 - is not in the armed forces of any country; and
 - is legally wed to the Member.
- The Member’s Dependent Child (or Children) as defined below.

Dependent Child; Dependent Children means:

- A Member's natural, stepchild or legally adopted child, if that child is less than 26 years of age.

A newly adopted child will be considered a Dependent Child from the date of Placement with the Member for the purpose of adoption or the date of adoption, whichever is earlier. The child will continue to be a Dependent Child unless the Placement is disrupted prior to legal adoption and the child is removed from Placement.
- A Member's foster child, provided:
 - the child meets the requirements above; and
 - the child has been placed with the Member or the Member's spouse insured under this booklet-certificate by an authorized placement agency or by judgment, decree, or other order of any court of competent jurisdiction; and
 - the required documentation has been provided and the child is approved in Writing by the Company as a Dependent Child.
- The Member's minor child for which the Member or the Member's covered spouse is the court ordered guardian, if the Member or the Member's covered spouse is a resident of Tennessee and the child is in the Member's custody.

Dependent Child will include any child covered under a Qualified Medical Child Support Order (QMCSO) or National Medical Support Notice (NMSN) as defined by applicable federal law and state insurance laws that are applicable to the Group Policy, provided the child meets the Group Policy's definition of a Dependent Child.

Developmental Disability means a Dependent Child's substantial handicap which:

- results from conditions such as mental retardation, cerebral palsy, epilepsy, or other neurological disorder; and
- is diagnosed by a Physician as a permanent or long-term continuing condition.

Emergency Medical Condition means a medical condition manifesting itself by acute symptoms of sufficient severity (including severe pain) so that a prudent layperson, who possesses an average knowledge of health and medicine, could reasonably expect the absence of immediate medical attention to result in a condition that places the health of the individual (or, with respect to a pregnant woman, the health of the woman or her unborn child) in serious jeopardy, a serious impairment to bodily functions; or serious dysfunction of any bodily organ or part.

Emergency Services means with respect to an Emergency Medical Condition, a medical screening examination that is within the capability of the emergency department of a Hospital, including ancillary services routinely available to the emergency department to evaluate such Emergency Medical Condition, and such further medical examination and treatment, to the extent they are within the capabilities of the staff and facilities available at the Hospital, as are required to Stabilize the patient.

Essential Health Benefits means those services and devices defined by the Federal government as “essential health benefits” as follows: (a) ambulatory patient services, (b) emergency services, (c) hospitalization, (d) maternity and newborn care, (e) mental health and substance use disorder services, including behavioral health treatment (f) prescription drugs, (g) rehabilitative and habilitative services and devices, (h) laboratory services, (i) preventive and wellness services and chronic disease management, (j) pediatric services, including oral and vision care.

Experimental or Investigational Measures means any Treatment or Service, regardless of any claimed therapeutic value, not Generally Accepted by specialists in that particular field of medicine.

Final Adverse Determination means an adverse determination involving a covered benefit that has been upheld by the Company at completion of the required internal grievance procedures as set forth in the Tennessee Health Carrier Grievance and External Review Procedure.

Full-Time Employee means a person who is regularly scheduled to work for the Policyholder for at least 30 hours a week. The employee must be compensated by the Policyholder and either the employee or employer must be able to show taxable income on federal or state tax forms. Work must be at the Policyholder's usual place or places of business or at another place to which an employee must travel to perform his or her regular duties.

An owner, proprietor or partner of the Policyholder's business will be deemed to be an eligible employee for purposes of the Group Policy, provided he or she is regularly scheduled to work for the Policyholder for at least 30 hours a week and otherwise meets the definition of Full-Time Employee.

Generally Accepted means Treatment or Service for the particular sickness or injury which is the subject of the claim that:

- has been accepted as the standard of practice according to the prevailing opinion among experts as shown by (or in) articles published in authoritative, peer-reviewed medical and scientific literature; and
- is in general use in the relevant medical community; and
- is not under scientific testing or research.

Group Health Plan means an employee welfare benefit plan, as defined in ERISA, to the extent that the plan provides medical care to employees or their dependents (as defined under the terms of the plan) directly or through insurance, reimbursement, or otherwise.

Group Policy means the policy and booklet-certificate of group insurance issued to the Policyholder by the Company which describes benefits and provisions for the Policyholder and Insured Persons.

Health Care Extender means a health care provider who assists in the delivery of covered medical services under the direction and supervision of a Physician. Direction and supervision means the Physician co-signs any progress notes Written by the Health Care Extender; or there is a legal agreement that places overall responsibility for the Health Care Extender's services on the Physician.

Health Insurance Coverage means benefits consisting of medical care under any hospital or medical service policy or certificate, hospital or medical service plan contract, or Health Maintenance Organization (HMO) contract, offered by an insurance company, insurance service, or insurance organization (including an HMO) licensed to engage in the business of insurance and subject to state law which regulates insurance.

Health Maintenance Organization (HMO) means an entity that is:

- a federally qualified Health Maintenance Organization as defined by federal law; or
- an organization recognized under state law as a Health Maintenance Organization; or
- a similar organization regulated under state law for solvency in the same manner and to the same extent as such a Health Maintenance Organization.

Home Health Aide means a person, other than a licensed registered nurse (R.N.), who provides medical or therapeutic care under the supervision of a Home Health Care Agency.

Home Health Care Agency means a Hospital, agency, or other service that is certified by the proper authority of the state in which it is located to provide home health care.

Home Health Care Plan means a program of home care that:

- is required as the result of a sickness or injury; and
- prevents, delays or shortens a Hospital Inpatient Confinement or Skilled Nursing Facility confinement; and
- is documented in a Written plan of care; and
- is prescribed by the attending Physician.

Home Infusion Therapy Services means Treatment or Service required for the administration of intravenous drugs or solutions, which:

- is required as a result of a sickness or injury; and
- prevents, delays, or shortens a Hospital Inpatient Confinement or Skilled Nursing Facility confinement; and
- is documented in a Written plan of care; and
- is prescribed by the attending Physician.

Hospice means a facility, agency, or service that:

- is licensed by the proper authority of the state in which it is located to establish and manage Hospice Care Programs; and
- arranges, coordinates, and provides Hospice Care Services for dying individuals and their families; and
- maintains records of Hospice Care Services provided and bills for such services on a consolidated basis.

Hospice Care Program means a program that furnishes palliative or supportive care focused on comfort and not cure and that is:

- managed by a Hospice; and
- established jointly by a Hospice, a Hospice Care Team, and an attending Physician;

to meet the special physical, psychological, and spiritual needs of dying individuals and their families.

Hospice Care Team means a group that provides coordinated Hospice Care Services and normally includes:

- a Physician;
- a patient care coordinator (Physician or nurse who serves as an intermediary between the program and the attending Physician);
- a nurse;
- a mental health specialist;
- a social worker;
- a chaplain; and
- lay volunteers.

Hospital means an institution that is licensed as a Hospital by the proper authority of the state in which it is located, but not including any institution, or part thereof, that is used primarily as a clinic, Skilled Nursing Facility, convalescent home, rest home, home for the aged, nursing home, custodial care facility, or training center.

For the purpose of Mental Health, Behavioral, Alcohol or Drug Abuse Treatment Services, the definition of "Hospital" will include each of the following facilities provided it is licensed by the proper authority of the state in which it is located:

- a Psychiatric Hospital; and
- an Inpatient Alcohol or Drug Abuse Treatment Facility; and
- a residential treatment center or facility; and
- any other facility required by state law to be recognized as a treatment facility under the Group Policy.

Hospital Inpatient Confined; Hospital Inpatient Confinement means any period of Treatment or Service in a Hospital in excess of 23 consecutive hours for any cause. A Precertification as defined in page NBM 5407 CC is required for Hospital Inpatient Confinements.

Hospital Inpatient Confinement Charges means Covered Charges by a Hospital for room, board, and other usual services and by a Physician for pathology, radiology, or the administration of anesthesia provided while an Insured Person is Hospital Inpatient Confined.

Hospital Room Maximum means Covered Charges by a Hospital for room and board while confined in a private room up to:

- the Hospital's most frequent semiprivate room rate, if the Hospital has semiprivate rooms; or
- the Hospital's most frequent private room rate, if the Hospital has no semiprivate rooms.

Immediate Family means an Insured Person's spouse, natural or adoptive parent, natural or adoptive child, sibling, stepparent, stepchild, stepbrother or stepsister, father-in-law, mother-in-law, son-in-law, daughter-in-law, brother-in-law, sister-in-law, grandparent, grandchild or spouse of grandparent or grandchild.

Inpatient Alcohol or Drug Abuse Treatment Facility means an institution that is licensed by the proper authority of the state in which it is located, and is primarily engaged in providing alcohol or drug detoxification or rehabilitation treatment services; and

- is supervised on a full-time basis by a Doctor of Medicine (M.D.) or Doctor of Osteopathy (D.O.); and
- provides 24-hour a day on-site nursing care by licensed registered nurses (R.N.).

Insurance Month means calendar month.

Insured/Insured Person means a Member or Dependent who:

- applied for coverage; and
- meets the eligibility rules set forth in the Group Policy; and
- is approved for insurance by the Company; and
- for whom all applicable premiums are paid, and is therefore insured.

When Insured is used alone, it does not include the Dependent.

When Dependent is used alone, it does not include the Member.

Member means any person who Resides in the United States and who is a Full-Time Employee of the Policyholder.

Mental Health, Behavioral, Alcohol or Drug Abuse Treatment Services means Treatment or Service provided to alter a person's behavior, regardless of the cause of that behavior, including but not limited to: individual, family or group psychotherapy; psychological testing; electroconvulsive therapy; psychiatric diagnostic interviews or examinations; behavior modification; psychiatric, alcohol or drug abuse medication management; alcohol or drug abuse rehabilitation or counseling services; hypnotherapy; narcosynthesis; biofeedback, milieu or other therapies (physical, occupational or speech therapy) used to diagnose or treat mental health, behavioral, alcohol or drug abuse problems.

Non-Preferred Provider/Non-PPO Provider means a Hospital, Physician, or other provider not contracted with the preferred provider organization (PPO) network identified by the Company to the Group Policy.

Outpatient Alcohol or Drug Abuse Treatment Facility means a facility that is licensed by the proper authority of the state in which it is located, and is primarily engaged in providing outpatient alcohol or drug abuse treatment services.

Patient Protection and Affordable Care Act of 2010 means the Patient Protection and Affordable Care Act of 2010 (Public Law 111-148) as amended by the Health Care and Education Reconciliation Act of 2010 (Public Law 111-152).

Physical Handicap means a Dependent Child's substantial physical or mental impairment which:

- results from injury, accident, congenital defect, or sickness; and
- is diagnosed by a Physician as a permanent or long-term dysfunction or malformation of the body.

Physician means:

- a licensed Doctor of Medicine (M.D.) or Osteopathy (D.O.); or
- any other licensed health care practitioner that state law requires to be recognized as a Physician under the Group Policy.

Whether or not required by state law, the following licensed or certified health care practitioners will be recognized, on the same basis as a Physician, for Covered Charges of services performed within the scope of their license: audiologist, chiropractor, dentist, genetic counselor, occupational therapist, optometrist, physician's assistant, physical therapist, podiatrist, psychologist, social worker, and speech pathologist.

Physician Visit means a face-to-face meeting or an approved form of on-line consultation between a Physician or the Physician's staff and a patient for the purpose of medical Treatment or Service.

Placement for Adoption; Placement means the assumption and retention by a person of a legal obligation for total or partial support of a child in anticipation of adopting the child. The child's placement with the person terminates upon the termination of such legal obligation.

Policy Anniversary means January 1, and the same day of each following year.

Policyholder means the business, firm, union, trustee(s), or other entity to whom the Group Policy is issued (see Title Page).

Preferred Provider/PPO Provider means a Hospital, Physician, or other provider contracted with a preferred provider organization (PPO) network identified by the Company to the Group Policy.

The Policyholder's participation in a PPO network does not mean that an Insured Person's choice of provider will be restricted. The Insured Person may seek needed medical care from any Hospital, Physician, or other provider of his or her choice. However, in order to avoid higher charges and reduced benefit payment, the Insured Persons are urged to obtain such care from Preferred Providers whenever possible.

The Company has the right to terminate the preferred provider organization (PPO) portion of the Group Policy if the Company or the preferred provider organization (PPO) terminates the arrangement.

The Company also has the right to identify different preferred provider organizations from time to time, and to terminate the designation of any Preferred Provider at any time.

Preferred Provider Organization (PPO) Service Area means the geographic area within which Preferred Provider services are available to persons insured under the Group Policy.

Prevailing Charges means:

- For medical care received from Preferred Providers, the negotiated fee between the Preferred Provider and the PPO.
- For medical care received from Non-Preferred Providers, the amount that is the lesser of:
 - the fee charged under any direct or indirect arrangement the Company has with the provider; or
 - the amount, as determined by the Company, that most health care providers charge within a geographic cost area for a Treatment or Service.

For the purpose of the second bullet above, an actual charge for a Treatment or Service will be in excess of Prevailing Charges if, as determined by the Company, 70% or more of all other charges reported to the Company for the same (or a similar) Treatment or Service provided within the same (or a comparable) cost area are lower in amount than the actual charge.

A Non-Preferred Provider may bill the Insured Person for any part of a charge for Treatment or Service that exceeds Prevailing Charges (balance billing).

- For Home Infusion Therapy Services, the amount will be established by the Company, not to exceed the Average Wholesale Price.
- For medical care received from a Transplant Network Provider, the amount will be based on the negotiated fee.
- For drugs and medicines requiring a Physician's prescription and considered a covered Treatment or Service, Prevailing Charges will not exceed the Average Wholesale Price.

Preventive Health and Wellness Services means the following services:

- evidence-based items or services that have in effect a rating of “A” or “B” in the current recommendations of the United States Preventive Services Task Force; or
- immunizations that are recommended by the Advisory Committee on Immunization Practices of the Centers for Disease Control and Prevention with respect to the Insured Persons involved; or
- preventive care and screenings for infants, children, and adolescents, according to guidelines supported by the Health Resources and Services Administration; or
- in addition to the benefits or services listed in the first bullet above, additional preventative care and screening for women according to the guidelines supported by the Health Resources and Services Administration.

Prior Plan means the group medical expense coverage of the Policyholder for which the Group Policy is a replacement.

Psychiatric Hospital means an institution that is licensed as a Hospital by the proper authority of the state in which it is located, and is primarily engaged in providing diagnostic and therapeutic Mental Health, Behavioral, Alcohol or Drug Abuse Treatment Services.

For the purpose of this definition, a Psychiatric Hospital will also include any inpatient bed in a licensed general Hospital used to provide diagnostic and therapeutic Mental Health, Behavioral, Alcohol or Drug Abuse Treatment Services in the absence of a specialized or designated psychiatric or drug treatment unit.

**Notice Concerning Coverage
Under the Life and Health
Insurance Guaranty
Association Act – TN**

Insurance companies and health maintenance organizations (HMOs) licensed in this state to write life insurance, annuities, or health insurance are members of the Tennessee Life and Health Insurance Guaranty Association. The purpose of this association is to provide a safety-net of coverage, within limits, in the unlikely event that a member insurer becomes financially unable to meet its obligations. If this should happen, the Guaranty Association will assess its other member insurance companies for the money to pay the claims of insured persons who live in the state and, in some cases, to keep coverage in force. The valuable extra protection provided by these insurers through the Guaranty Association is not unlimited, however. And, as noted in the box on Page 2, this protection is not a substitute for consumers' care in selecting companies that are well-managed and financially stable.

The state law that provides for this safety net coverage is called the Tennessee Life and Health Insurance Guaranty Association Act. The following is a brief summary of this law's coverages, exclusions, and limits. **This summary does not cover all provisions of the law or describe all of the conditions and limitations relating to coverage. This summary does not in any way change anyone's rights or obligations under the act or the rights or obligations of the Guaranty Association.**

COVERAGE

Generally, individuals will be protected by the Life and Health Insurance Guaranty Association if they live in this state and hold a life or health insurance contract, an annuity, or if they are insured under a group insurance contract issued by an insurer authorized to conduct business in Tennessee. Health insurance includes disability and long term care policies. The beneficiaries, payees or assignees of insured persons are protected as well, even if they live in another state.

EXCLUSIONS FROM COVERAGE

However, persons holding such policies are not protected by this Guaranty Association if:

- (1) they are eligible for protection under the laws of another state (this may occur when the insolvent insurer was incorporated in another state whose guaranty association protects insureds who live outside that state);
- (2) the insurer was not authorized to do business in this state;
- (3) their policy was issued by a fraternal benefit society, a mandatory state pooling plan, a mutual assessment company or similar plan in which the policyholder is subject to future assessments, or by an insurance exchange.

The Guaranty Association also does not provide coverage for:

- (1) any policy or portion of a policy which is not guaranteed by insurer or for which the individual has assumed the risk, such as a variable contract sold by prospectus;
- (2) any policy of reinsurance (unless an assumption certificate was issued);
- (3) interest rate yields that exceed an average rate;
- (4) dividends;
- (5) credits given in connection with the administration of a policy by a group contractholder;
- (6) employers' plans to the extent they are self-funded (that is, not insured by an insurance company, even if an insurance company administers them);
- (7) unallocated annuity contracts (which give rights to group contractholders, not individuals).

LIMITS ON AMOUNT OF COVERAGE

The act also limits the amount the Guaranty Association is obligated to pay out: The Guaranty Association cannot pay more than what the insurance company would owe under a policy or contract. For any one insured life, the Guaranty Association guarantees payments up to a stated maximum no matter how many policies and contracts there were with the same company, even if they provided different types of coverage. These aggregate limits per life are as follows:

- \$300,000 for policies and contracts of all types, except as described in the next point
- \$500,000 for basic hospital, medical and surgical insurance and major medical insurance issued by companies that become insolvent after January 1, 2010.

Within these overall limits, the Guaranty Association cannot guarantee payment of benefit greater than the following:

- life insurance death benefits - \$300,000
- life insurance cash surrender value - \$100,000
- present value of annuity benefits for companies insolvent before July 1, 2009 - \$100,000
- present value of annuity benefits for companies insolvent after June 30, 2009 - \$250,000
- health insurance benefits for companies declared insolvent before January 1, 2010 - \$100,000
- health insurance benefits for companies declared insolvent on or after January 1, 2010:
 - - \$100,000 for limited benefits and supplemental health coverages
 - - \$300,000 for disability and long term care insurance
 - - \$500,000 for basic hospital, medical and surgical insurance or major medical insurance
- health insurance benefits for companies declared insolvent on or after January 1, 2011:
 - - \$300,000 for limited benefits and supplemental health coverages
 - - \$300,000 for disability and long term care insurance
 - - \$500,000 for basic hospital, medical and surgical insurance or major medical insurance

NOTE

The Tennessee Life and Health Insurance Guaranty Association may not provide coverage for this policy. If coverage is provided, it may be subject to substantial limitations or exclusions, and require continued residency in Tennessee. You should not rely on coverage by the Tennessee Life and Health Insurance Guaranty Association in selecting an insurance company or in selecting an insurance policy.

Coverage is NOT provided for your policy or any portion of it that is not guaranteed by the insurer or for which you have assumed the risk, such as a variable contract sold by prospectus.

Insurance companies or their agents are required by law to give or send you this notice. However, insurance companies and their agents are prohibited by law from using the existence of the Guaranty Association to induce you to purchase any kind of insurance policy.

Notice of Privacy Practices for Protected Health Information (HIPAA)

THIS NOTICE DESCRIBES HOW MEDICAL INFORMATION ABOUT YOU MAY BE USED AND DISCLOSED AND HOW YOU CAN GET ACCESS TO THIS INFORMATION. PLEASE REVIEW IT CAREFULLY.

This Notice describes how your medical information obtained in connection with your health benefit plan administration may be used and disclosed and how you can access the information. The terms of this Notice apply to current and former plan members and dependents for their group medical expense, group dental expense and/or group vision care expense insurance. This Notice was effective April 14, 2003 and has been revised most recently effective November 1, 2013.

We are required by law to maintain the privacy of our current and former members' and dependents' protected health information, to provide notice of our legal duties and privacy practices with respect to protected health information, and to notify affected individuals following a breach of unsecured protected health information. We are required to abide by the terms of this Notice as long as it remains in effect. We reserve the right to change the terms of this Notice as necessary and to make the new Notice effective for all protected health information maintained by us. Copies of any revised Notices will be mailed to plan sponsors for distribution to the members then covered by the plan. You have the right to request a paper copy of the Notice, although you may have originally requested a copy of the Notice electronically by e-mail.

USES AND DISCLOSURES OF YOUR PROTECTED HEALTH INFORMATION

Authorization

Except as explained below, we will not use or disclose your protected health information for any purpose unless you have signed an authorization form. You have the right to revoke an authorization by written request to: Privacy Officer, Nippon Life Insurance Company of America, P.O. Box 25951, Shawnee Mission, Kansas 66225-5951. A form to revoke an authorization can be obtained from the Privacy Officer and will be honored upon receipt by us.

Disclosures for Treatment

We may disclose your protected health information as necessary for your treatment. For instance, a doctor or healthcare facility involved in your care may request your protected health information in our possession to assist in your care.

Uses and Disclosures for Payment

We may use and disclose your protected health information as necessary for payment purposes. For instance, we may use it to process or pay claims, to exercise legal subrogation rights, to perform a Precertification, to determine whether services are for medically necessary care, or to perform prospective reviews. We may also forward information to another insurer in order for them to process or pay claims on your behalf.

Uses and Disclosures for Health Care Operations

We may use and disclose your protected health information as necessary for health care operations. For instance, we may use or disclose your protected health information for quality assessment and quality improvement, premium rating (when allowable by law), conducting or arranging for medical review or compliance. We may also disclose your protected health information to another insurer, health care facility or health care provider for activities such as quality assurance or case management. We participate in an organized health care arrangement with your health plan. Your health plan may have its own privacy practices that are not reflected in this Notice. We may disclose your protected health information to your health plan for its health care operations. We may contact your health care providers concerning prescription drug or treatment alternatives.

Other Health-Related Uses and Disclosures

We may contact you to provide reminders for appointments; information about treatment alternatives; or other health-related programs, products or services that may be available to you.

Information Received Pre-enrollment

We may request and receive from you and your health care providers protected health information prior to your enrollment under the group policy. When allowable by law, we may use this information to determine rates. If you do not enroll, we will not use or disclose the information we obtained about you for any other purpose. Information provided on enrollment forms or applications will be utilized for all coverages being applied for, some of which may be protected by the state privacy laws.

Genetic Information

We will not use or disclose any genetic information we obtain about you in any regard, including underwriting purposes.

Business Associate

Certain aspects and components of our insurance services are performed by outside vendors known as 'Business Associates.' Business Associates are under an independent duty to safeguard your privacy. Additionally we require them to sign a Business Associate Agreement, which is a contract to adhere to our privacy practices.

Plan Sponsor

We may disclose your protected health information to the plan sponsor, provided that the plan sponsor certifies that the information will be used and maintained in a compliant confidential manner and will not be utilized or disclosed for employment-related actions or decisions or in connection with any other benefit plan of the plan sponsor.

Family, Friends and Personal Representatives

With your approval, we may disclose to family members, close personal friends, or another person you identify, your protected health information relevant to their involvement with your health care or paying for your care. If you are unavailable, incapacitated, or involved in an emergency situation, and we determine that a limited disclosure is in your best interests, we may disclose your protected health information without your approval. We may also disclose your protected health information to public or private entities to assist in disaster relief efforts.

Other Uses and Disclosures

We are permitted or required by law to use or disclose your protected health information, without your authorization, in the following circumstances:

- For any purpose required by law;
- For public health activities (for example, reporting of disease, injury, birth, death or suspicion of child abuse or neglect);
- To a governmental authority if we believe an individual is a victim of abuse, neglect or domestic violence;
- For health oversight activities (for example, audits, inspections, licensure actions or civil, administrative or criminal proceedings or actions);
- For judicial or administrative proceedings (for example, pursuant to a court order, subpoena or discovery request);
- For law enforcement purposes (for example, reporting wounds or injuries or for identifying or locating suspects, witnesses or missing people);
- To coroners and funeral directors;
- For procurement, banking or transplantation of organ, eye or tissue donations;
- For certain research purposes;
- To avert a serious threat to health or safety under certain circumstances;
- For military activities if you are a member of the armed forces; for intelligence or national security issues; or about an inmate or an individual to a correctional institution or law enforcement official having custody; and
- For compliance with workers' compensation programs.

We will adhere to all state and federal laws or regulations that provide additional privacy protections. We will only use or disclose AIDS/HIV-related information, genetic testing information and information pertaining to your mental condition or any substance abuse problems as permitted by state and federal law or regulation.

Uses and Disclosures Requiring Authorization

We are required by law to obtain your authorization prior to using or disclosing your protected health information in the following circumstances:

- Uses and disclosures of protected health information for marketing purposes.
- Uses and disclosures that constitute the sale of protected health information.
- Most uses and disclosures of psychotherapy notes.
- Other uses and disclosures not described in this notice will be made only with the individual's written authorization. An individual may revoke an authorization, provided that the revocation is in writing and we have not taken action in reliance upon the authorization.

YOUR RIGHTS

Restrictions on Use and Disclosure of Your Protected Health Information

You have the right to request restrictions on how we use or disclose your protected health information for treatment, payment or health care operations. You also have the right to request restrictions on disclosures to family members or others who are involved in your care or the paying of your care. To request a restriction, you must send a written request to: Privacy Officer, Nippon Life Insurance Company of America, P.O. Box 25951, Shawnee Mission, Kansas 66225-5951.

A form to request a restriction can be obtained from the Privacy Officer. We are not required to agree to your request for a restriction. If your request for a restriction is granted, you will receive a written acknowledgement from us.

Receiving Confidential Communications of Your Protected Health Information

You have the right to request communications regarding your protected health information from us by alternative means (for example by fax) or at alternative locations. We will accommodate reasonable requests. To request a confidential communication, you must send a written request to: Privacy Officer, Nippon Life Insurance Company of America, P.O.
