****Opioids**

- Plans implementing morphine milligram equivalent (MME) based quantity limits on opioids are providing coverage for an initial amount of 90 MME or less per day.
- This program requires a post limit review to provide coverage for additional quantities of the prescribed opioids of 200 MME or less per day.
- Neither initial quantities nor post limit quantities will be set up for patients with cancer, a terminal condition, or pain being managed through hospice or palliative care.

Dose Optimization

A cost-savings program that identifies medications where a different dosage or quantity would be more efficient. The pharmacy works with the physician to recommend such options. Dose optimization Quantity Limit – 30 tablets.

*A compound medication is one that is made by combining, mixing or altering ingredients, in response to a prescription, to create a customized medication that is not otherwise commercially available.

Prior Authorization Process

For the medications above that indicate a prior authorization is required, please follow the process below.

1. Bring your prescription to a pharmacist.
2. If drugs require prior authorization, the pharmacist will receive a message stating that the physician must call CVS Caremark at 800-294-5979.
3. Your pharmacist should advise you as well as your physician of the Prior Authorization process and number to call.
4. This means that your physician will have to call the number **or** FAX a letter of medical necessity to CVS Caremark. Physician prior authorization number is 800-294-5979. Physician prior authorization FAX number is 888-836-0730.
5. CVS Caremark will evaluate the information received based on internally developed clinical criteria. The decision will be an approval, denial, or review for more information.

Approval

After a claim is approved, an override is applied so that the claim will process electronically at the pharmacy and a letter will be sent to you and your physician indicating the approval and the time period of the approval.

Denial

If the medication is denied, then a letter is sent to both you and your physician. The denial letter will outline directions on how to appeal the decision.

Missing Information

If more information is required, the physician's office will be contacted. Once the physician's office provides CVS Caremark with the required information then a review will be completed within 24 – 48 hours.

Additional drugs may be added to the Prior Authorization or Quantity Limit list throughout the year. Your specific benefit design may not cover certain drugs, even though they appear on this list. This document is a summary reference and may not necessarily reflect all coverage and exclusions of the plan benefit system.

Prior Authorization Process on Formulary Drugs and supplies with Clinically Effective Alternatives

Authorization Proces

1. Upon receipt of a prescription for one of the above listed drugs or supplies, the pharmacist will be provided a list of available alternatives.
2. The pharmacist will call your physician to discuss changing the prescription to an alternative.
3. If there is a medical reason that you cannot take an available alternative, your physician must call CVS Caremark at 855-240-0536.
4. CVS Caremark will evaluate the information received based on clinical criteria.

Approval

After approval is received, the claim will process electronically at the pharmacy and a letter will be sent to you and your physician indicating the approval and the time period for the approval.

Denial

If denied, a letter is sent to both you and your physician. The denial letter will outline directions on how to appeal the decision.

Specialty Pharmacy Drug List

If you are taking a medication on the list below, you can use CVS Caremark Specialty Pharmacy to get that medication. This program is designed to provide the personalized care, education and support needed for you to get the full benefit of your treatment with specialty medications. Our services include:

- Access to an on-call pharmacist 24 hours a day, seven days a week
- Coordination of care with you and your physician
- Convenient delivery directly to you or your physician's office
- Medication- and disease-specific education and counseling
- Online support through **www.CVSCaremarkSpecialtyRx.com**, including disease-specific information and interactive areas to submit questions to pharmacists and nurses

To get started, call CaremarkConnect[®] toll-free at **1-800-237-2767** from 6:30 a.m. to 8 p.m. (CT) Monday through Friday. We'll then work with your physician to transfer your prescription.
