Important Questions	Answers	Why This Matters:
What is the overall deductible?	Preferred Provider $1,500 member/$3,000 family; Non-Preferred Provider $3,000 member/$6,000 family	Generally, you must pay all of the costs from providers up to the deductible amount before this plan begins to pay. If you have other family members on the policy, the overall family deductible must be met before the plan begins to pay.
Are there services covered before you meet your deductible?	Yes. Preferred Provider services for preventive care and Non-Preferred Provider services for child immunizations are covered before you meet your deductible	This plan covers some items and services even if you haven't yet met the deductible amount. But a copayment or coinsurance may apply. For example, this plan covers certain preventive services without cost-sharing and before you meet your deductible. See a list of covered preventive services at https://www.healthcare.gov/coverage/preventive-care-benefits/.
Are there other deductibles for specific services?	No.	You don't have to meet deductibles for specific services.
What is the out-of-pocket limit for this plan?	Preferred Provider $6,650 member/$13,300 family; Non-Preferred Provider $13,300 member/$26,600 family	The out-of-pocket limit is the most you could pay in a year for covered services. If you have other family members in this plan, the overall family out-of-pocket limit must be met.
What is not included in the out-of-pocket limit?	Premiums, balance-billing charges, health care this plan doesn't cover, penalties for failure to obtain pre-authorization for services and the difference between the Generic Drug price and the Preferred or Non-	Even though you pay these expenses, they don't count toward the out–of–pocket limit.

	Preferred Brand Name Drug price when a generic equivalent drug is available.	
Will you pay less if you use a network provider?	Yes. See http://www.nipponlifebenefits.com/member-service/ or call 1-800-374-1835 for a list of preferred providers.	This plan uses a provider network. You will pay less if you use a provider in the plan's network. You will pay the most if you use an out-of-network provider and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance billing). Be aware, your network provider might use an out-of-network provider for some services (such as lab work). Check with your provider before you get services.
Do you need a referral to see a specialist?	No.	You can see the specialist you choose without a referral.
